Sandro Botticelli Collector S Edition Art Gallery:

The Connoisseur ,1908 **The Burlington Magazine** Robert Edward Dell,Charles John Holmes,Harold Child,Lionel Cust,Roger Fry,1928 **Collecting the Pre-Raphaelites** Margaretta Frederick Watson,2018-12-17 First published in 1997 and written by leading scholars of the day these fifteen essays examine aspects of the reception and collecting of Pre Raphaelite Art the social and cultural context in which the work was favoured and acquired Two major collections provide the focus for the investigation that of the Birmingham city Museums and Art Gallery in the United Kingdom and that of the American Samuel Bancroft Jr now part of the Delaware Art Museum The study of these two collections both formed in the late 1890 places Pre Raphaelite Art at nexus of contemporary cultural issues that touched the lives of both the city council intent on establishing a public gallery of national importance and a wealthy American businessman indulging a private passion for the work of these artists The contributors approach the issue in a variety of ways These include the study of the ambitions and self perception of collectors of the period an analysis of the impact of John Ruskin s campaign to establish Pre Raphaelite painting as the Art of England and its impact on notions of civic and national identity the examination of individual painting in relation to such issues as the portrayal of women the nude and of religious subjects and the study of the Victorian preoccupation with Renaissance Italy and the attempt by Ruskin Charles Fairfax Murray advisor to the two collections and the Grosvenor Gallery to proclaim the Pre Raphaelite artists as the true inheritors of the genius of Renaissance Italian artists These essays were first presented at a symposium held at the Delaware Art Museum during the exhibition there of the paintings of Birmingham City Museums and Art Gallery [Botticelli's Secret: The Lost Drawings and the Rediscovery of the Renaissance](#) Joseph Luzzi,2022-10-25 One of The New Yorker s Best Books of the Year A lively book Luzzi brilliantly sets the operatic stage of vibrant violent Renaissance Florence and brings to life the characters who helped resurrect Botticelli Max Norman Wall Street Journal Some five hundred years ago Sandro Botticelli a painter of humble origin created works of unearthly beauty A star of Florence s art world he was commissioned by a member of the city s powerful Medici family to execute a near impossible project to illustrate all one hundred cantos of The Divine Comedy by Dante Alighieri the ultimate visual homage to that divine poet This sparked a gripping encounter between poet and artist between the religious and the secular between the earthly and the evanescent recorded in exquisite drawings by Botticelli that now enchant audiences worldwide Yet after a lifetime of creating masterpieces including Primavera and The Birth of Venus Botticelli declined into poverty and obscurity His Dante project remained unfinished Then the drawings vanished for over four hundred years The once famous Botticelli himself was forgotten The nineteenth century rediscovery of Botticelli s Dante drawings brought scholars and art lovers to their knees this work embodied everything the Renaissance had come to mean From Botticelli s metaphorical rise from the dead in Victorian England to the emergence of eagle eyed connoisseurs like Bernard Berenson and Herbert Horne in the early twentieth century and even the rescue of precious art during World War II and the fall of the

Berlin Wall in 1989 the posthumous story of Botticelli's Dante drawings is if anything even more dramatic than their creation. A combination of artistic detective story and rich intellectual history Botticelli's Secret shows not only how the Renaissance came to life but also how Botticelli's art helped bring it about and most important why we need the Renaissance and all that it stands for today. **The Art Collector** Alfred Trumble, 1893 *How Divine Images Became Art* Oleg Tarasov, 2024-02-09

How Divine Images Became Art tells the story of the parallel discovery of Russian medieval art and of the Italian primitives at the beginning of the twentieth century. While these two developments are well known they are usually studied in isolation. Tarasov's study has the great merit of showing the connection between the art world in Russia and the West and its impact in the cultural history of the continent in the pre-war period. Drawing on a profound familiarity with Russian sources some of which are little known to Western scholars and on equally expert knowledge of Western material and scholarship Oleg Tarasov presents a fresh perspective on early twentieth century Russian and Western art. The author demonstrates that during the Belle époque the interest in medieval Russian icons and Italian primitives led to the recognition of both as distinctive art forms conveying a powerful spiritual message. Formalist art theory and its influence on art collecting played a major role in this recognition of aesthetic and moral value of primitive paintings and was instrumental in reshaping the perception of divine images as artworks. Ultimately this monograph represents a significant contribution to our understanding of early twentieth century art. It will be of interest to art scholars students and anyone interested in the spiritual and aesthetic revival of religious paintings in the Belle époque. *Art Information and the Internet* Lois Swan Jones, 2013-12-16

A skillful and fascinating retelling of the often testy relationship between J.P. Morgan and Roger Fry two men who did more to establish the preeminence of the Metropolitan Museum of Art than any collector and curator before or since. Shortly after the turn of the twentieth century the Metropolitan Museum of Art began an ambitious program of

collection building and physical expansion that transformed it into one of the world's foremost museums an eminence that it has maintained ever since Two men of singular qualities and accomplishments played key roles in the Met's transformation J P Morgan America's leading financier and a prominent art collector and Roger Fry the headstrong English expert in art history who served as the Met's curator of painting Their complicated often contentious relationship embodies and illuminates the myriad tensions between commerce and art philanthropists and professional staff that a great museum must negotiate to define and fulfill its mission In this masterful multidisciplinary narrative Charles Molesworth offers the first in depth look at how Morgan and Fry helped to mold the cultural legacy of masterpieces of painting and the development of the encyclopedic museum Structuring the book as a joint biography Molesworth describes how Morgan used his vast wealth to bring European art to an American citizenry while Fry brought high standards of art history from the world of connoisseurs to a general public Their clashes over the purpose and functions of the Met which ultimately led to Fry's ouster reveal the forces personal and societal that helped to shape the Metropolitan Museum and other major American cultural institutions during the twentieth century

Re-framing the Italian Renaissance at the National Gallery, 1824 - 2014 Harriet O'Neill (1980 - 2023), 2025-04-07 This pioneering study examines how Italian Renaissance painting has been physically and conceptually framed and re framed at the National Gallery London from its foundation in 1824 to the present day Harriet O'Neill's research focuses primarily on historic historicising and Neo Renaissance picture frames while considering the changing appearance of the physical gallery spaces as a wider conceptual frame Through six chapters the author identifies the varied roles frames and framing have played in mediating the entry of Italian Renaissance panels into the museum environment Chapter 1 situates the research within broader theoretical frameworks bringing together literature on frames with conceptualisations of museums decorative arts and museological constructions of the Renaissance Chapters 2 and 3 examine the motivations for re framing Renaissance panels under the Gallery's first Director Sir Charles Eastlake and his Keeper Ralph Nicholson Wornum exploring the connection between Neo Renaissance frames and visitor experience alongside art historical practice Chapter 4 analyses frames modelled on the portal ornament of the Venetian church of San Giobbe commissioned under the Gallery's third Director Sir Frederic Burton comparing them with the widely deployed Watts

frames Chapter 5 discusses the collection and adaptation of antique frames contextualising this within international museological approaches pioneered in Berlin Chapter 6 charts the recent re framing of Italian Renaissance art at the National Gallery particularly in the Sainsbury Wing considering the types of narratives communicated to visitors through framing decisions This study reveals how re framing has transformed dislocated panels into both art historical specimens and works for aesthetic pleasure while engaging with the establishment of the Renaissance artistic canon and making controversial works more acceptable to English taste
