Alpana Pours Alpana Singh,2014-05-01 A primer on everything the wine phobic woman needs to know Probably the only wine book out there that could be excerpted in Cosmo Chicago Reader Alpana Singh is uniquely qualified to talk about wine contemporary women and relationships At age twenty six she became the youngest woman to be inducted into the world's most exclusive sommelier organization the Court of Master Sommeliers She spent five years as sommelier at a world famous four star restaurant Everest of Chicago While there she closely observed the sometimes humorous sometimes absurd social interactions between men and woman at all stages of their relationships

Her mental journal of these social observations came in handy as she wrote *Alpana Pours*. *Alpana Pours* reaches readers in playful language they will understand and in a highly entertaining manner they will enjoy. Women want to know how to select wine when entertaining important clients, pair wine with food, they and their partner are preparing together, choose the right wines for hostess gifts, bridal showers, a first meeting with a boyfriend's parents, and what wine to or not to order on a first date. *Alpana Pours* supplies tips on these and a myriad of other topics including dating and dealing with guys. The book's gender riff on wine and lifestyle is unique and will definitely grab reader's attention. Singh's quirky writing makes reading about the correct wine and food pairing more fun than it should be. Singh blends wine culture with everyday life while still illuminating the mysteries and myths of wine. The author's friendly tone welcomes readers who don't know their pinot noir from their peanut butter. Publishers Weekly *America's Favorite Recipes the Melting Pot Cuisine* Uma

Aggarwal, 2016-11-10 America is called a melting pot of all cultures. As the immigration of different cultures continues to flood this land of opportunity, a revolution is taking place in the fusion of their cultures and cuisines. This transformation has been very prominent in the last 50 years and it is clearly visible in the emerging American cuisine. Practically, this cuisine has fused to become a spectacular global cuisine. In my book, I am not only giving the recipes that we love so dearly but also tried to emphasize the history and origin of these recipes and describe the use of healthful ingredients and spices to prolong your life. We have to watch what we eat. I am trying to bring this point to the attention of the reader that according to ancient Indian treatises and modern scientific research, it is established that the use of spices is not only for taste but it is for their hidden meaning. They have anti-carcinogenic properties and their use is very important to maintain a good healthy lifestyle. Americans are heavily ridden with obesity, heart diseases, diabetes, breast cancer, and many other diseases. Being an American East Indian pioneer with my East Indian wisdom of Ayurveda, my idea is to make these exotic recipes as healthy as possible by using these spices. I have also tried to capture and write the history and origin of these recipes. My basic point of view is that to make the food delicious, use fresh ingredients, herbs, and spices, and do not try to overload them with various cheeses, creams, sugars, and lards to make them delicious. You are what you eat. Most of these foreign recipes have historical dimensions and origin. They have now shaped themselves gradually to suit the American palate and have become an integral part of American cuisine. We can make them equally delicious by wisely using healthful ingredients. In order to make these books interesting and enjoyable, they are written with easy step-by-step instructions. I am hopeful that these books, *America's Favorite Recipes Part I*, *Part II*, and *Part III*, will soon become your favorite coffee table books as well as your recipe books.
