**Numerical Methods and Implementation in Geotechnical Engineering - Part 1** Y.M. Cheng,J. H. Wang,L. Liang,W. H. Fung Ivan,2020-04-01 Numerical Methods and Implementation in Geotechnical Engineering explains several numerical methods that are used in geotechnical engineering The first part of this reference set includes methods such as the finite element method distinct element method discontinuous deformation analysis numerical manifold method smoothed particle hydrodynamics method material point method plasticity method limit equilibrium and limit analysis plasticity slope stability and foundation engineering optimization analysis and reliability analysis The authors have also presented different computer programs associated with the materials in this book which will be useful to students learning how to apply the models explained in the text into practical situations when designing structures in locations with specific soil and rock settings This reference book set is a suitable textbook primer for civil engineering students as it provides a basic introduction to different numerical methods classical and modern in comprehensive readable volumes

*Daily Graphic* Ransford Tetteh,2014-09-10 **Numerical Methods and Implementation in Geotechnical Engineering - Part 2** Y.M. Cheng,J. H. Wang,L. Liang,W. H. Fung Ivan,2020-04-20

Numerical Methods and Implementation in Geotechnical Engineering explains several numerical methods that are used in geotechnical engineering The second part of this reference set includes more information on the distinct element method geotechnical optimization analysis and reliability analysis Information about relevant additional numerical methods is also provided in each chapter with problems where applicable The authors have also presented different computer programs associated with the materials in this book set which will be useful to students learning how to apply the models explained in the text into practical situations when designing structures in locations with specific soil and rock settings This reference book set is a suitable textbook primer for civil engineering students as it provides a basic introduction to different numerical methods classical and modern in comprehensive readable volumes

*Researching the Military* Helena Carreiras, Celso Castro, Sabina Frederic, 2016-03-02 *Researching the Military* focuses on the experiences of researchers who study the military around the world It explores the historical social institutional and personal factors that frame research and scrutinize the way knowledge in this area impacts society and policy More than merely analyzing research experiences yet necessarily including them it is also about the experiences of researchers their position with regard to the object of their studies the institutional context where they work and the way their research impacts the academic and policy making fields in the respective countries The common theme to the various chapters is reflexivity a conscious effort at addressing the conditions of research and the position of the researcher and the research participants in that interface By collecting diverse experiences of researchers from across the world this volume aims to enhance reflexivity in the field of military studies and to encourage the exchange of knowledge between the academic field and the military arena This book will be of much interest to students of military studies research methods sociology social anthropology and security studies in general

*Cyclopedia of Law and Procedure*, 1910 *Brazilian Sand Flies* Elizabeth F. Rangel, Jeffrey J. Shaw, 2018-06-28 This is the first English language book dedicated to Brazilian sand flies and their medical importance No other country has so many species of these haematophagous insects as Brazil and their diversity has reached an astonishing level The book contains comprehensive chapters written by Brazilian experts on their regional distribution their ecology and their importance as vectors of pathogens and parasites Methods for sampling processing and preserving phlebotomines are reviewed as are perspectives on surveillance and leishmaniasis vector control A novel classification is presented whose aim is to help investigators identify the species that they are working with more efficiently

and to explore its most significant conceptual operational and enforcement challenges **Peacekeeping in Africa** Marco Jowell, 2018-02-21 In recent decades African states have developed an impressive infrastructure for training their peacekeepers In addition peacekeeping peacebuilding and associated areas of conflict resolution have become significant areas of employment Marco Jowell has spent a decade working in peacekeeping training in East Africa initially as one of the foreign Technical Advisers at the Peace Support Operations PSO training centre in Kenya the International Peace Support Training Centre IPSTC and subsequently as a strategic adviser to the Rwanda Peace Academy Using first hand experience he considers how military forces from a variety of African states with great differences in history language and political systems and with militaries with different cultures and capabilities can conduct complicated multinational peacekeeping operations He shows how regional peacekeeping training centres provide an environment for African elites predominately military to interact with each other through shared training and experiences This process of interaction or socialisation improves skills but also encourages cohesion so that future African led missions will be managed by well trained officers who are comfortable and willing to work within a regional or Pan African framework Jowell shows that part of the aim of peacekeeping training centres is to foster a Pan African outward looking ideology or disposition as well as improving technical ability This book will be essential reading for all involved with African military and security studies and analysts of peacekeeping training and operations **The Last Authority** Oboshi Agyeno, 2023-11-25 The liberation struggle in South Africa ended apartheid and the last stronghold of colonialism in Africa This struggle attracted the support of many African countries that contributed and helped the oppressed people of South Africa towards free elections Nigeria is among the countries in Africa that contributed some of the most significant assistance to the anti apartheid movement As democracy and majority government replaced apartheid in South Africa many young South Africans the so called born free are not aware of the contributions of Nigeria in the history of the liberation struggle The book blames this ignorance on a deliberate policy of silence by the government and media in South Africa **The Economics of Defense Industry** Thomas-Durell Young, 2023-10-17 This book on the economics of defence industry assesses a series of historical and contemporary case studies that consistently demonstrate the need for governments to recognise and thereafter factor the financial needs of a narrow industrial sector that is capital intensive technologically advanced and that requires a highly skilled labour force Since the end of the cold war Western governments have systematically reduced financial support to their domestic defence industry and have seemingly ignored planning and funding industrial mobilisation In all cases government policy has been to encourage industries to consolidate capacity to become financially viable in a sector that has seen diminished demand The 2022 Russian invasion of Ukraine has caused Western governments to reassess their previous assumptions Efforts to increase industrial capacity have been met with the iron laws of economics whereby businesses need to show return on investments The chapters in this volume posit that efforts to rationalise industrial capacity and innovation to meet short term

financial efficiencies inevitably results in limited expensive and long delays in increased production in times of international crisis This book serves as an essential guide for academics researchers and students interested in defence economics industrial economics international relations and industrial policy The chapters in this book were originally published in various issues of Defense Security Analysis      Borders, Sociocultural Encounters and Contestations Christopher Changwe Nshimbi, Inocent Moyo, Jussi P. Laine, 2020-11-19 This book examines the enduring significance of borders in Southern Africa covering encounters between people ideas and matter and the new spatialities and transformations they generate in their historical social economic and cultural contexts Situated within debates on borders borderlands sub and regional integration this volume examines local grassroots and non state actors and their cross border economic and sociocultural encounters and contestations Particular attention is also paid on the role they play in the Southern African Development Community SADC region and its integration project in its multiplicity The interdisciplinary chapters address the diverse human activities relating to cross border economic and sociocultural encounters and contestations that are manifested through multiform and scalar interactions between or among grassroots actors involving engagements between grassroots actors and the state or its agencies and or to the broader arrangements that bear consequences of the first two upon regional integration By bringing these different at times contrasting forms of interaction under a holistic analysis this volume devises novel ways to understand the persistence and role of borders and their relation to new transnational and transcultural integrative phenomena at various levels extending from the nation state and the political to the cultural and social at the everyday level of border practices Scholars and students of African studies geography economics politics sociology and border studies will find this book useful      *Understanding Violence Against Women in Africa* Francis Onditi, Josephine Odera, 2021-08-22 This textbook provides students across Social Sciences Humanities Politics and International Studies with an in depth understanding of the issues policies and strategies for addressing the symptoms and root causes of violence against women VAW in sub Saharan Africa This text uses the United Nations Security Council s Resolution 1325 UNSCR 1325 on Women Peace and Security in Eastern and Southern Africa as a framework to present the causes and impacts of VAW and to trace the journey of sub Saharan African countries toward gender equality It also provides an overview of the policy and legislative frameworks that underpin the progress challenges and achievements of addressing VAW based on four key pillars prevention protection participation and relief and recovery Chapters provide a wealth of knowledge as the book draws on academic literature national regional and international legislations and data collected from field research and makes use of end of chapter discussion questions and quick study guides Students will come away equipped with the tools resources and knowledge necessary to address and fix VAW in sub Saharan Africa and beyond      **Fundamentals of Soil Behavior** James K. Mitchell, Kenichi Soga, Catherine O'Sullivan, 2025-06-23 Authoritative and generously illustrated resource covering the many properties of soil and its behavior needed for addressing geotechnical and geoenvironmental engineering projects and

problems The Fourth Edition of Fundamentals of Soil Behavior has been thoroughly updated to provide the latest information on the physical properties of soil and the fundamentals of its behavior with hundreds of tables and graphs illustrating correlations among composition classification state and static and dynamic properties Overall each topic is addressed in a micro to macro sequence considering behaviors at the atomic and or particle scales to develop understanding of soil properties and behaviors at the macro scale which is relevant to engineering practice This Fourth Edition includes two new chapters on special features of soil behavior and temperature dependent soil behavior Other chapters have been substantially updated to include the latest developments in imaging technology and analysis numerical simulations that have advanced research on the complexities of soil behavior and recent experimental data The content has been reviewed consolidated and reorganized to more effectively communicate key information The text features end of chapter questions and problems to aid in seamless reader comprehension and information retention Updated by true thought leaders in the field the Fourth Edition of Fundamentals of Soil Behavior includes detailed information on Soil formation covering the earth s crust the geologic cycle rock and mineral stability weathering and origin of clay minerals and genesis Soil mineralogy covering atomic structure interatomic bonding secondary bonds crystal notation and clay mineral characteristics Fundamental engineering characterization of soil covering granular soils and clay minerals Observing and quantifying soil fabric covering qualitative and quantitative assessment of soil fabric Transport of heat fluid and electrical current The fundamentals of volume change deformation and strength properties of soils The impact of time and temperature changes on soil behavior Providing an understanding of soil behavior a fundamental requisite to a wide variety of engineering applications including foundation design and construction earthwork construction and geotechnical engineering Fundamentals of Soil Behavior is an essential learning resource for geotechnical and geoenvironmental engineers geologists geophysicists and students studying geotechnical engineering and granular materials

Landslide: Susceptibility, Risk Assessment and Sustainability  
Gopal Krishna Panda,Rajib Shaw,Subodh Chandra Pal,Uday Chatterjee,Asish Saha,2024-05-14 The book illustrates a geospatial and geostatistical approach to data analysis modeling risk assessment and visualization as well as landslide hazard management in the hilly region This book investigates cutting edge methodologies based on open source software and R statistical programming and modeling in current decision making procedures with a particular emphasis on recent advances in data mining techniques and robust modeling in torrential rainfall and earthquake induced landslide hazard

Cyclones in Southern Africa  
Godwell Nhamo,Kaitano Dube,2021-07-24 The subject of tropical cyclones in Southern Africa also known as hurricanes or typhoons in other regions of the world has been growing over the past few decades However there is still limited literature on foundational and fundamental topics on the matter To this end this book addresses this gap citing some examples from both historic and recent tropical cyclones The book presents meteorological and climatic aspects of tropical cyclones including reviews on forecasting warning message dissemination and public response aspects of early warning

systems with a focus on the Tropical Cyclones Idai and Kenneth Fundamentals in disaster risk reduction DRR are also discussed moving from the provisions of the Hyogo Framework for Action 2005 2015 to the Sendai Framework for Disaster Risk Reduction 2015 2030 Climate change issues are central to the publication as well as the role of information and communication technologies in DRR and management The book also tackles some challenges and opportunities associated with the implementation of regional legal and institutional frameworks on DRR The book comes as part of a series with three volumes The other volumes include Cyclones in Southern Africa Vol 1 Interfacing the Catastrophic Impact of Cyclone Idai with SDGs in Zimbabwe and Cyclones in Southern Africa Vol 3 Implications for the Sustainable Development Goals To this end this book is suitable as a read for several professionals and disciplines such as tourism and hospitality studies economics sustainable development development studies environmental sciences arts geography life sciences politics planning and public health
