

SUPPORT THESE CANDIDATES

County of San Diego

Nathan Fletcher
 Supervisor, District 4
 Nathan has collaborated with the Chamber on policy issues that affect businesses in our region. He is committed to leveraging stakeholders and ensuring the business community has a seat at the table.

Jim Desmond
 Supervisor, District 5
 With a history of advocating for small businesses and growing our local economy, Jim has demonstrated his commitment to good governance.

Jordan Marks
 Assessor / Recorder / Clerk
 Jordan has been a great public servant with an excellent track record as a community leader. His experience and background make him the best candidate for this position.

Kelly Martinez
 Sheriff
 Kelly was the first female Undersheriff in the history of the County. She has wide support across the aisle, including from law enforcement, and has the most experience for the position.

City of Chula Vista

Carolina Chavez
 Councilmember, District 1
 Carolina is a former Chamber board member and helped advance our cross-border priorities on our delegation trips. She has an understanding of local government and its impact to the regional economy, having worked for both the cities of Tijuana and San Diego.

City of Imperial Beach

Paloma Aguirre
 Mayor
 Paloma has a positive history working with the Chamber on cross-border priorities addressing pollution in Tijuana River Valley and improving goods movement. She also has a regional focus as a representative to the California Coastal Commission and SANDAG.

City of Poway

Brian Pepin
 Councilmember, District 1
 Brian is a small business owner, volunteer, and dedicated member of the Poway community. A lifelong San Diegan, Brian has worked to support a strong economy for local families and businesses as the Chairman of the Poway Chamber of Commerce.

City of San Diego

Dr. Jen Campbell
 Supervisor, District 2
 Raised in a working-class family, Jen learned at a young age the value of citizen involvement in our democracy and how government affects people's daily lives. She has been a supporter of Chamber initiatives and we hope to continue to work with her.

Monica Montgomery Steppe
 Councilmember, District 4
 Monica strongly advocates for equitable practices in government, including better economic opportunities for people of color and better relationships between community members and police officers.

Kent Lee
 Councilmember, District 6
 As the Executive Director of a non-profit, Kent has firsthand knowledge of how to run an organization and balance a budget. He is committed to improving his community to make San Diego a world-class region where residents can thrive.

Vivian Moreno
 Councilmember, District 8
 Vivian has a history of listening to and working with the business community. She has been a strong ally on increasing housing supply in the region.

MEASURES

City of San Diego

SUPPORT Measure B - People's Ordinance
 This measure presents voters with the chance to reconsider how the City pays for its trash pick-up, and so the city can move forward, without putting additional strain on City budgets as it provides this service to some San Diegans for free.

SUPPORT Measure C - Midway Height Limit
 To ensure the redevelopment of the Midway area in our City reaches its full potential and provides the housing our workforce needs, it's necessary to raise the height limit in this specific, geographically limited, area that is not coastal and won't interfere with views.

SUPPORT Measure H - Access to Childcare
 Childcare presents a significant hindrance for working families because the City is deficient in childcare supply. This will allow childcare to be offered at existing City facilities and can expand capacity quickly without unnecessary extra costs.

SUPPORT Prop 26 - Sports Betting at Tribal Casinos
 Creates a system where in-person sports betting is allowed at tribal casinos and tribal casinos are creating a gambling free for all. Prop 26 would generate significant funds for the state which would be dedicated primarily to schools and then be placed in the general fund, all while supporting the economic driver of our local tribal casinos and their workforce.

OPPOSE Prop 27 - Online Sports Betting
 Proposition 27 would allow for broad legalization of online sports betting, and undercuts existing agreements the state has made with tribes that has allowed them sovereign rights to operate gaming locations.

San Diego Democratic Party Voting Guide:

Mobilizing an Asian American Community Linda Trinh Võ, 2004 Focusing on San Diego in the post Civil Rights era Linda Trinh V examines the ways Asian Americans drew together despite many differences within the group to construct a community that supports a variety of social economic political and cultural organizations Using historical materials ethnographic fieldwork and interviews Linda Trinh V traces the political strategies that enable Asian Americans to bridge ethnicity generation gender language and class differences among others She demonstrates that mobilization is not a smooth linear process and shows how the struggle over ideologies political strategies and resources affects the development of community organizations V also analyzes how Asian Americans construct their relationship with Asia and how they forge relationships with other racialized communities of color V argues that the situation in San Diego illuminates other localities across the country where Asians face challenges trying to organize find sufficient resources create leaders and define strategies

Local Politics and Mayoral Elections in 21st Century America Sean D. Foreman, Marcia L. Godwin, 2014-11-20 Some of the most populated and storied American cities had mayoral elections in 2013 Open contests in New York City Los Angeles and Boston for example offer laboratories to examine electoral trends in urban politics Cities are facing varied predicaments Boston was rocked by the bombing of the marathon on April 15 Detroit is roiled by being the largest U S city to declare bankruptcy and Chicago which had an open competitive election in 2011 is dealing with significant gun violence San Diego s mayor resigned in August 2013 due to sexual harassment charges and other mayors are surrounded by corruption scandals Houston and St Louis had non competitive elections recently but their mayors are notable for their tenure in office and emphasis will be on public policy outcomes in those cases Leaders in most cities face dramatic changes and challenges due to economic and social realities The Keys to City Hall offers a complete and succinct review and analysis of the top mayoral campaigns in major American cities in recent years as well as the politics and public policy management of those urban areas Emerging theories of urban governance demographic changes and economic conditions are examined in introductory chapters the introduction will provide a unique and comprehensive focus on major trends in advertisement changes in campaign strategies fundraising and the use of social media at the local level In Part Two scholars with expertise in local politics urban public policy and the governance explore some of the largest and most noteworthy U S cities each of which has a recent competitive mayoral election They will also provide updated data on mayoral powers and problems faced by local executives Written as lively narratives in a highly readable style this book advances theory on urban politics by reviewing developments in the field and aligning theoretical approaches with realities on the ground based on the most recent elections and governance structures As such it will be a much needed resource to scholars interested in local politics and the public policy debates of specific major urban and metropolitan areas

Critical Readings on the Liberal Democratic Party in Japan Robert Pekkanen, 2018-10-02 This work collects decades of the best published scholarship in English on the

unequivocally most successful political party in Japanese history the Liberal Democratic Party the LDP Governing Japan for almost the entirety of the post war period the LDP also has a claim to be the most successful political party in any post war democracy Seminal articles in this collection explore the key aspects of the LDP the party s evolution since its founding in 1955 key facets of the LDP s internal organization including factions and koenkai the LDP in policy making including its relationship with the bureaucracy and interest groups as well as its policy making committee apparatus and party leadership including the premierships of Junichiro Koizumi and Shinzo Abe

Gendered Politics Linda Van Ingen,2017-02-07 This book explores women s campaign strategies when they ran for state and national office in California from their first opportunity after state suffrage in 1911 to the advent of modern feminism in 1970 Although only 18 won nearly 500 women ran on the primary ballots changing the political landscape for both men and women while struggling against a collective forgetfulness about their work Mostly white and middle class until the 1960s the women discussed in this book are notable for their campaign innovations which became increasingly complex even if not consciously connected to a usable past They re gendered politics as political firsts pursued high hopes for organizational support from their women s clubs accommodated to opportunities created through incumbency and issue politics and explored both separatist and integrationists politics with their parties In bringing these campaigns to light this study explores the history of California women legislators and the ways in which women on the ballots sought to transcend gendered barriers supporting women s equality while also recognizing the political value of connections to men in power Organized in a loose chronology with the state s governors this study shows the persistent nature of women s candidacies despite a recurring historical amnesia that complicated their progress Remembering this history deepens our understanding of women running for office today and solidifies their credibility in a long history of women politicians

Paths to Empowerment Linda Trinh Võ,1995

Democracy from the Grass Roots Joseph I. Abrahams,2007-04-02 In an historic turn grassroots America has overcome its apathy and cyclic reversion to the ways of the past last induced by Islamic fundamentalism Newly cognizant of its inherent interests grassroots America has responded to the vision of Barak Obama and Hillary Clinton and flocked to the polls The emotions of politics take front and center In *Democracy From The Grassroots A Guide to Creative Politics* we examine in depth the political passion of the grassroots and these emergent leaders Beginning with an inspiring historical overview of grassroots politics in America the author then guides us through its organizational structures the political clubs committees councils caucuses and workshops wherein real people work to create real change A chapter devoted to the analysis of issues the systems which determine their resolution and their role in the political campaign serves to enlighten and motivate the ideal lead in to an exhaustive section on training A concise summary integrates the hypotheses set forth about the role of grassroots politics in American social development And in a unique and compelling twist that model is then compared to the individual s development as a person Written by psychoanalyst political activist and scholar Dr

Joseph Abrahams *Democracy From the Grassroots A Guide to Creative Political Action* presents the pioneering work of three decades in the grassroots trenches At once a vibrant history lesson and a call to action this slender volume is as lush in practical howto as it is in thoughtful reflection and insight The appendix is remarkable for its richly annotated bibliography and a revealing chronicle of the events and issues of American grassroots movements **Official Reports of the Supreme Court** United States. Supreme Court,1989 Guide to U.S. Elections Deborah Kalb,2015-12-24 The CQ Press *Guide to U S Elections* is a comprehensive two volume reference providing information on the U S electoral process in depth analysis on specific political eras and issues and everything in between Thoroughly revised and infused with new data analysis and discussion of issues relating to elections through 2014 the Guide will include chapters on Analysis of the campaigns for presidency from the primaries through the general election Data on the candidates winners losers and election returns Details on congressional and gubernatorial contests supplemented with vast historical data Key Features include Tables boxes and figures interspersed throughout each chapter Data on campaigns election methods and results Complete lists of House and Senate leaders Links to election related websites A guide to party abbreviations **The Disappearing God Gap?** Corwin Smidt, Kevin den Dulk, Bryan Froehle, James Penning, Stephen Monsma, Douglas Koopman, 2010-02-08 After the reelection of George W Bush in 2004 the God Gap became a hotly debated political issue Religious voters were seen as the key to Bush s victory and Democrats began scrambling to reach out to them Four years later however with the economy in a tailspin on election day religion barely seemed to register on people s radar screens In this book a team of well regarded scholars digs deeper to examine the role religion played in the 2008 campaign They take a long view placing the election in historical context and looking at the campaign as a whole from the primaries through all the way through election day At the heart of their analysis is data gleaned from a national survey conducted by the authors in which voters were interviewed in the spring of 2008 and then re interviewed after the election California Political Week ,2001 **California's Recall Election of Gavin Newsom** Larry N. Gerston, Mary Currin-Percival, Garrick L. Percival, 2022-08-02 California went through a political earthquake of sorts when the state recalled Governor Gray Davis in 2003 In 2021 the state faced another political turning point with the threatened recall of Governor Gavin Newsom Less than two years after Newsom s overwhelming election victory more than two million Californians signed on to the recall effort hoping to expel him from office in a special election How could such a monumental turnabout be possible Normally the political headwinds would be much too strong for a movement to oust a governor who had decisively vanquished his opponent But with the COVID 19 pandemic dominating every aspect of society including politics these weren t normal times Organizing a recall election is a demanding enterprise it takes abundant political energy tremendous amounts of anger with the status quo and mounds of money Yet for the second time in less than two decades such wheels were set in motion What is it that makes California so dynamic yet so fragile This book explains that paradox and in the process enlightens readers about the recall process the challenges of federalism and

the pitfalls of direct democracy It examines the underlying conditions that expose a state with poorly linked institutions a bitterly divided society and a governor who had to act under nearly impossible conditions demonstrating his strengths and vulnerabilities along the way It s a story that could happen only in California a state with a history of only stories Designed to be useful in a variety of college courses this book is the first to unveil the Newsom backstory and will appeal to pundits and politicians as well as interested general readers The Rules and Politics of American Primaries Andrew E. Busch,2019-11-08 Provides an invaluable resource for scholars students and political observers who want a comprehensive picture of the past and present of the U S presidential nominating system across every state In 2020 the parties will again nominate their candidates for president Those nominations will play out in a complicated system of federal law state law national party rules state party rules and informal norms that have developed over decades This resource provides a roadmap for understanding the rules of the game and the ways in which they impact elections and politics across the United States This reference work is organized in two parts Part I consists of a series of short thematic essays discussing topics such as what primaries and caucuses are what the difference between open and closed primaries is varying methods used by the parties for delegate selection and how campaign finance works in the primaries Part II consists of a state by state description of recent primary caucus history and the methods currently used for delegate selection by Democrats and Republicans in each state

Congressional Record Index ,1959 Includes history of bills and resolutions California David G. Lawrence,2005-07 Written from the perspective of someone who teaches the course and who has worked in local government this text is a comprehensive thematically organized treatment of California politics Lawrence brings the subject to life for students using the two themes diversity and hyperpluralism that make this state s political climate so interesting In particular the author examines the growing proliferation of pressures and groups that compete for attention and make governing the state increasingly challenging And to illustrate the connection between California politics and American politics the author discusses aspects of American politics such as the democratic elite and pluralist theories and how these broader concepts add new clarity and depth to any understanding of California politics Record ,1997 **Congressional Record** United States. Congress,1959 **Women and Politics** Barbara Burrell,2017-10-02 This textbook for courses on women and politics thematically integrates two profound historical developments focusing on women s political participation in contemporary public life in the United States The second wave of women s rights activism has now spanned a half century producing a revolution in women s presence and influence in the public realm of American life Over the course of this same era however a second phenomenon of rising economic inequality has also dramatically changed the American landscape Burrell s text uniquely examines the effect of the age of inequality on women s advancement toward economic and political equality and in turn how policy initiatives of the women s movement have addressed inequality issues Students will come to better understand what s at stake in the politics and policy issues from the women s rights movement to the war on women

debate Explaining a diverse set of issues and viewpoints Burrell brings a fresh approach to the engagement of women in the public realm over the past half century Framing this activism in the great economic divide of the same time period provides a thought provoking challenging and broad thematic approach to this history The text chronicles the many diverse types of actions women have taken in the contemporary era to achieve gender equity empowerment and a greater public voice Women both liberal feminist and conservative have run for and been elected to positions of leadership at all levels of government Women have formed organizations to lobby for equity in employment and education in the military and to promote reproductive rights They have engaged in unconventional political activities marching against and protesting the actions and policies of economic corporations and governmental institutions Women with few economic resources have joined together to challenge local power structures In addition to efforts to improve the lives and status of women in the United States nongovernmental organizations NGOs have formed to promote global women s rights Readers of this text will gain a great appreciation of the multiple political voices of American women and the challenges to continued unequal voices

Nonprofits in Policy Advocacy Sheldon Gen,Amy Conley Wright,2020-08-01 Policy advocacy is an increasingly important function of many nonprofit organizations as they seek broad social changes in their concerning issues Their advocacy practices however have often been guided by their own past experiences anecdotes from peer networks and consultant advice Most of their practices have largely escaped empirical and theoretical grounding that could better root their work in established theories of policy change The first book of its kind Nonprofits in Policy Advocacy bridges this gap by connecting real practices of on the ground policy advocates with the burgeoning academic literature in policy studies In the process it empirically identifies six distinct policy advocacy strategies and their accompanying tactics used by nonprofits Case studies tell the stories of how advocates apply these strategies in a wide variety of issues including civil rights criminal justice education energy environment public health public infrastructure and youth This book will appeal to both practitioners and academicians as each gains insights into the other s views of policy change and the actions that produce it
