

NURSING AS A CAREER

BACKGROUND

The Nursing profession is regarded as the backbone of healthcare, as Nurses are at the forefront of healthcare delivery.

Nursing entails preventive, promotive, curative and rehabilitative health throughout a lifespan – from birth to death.

A Nurse deals with many conditions and cases, including trauma, maternity, paediatrics, gynaecology, surgical and medical conditions, among many others.

Nursing is a science and an art, involving both theory and practical work in the different practical settings, for example clinics, community health centres, hospitals of different types and sizes, hospices, et cetera.

Being a Nurse requires certain qualities and skills, such as:

- ▶ Communication Skills
- ▶ Empathy
- ▶ Honesty
- ▶ Interpersonal Skills
- ▶ Patience
- ▶ Sympathy and Compassion

REGULATION OF NURSING PROFESSION

In South Africa, Nursing is regulated by the South African Nursing Council (or SANNC), a statutory body established by an act of Parliament. The SANNC regulates the Nursing profession by establishing and maintaining standards for Nursing education and training as well as for practice. It also advocates on behalf of the public in matters concerning Nursing. **Therefore, one cannot practice Nursing in South Africa if not registered with the SANNC.**

NURSING EDUCATION INSTITUTIONS

In order to study Nursing, one must apply and be admitted at a Nursing Education Institution (either public or private).

It is very important, though, to ensure that the Nursing Education Institution has been accredited by the South African Nursing Council and that the programme is accredited by both the South African Nursing Council and the Council on Higher Education and have a SACA ID.

Applications for training must be sent directly to the Nursing Education Institutions, which are published on the SANNC website at www.sannc.co.za.

The relevant Nursing Education Institution will register you as a student Nurse with the SANNC. This is very important as education and training that is undertaken without SANNC registration is not recognized. The SANNC issues you with a registration certificate as proof that you are registered with the SANNC as a student Nurse. This certificate is also sent to the Nursing Education Institution - **be sure to ask for proof of this registration**

SCHOOL SUBJECTS TO ENHANCE YOUR OPPORTUNITY

The following school subjects can enhance your opportunity to be selected by the Nursing Education Institution for the Nursing programmes:

- ▶ English
- ▶ Mathematical Literacy or Mathematics
- ▶ Life Sciences and/or Biology
- ▶ Computer skills

Please note that the South African Nursing Council does not prescribe school subjects and the number of points required for entry into the various Nursing programmes. This function rests with the Nursing Education Institutions.

After undergoing an undergraduate programme, there is ample opportunity to undertake further studies as per the specified entry requirements. This includes Postgraduate Diplomas in specialized areas (such as Childcare Nursing, Critical Care Nursing, etc.), or advanced degrees at Honours, Master's and Doctorate level.

EMPLOYMENT

Once qualified, you may apply for employment at either public health establishments such as Hospitals or clinics with the Department of Health, or join one of the private hospitals or clinics, Municipalities, medical laboratories and the SAMHS also offer Nursing services.

THE WORKING ENVIRONMENT OF A NURSE

You will also work closely with other health professionals such as Doctors, Physiotherapists, Occupational Therapists and Dietitians, to mention a few. The value of a true Nurse lies in the ability to show respect for human life and dignity, social justice and integrity, and total commitment to patients and other healthcare users. If you are that person, the Nursing profession is waiting for you.
