

NURSING PERSONAL STATEMENT

There are many careers out there that are so much as what they are in the classroom as what they are in the real world. However, I believe that Nursing is so much more different. My parents are both working in the medical field. My father is a neurologist, and my mother is a nurse. Sometimes, they would let me tag along their work and those times were what I really loved the most: seeing the overflowing emotions from the faces of their patients, the utter sadness upon the death of a loved one or the delightedness when my mother tells them that they can go out in no time. It was in those times that I also realized that nursing is not just a profession; it is a commitment, a duty, a heartfelt service of love and care towards your fellowmen. As much as I have been tagging along my parents' jobs, I have been vaguely exposed to the clinical field. I have seen the kind of care and love and understanding that nurses should give their patients, which is the very reason why I am so excited to take up the degree of Nursing in college. Together with all these is the excitement to take up the said degree in your college. I have heard many good reviews about your college, especially in the field of nursing. This is the very reason why I chose your formidable school to hone my capabilities to become not just a successful nurse, but a nurse who exudes confidence in treating her patients, armed with the right amount of love, care and knowledge.

I believe that I possess the determination and capabilities to enrol in your college. I hope that you give me the great honour of enrolling in your college as a nursing student. With your excellent student formation, I can and I will become a nurse that this world needs.
