shellfish allergy with a mouth full of shrimp Most of the students in Daphne Russell's reading class have never read an entire book and they can't relate to Harry Potter and his magic wand Abel is twenty-eight days behind everyone else and he needs enough books inside him to get his lungs to work again mend his shattered heart and kick the shit out of apathy In her memoir *Read or Die* Russell documents her daily battle as a middle school teacher in Tucson Arizona fighting against predetermined trajectories of less than beliefs with an arsenal of hard covers and tattered pages A talented and caring teacher Russell offers a moving portrayal that combines rich autobiographical details with firsthand insight into the world of education *Read or Die* is not only a compelling story but also offers revealing and meaningful insights into education in America from a seasoned insider *Choice & Voice* Stephanie Fleck, Jolene Heinemann, 2020-08-15 What we allow our students to read tells them which stories we value and which we don't Give students the power to develop reading lives that will endure beyond school walls Collaborative Reader Workshop allows for student choice in reading writing and speaking provides an authentic audience for student work strengthens academic ELA skills builds a wider school community of readers and fosters lifelong reading habits Fleck and Heinemann offer teachers a clear model to establish this interactive reader workshop model in their classrooms as well as tools to get them started Readers will have a reinvigorated excitement about independent reading and justification for its relevance in the classroom **Chain Reaction** Simone Elkeles, 2011-08-16 When he returns to Illinois and the gang culture on the south side of Fairfield after six years in Colorado high school senior Luis Fuentes who dreams of becoming an astronaut falls for a girl and enters a dark world after learning some disturbing news about his family *Whole-class Inquiry* Dennis W. Smithenry, Joan Gallager-Bolos, 2009 In response to requests from science education professionals this is the perfect vehicle for implementing and assessing this concept of whole class inquiry in your classroom This is a must-have package for preservice and inservice middle and high school science teachers

Controversial Books in K-12 Classrooms and Libraries Randy Bobbitt, 2019-10-04 *Controversial Books in K-12 Classrooms and Libraries* Challenged Censored and Banned analyzes the history of controversy surrounding assigned reading in K-12 classrooms and books available in school libraries Randy Bobbitt outlines the history of book banning and controversy in the United States stemming from 1950s conservative Cold War values of patriotism and respect for authority and ramping up through the 1960s and onward as media coverage and parental intervention into the inner workings of schools increased The author claims that sensitive topics including sexuality suicide and drug use do not automatically imply the glorification of deviant behavior but can be used constructively to educate students about the reality of life Bobbitt argues that in an effort to shield children from the dangers of controversial issues parents and administrators are depriving them of the ability to discover and debate values that are inconsistent with their own and those around them teaching instead that avoidance of different viewpoints is the solution Scholars of education communication literature and policy will find this book especially useful *Chain Reaction* Simone Elkeles, 2011-08-16 In the third book in Simone Elkeles New York Times

bestselling YA contemporary romance series Luis Fuentes must choose his family's past or a future with Nikki Cruz the girl he loves Luis Fuentes has always been sheltered from the gang violence that nearly destroyed his brother's life but that has never stopped him from taking risks to feed his craving for adrenaline Nikki Cruz lives by three rules boys lie to get their way don't trust a boy who says I love you and never date a boy from the south side of Fairfield But when chemistry with southsider Luis becomes too hot to ignore Nikki is tempted to break all her rules Then a disturbing revelation about Luis's family puts him in the sights of Chuy Soto the new head of the Latino Blood who is determined to draw him into the gang life his brother left behind Will Luis's feelings for Nikki be enough to stop him from entering a dark and violent world and permanently living on the edge Don't miss any of these other books from New York Times bestselling author Simone Elkeles
