Performing Piety Karin van Nieuwkerk, 2013-10-01 In the 1980s Egypt witnessed a growing revival of religiosity among large sectors of the population including artists Many pious stars retired from art repented from sinful activities and dedicated themselves to worship preaching and charity Their public conversions were influential in spreading piety to the Egyptian upper class during the 1990s which in turn enabled the development of pious markets for leisure and art thus facilitating the return of artists as veiled actresses or religiously committed performers Revisiting the story she began in *A Trade like Any Other Female Singers and Dancers in Egypt* Karin van Nieuwkerk draws on extensive fieldwork among performers to offer a unique history of the religious revival in Egypt through the lens of the performing arts She highlights the narratives of celebrities who retired in the 1980s and early 1990s including their spiritual journeys and their influence on the pietization of their fans among whom are the wealthy relatively secular strata of Egyptian society Van Nieuwkerk then turns to the emergence of a polemic public sphere in which secularists and Islamists debated Islam art and gender in the 1990s Finally she analyzes the Islamist project of art with a mission and the development of Islamic aesthetics questioning whether the outcome has been to Islamize popular art or rather to popularize Islam The result is an intimate thirty year history of two spheres that have tremendous importance for Egypt art production and piety

Egypt in the Future Tense Samuli Schielke, 2015-03-05 Illustrates the complex and contradictory impact of Muslim revivalism on the expectations and hopes of Egyptian youth Recommended Choice Against the backdrop of the revolutionary uprisings of 2011 2013 Samuli Schielke asks how ordinary Egyptians confront the great promises and grand schemes of religious commitment middle class respectability romantic love and

political ideologies in their daily lives and how they make sense of the existential anxieties and stalled expectations that inevitably accompany such hopes Drawing on many years of study in Egypt and the life stories of rural lower middle class men before and after the revolution Schielke views recent events in ways that are both historically deep and personal Schielke challenges prevailing views of Muslim piety showing that religious lives are part of a much more complex lived experience This wonderful book brings fresh insights into the anthropology of hope in general and Egypt in particular It makes a rewarding read for scholars interested in how life and all its ambiguities and aspirations unfold under changing notions of religious commitment new regimes of circulation and emerging patterns of consumption American Anthropologist An altogether innovative compelling and sensitive perspective on what is perhaps the most important question facing young people in the Middle East today how to make a life in rapidly shifting complex times whose future is uncertain Jessica Winegar author of *Creative Reckonings The Politics of Art and Culture in Contemporary Egypt* **The Bloomsbury**

Kütük-Kuriş, 2025-02-13 **Musical Ethics and Islam** Banu Senay, 2020-04-06 After the establishment of the Turkish Republic Turkey s secularized society disdained the ney the Sufi reed flute long associated with Islam The instrument s

remarkable revival in today's cities has inspired the creation of teaching and learning sites that range from private ney studios to cultural and religious associations and from university clubs to mosque organizations Banu enay documents the years long training required to become a neyzen a player of the ney The process holds a transformative power that invites students to create a new way of living that involves alternative relationships with the self and others changing perceptions of the city and a dedication to craftsmanship enay visits reed harvesters and travels from studios to workshops to explore the practical processes of teaching and learning She also becomes an apprentice ney player herself exploring the desire for spirituality that encourages apprentices and masters alike to pursue ney music and its scaffolding of Islamic ethics and belief

Islam and Popular Culture Karin van Nieuwkerk, Mark LeVine, Martin Stokes, 2016-04-12 Popular culture serves as a fresh and revealing window on contemporary developments in the Muslim world because it is a site where many important and controversial issues are explored and debated Aesthetic expression has become intertwined with politics and religion due to the uprisings of the Arab Spring while at the same time Islamist authorities are showing increasingly accommodating and populist attitudes toward popular culture Not simply a westernizing or secularizing force as some have asserted popular culture now plays a growing role in defining what it means to be Muslim With well structured chapters that explain key concepts clearly *Islam and Popular Culture* addresses new trends and developments that merge popular arts and Islam Its eighteen case studies by eminent scholars cover a wide range of topics such as lifestyle dress revolutionary street theater graffiti popular music poetry television drama visual culture and dance throughout the Muslim world from Indonesia Africa and the Middle East to Europe The first comprehensive overview of this important subject *Islam and Popular Culture* offers essential new ways of understanding the diverse religious discourses and pious ethics expressed in popular art productions the cultural politics of states and movements and the global flows of popular culture in the Muslim world *The Bloomsbury Handbook of Muslims and Popular Culture* Hussein Rashid, Kristian Petersen, 2023-09-21 The Bloomsbury Handbook of Muslims and Popular Culture illustrates how Muslims participate in a broad spectrum of activities Moving beyond a framework that emphasizes ritual legal historical or theological issues this book speaks to how Muslims live in the world in relation to their religion and the realities of the world around them The international team of contributors provide in depth analysis that chronicles Islamic cultural products in regional and transnational contexts explores dominant and emerging theories about popularization and offers provocations in the field of religion and popular culture The handbook is structured in six parts spaces appetites performances readings visions and communities The book explores a variety of Muslim societies and communities within the last 100 years ranging from the Islamic presence in Latin American architecture to Muslim Anglophone hip hop and Muslims in modern Indian theatre **Enjoying Religion** Frans Jespers, Paul van der Velde, Karin van Nieuwkerk, 2018-08-15 Enjoying religion seems to be a contradiction because religion is generally perceived as a serious or even suppressive phenomenon This volume is the first to study the increase of enjoying religion systematically by

presenting eleven new case studies occurring on four continents The volume concludes that in our late modern secular societies the enjoyment of religion or of its loose elements is growing In particular when scholars concentrate on lived religion of ordinary people the cheerful experiences appear to prevail Many people use pleasant elements of religion to add meaning to their lives to find spiritual fulfillment or a way to salvation and to experience belonging to a larger unity At the same time diverse cultural dynamics of late modern society such as popular culture commercialization re enchantment and feminization influence this trend of enjoying religion In spite of secularization playing with religion appears to be attractive
