Clevenger's Practice Manual of New York ,1927 **Popular Science** ,1963-03 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **The Pennsylvania State Book and People's Manual** John McMurray,1879 **American Gas Journal** ,1929 American Gas Engineering Journal ,1929 **The United States Catalog** ,1924 *Proceedings of the School Committee of the City of Boston* Boston (Mass.). School Committee,1912 Americans All! Nancy Gentile Ford,2001 During the First World War nearly half a million immigrant draftees from forty six different nations served in the U S Army This surge of Old World soldiers challenged the American military s cultural linguistic and religious traditions and required military leaders to reconsider their training methods for the foreign born troops How did the U S War Department integrate this diverse group into a united fighting force The war department drew on the experiences of progressive social welfare reformers who worked with immigrants in urban settlement houses and they listened to industrial efficiency experts who connected combat performance to morale and personnel management Perhaps most significantly the military enlisted the help of ethnic community leaders who assisted in training socializing and Americanizing immigrant troops and who pressured the military to recognize and meet the important cultural and religious needs of the ethnic soldiers These community leaders negotiated the Americanization process by promoting patriotism and loyalty to the United States while retaining key ethnic cultural traditions Offering an exciting look at an unexplored area of military history *Americans All Foreign born Soldiers in World War I* constitutes a work of special interest to scholars in the fields of military history sociology and ethnic studies Ford s research illuminates what it meant for the U S military to reexamine early twentieth century nativism instead of forcing soldiers into a melting pot war department policies created an atmosphere that made both American and ethnic pride acceptable During the war a German officer commented on the ethnic diversity of the American army and noted with some amazement that these semi Americans considered themselves to be true born sons of their adopted country The officer was wrong on one count The immigrant soldiers were not semi Americans they were Americans all **Crafty Chica's Guide to Artful Sewing** Kathy Cano-Murillo,2009 Kathy Cano Murillo the Crafty Chica is not a seamstress She is a thread artist In *Crafty Chica s Guide to Artful Sewing* she ll show how to harness the power of her fearless kamikaze sewing style just dive in and give it 100 percent Here readers even those who can hardly sew on a button will find the nuts and bolts of sewing and the confidence to develop their own style and flair Thirty fun fabu low sew projects from placemats and totes to embellished skirts help readers take charge of their sewing machines and discover their own Crafty Chica side **Catalog of Copyright Entries. Chandler Jr.,1993-01-01 The role of large scale business enterprise big business and its managers during the formative years of modern capitalism from the 1850s until the 1920s is delineated in this pathmarking book Alfred Chandler Jr the distinguished business historian sets forth the reasons for the dominance of big business in American transportation communications and the central sectors of production and distribution Clearing the Air Indur M. Goklany,1999-11-01 America s air quality is better today than ever before in modern history and continues to steadily improve How did this remarkable turnaround come about Basing his conclusions on a painstaking compilation of long term empirical data on air quality and emissions data extending from the pre federalization era to the present some dating back a century Goklany challenges the orthodoxy that credits federal regulation for improving air quality He shows that the air had been getting cleaner prior to and probably would have continued to improve regardless of federalization States and localities after all have always been engaged in a race to improve the quality of life which means different things at different stages of economic development Goklany s empirical data refute once and for all the race to the bottom rationale for centralized federal regulation Moreover technological advances and consumer preferences continue to play important roles in improving air quality Goklany accordingly offers a regulatory reform agenda that would improve upon the economic efficiency and environmental sensitivity of air quality regulation **Manual for Courts-martial** United States.
