Army of Evil Adrian Weale, 2013-09-03 In Nazi Germany they were called the Schutzstaffeln The world would know them as the dreaded SS the most loyal and ruthless enforcers of the Third Reich It began as a small squad of political thugs Yet by the end of 1935 the SS had taken control of all police and internal security duties in Germany ranging from local village gendarmes all the way up to the secret political police and the Gestapo Eventually its ranks would grow to rival even Germany's regular armed forces the Wehrmacht Going beyond the myths and characterizations Army of Evil reveals the reality of the SS as a cadre of unwavering political fanatics and power seeking opportunists who slavishly followed an ideology that disdained traditional morality an ideology that they were prepared to implement to the utmost murderous extreme which ultimately resulted in the Holocaust This is a definitive historical narrative of the birth legacy and demise of one of the most feared political and military organizations ever known and of those twisted cruel men who were responsible for one of the most appalling crimes against humanity in history INCLUDES RARE PHOTOGRAPHS

conflict and change from the Second Boer War to the anti apartheid movement and the many battles in between Twentieth
century South Africa saw continuous often rapid and fundamental socioeconomic and political change The century started
with a brief but total war Less than ten years later Britain brought the conquered Boer republics and the Cape and Natal
colonies together into the Union of South Africa The Union Defence Force later the SADF was deployed during most of the
major wars of the century as well as a number of internal and regional struggles the two world wars Korea uprising and
rebellion on the part of Afrikaner and black nationalists and industrial unrest The century ended as it started with another
war This was a flash point of the Cold War which embraced more than just the subcontinent and lasted a long thirty years
The outcome included the final withdrawal of foreign troops from southern Africa the withdrawal of South African forces
from Angola and Namibia and the transfer of political power away from a white elite to a broad based democracy This book is
the first study of the South African armed forces as an institution and of the complex roles that these forces played in the
wars rebellions uprisings and protests of the period It deals in the first instance with the evolution of South African defense
policy the development of the armed forces and the people who served in and commanded them It also places the narrative
within the broader national past to produce a fascinating study of a century in which South Africa was uniquely embroiled in
