

SAMUEL RICHARDSON

He was an 18th-century English writer and printer. He wrote Pamela: at the end he was one of the authors of the Index Librorum Prohibitorum.

Biography

- 1689 → Richardson was born on 19th August in Mackworth, Derbyshire
- 1719 → after having finished his seven years of apprenticeship under John Wilde and having become an "Overseer and Corrector of a Printing-Office", he opened his own printer shop.
- 1721 → Richardson married Martha Wilde, the daughter of his former employer, and from her he had five sons and a daughter. All his sons and also his wife died early and so he and his daughter moved into another house on Blue Ball Court when they also lived with Elizabeth Leake, the Richardson's second wife. From her Richardson had five daughters and a son. Only four daughters became adult and their son was born in 1739 and died in 1740.
- 1733 → Richardson was granted a contract with the House of Commons to print the Journals of the House, improving his business. Then, he wrote The Apprentice's Vade Mecum to create the perfect apprentice.
- 1740 → He published his first novel: "*Pamela; or, Virtue Rewarded*".
- 1748 → He published his second novel: "*Clarissa; Or the History of a Young Lady*". But the three volumes were published later so people began to imagine the end of the story and they asked for a happy ending. Obviously the writer refused this request and also Fielding, who was the strongest antagonist of Richardson, was agreed with him because a happy ending would not do the novel justice.
- 1753 → He printed his new novel: "*The History of Sir Charles Grandison*". But he discovered that Irish printers were trying to pirate the work, so he relied on multiple London printing firms to help him produce an authentic edition before the pirated version was sold.
- 1761 → Richardson died and he was buried near his first wife Martha at St. Bride's church. He wanted to leave his works to his family but with the death of his sons and a nephew he had to leave the printer to his second nephew, even if he doubted the younger man's abilities. In fact after the death of Richardson his printer stopped working.
