## **People Of The Book:**

**The People of the Book and the People of the Dubious Book (Penerbit USM)** Muhammad Azizan Sabjan, 2008 The question of the People of the Book Ahl al Kit b has long been of central significance to Islam and later to the study of comparative religion It becomes more crucial when Ab al Fath Muhammad Abd al Kar m al Shahrast n d 548 1153 develops another category known as Man Lahu Shubhat Kit b those who possess doubtful sacred scrolls or Ahl Shubhat Kit b the People of a Dubious Book The present book thus is of importance as it highlights the nature of the People of the Book and the People of a Dubious Book as understood in the Qur n and Islamic religious tradition The discussion is carried out both by analyzing Islam as the only genuinely revealed religion as well as by addressing various Muslim scholars attitudes and responses to the reality and nature of the People of the Book and the People of a Dubious Book apropos the Qur n and the Islamic religious tradition Evaluation of the nature of the People of a Dubious Book as exclusively developed by al Shahrast n is also discussed It points out how he identifies these groups and how he treats them accordingly in his magnum opus al Milal wa al Nihal It is hoped that this book will provide a preliminary yet clear understanding of this concept which hopefully can deepen our knowledge and enhance our perspective on the various delineations of the People of the Book and the People of a Dubious Book employed by Muslim scholars This will eventually widen our sphere of the understanding of religious issues and any misunderstanding or narrowed perception of other religious traditions could be avoided The People of the Book Anthony Gilles, 2001-01-31 Muhammad and the People of the Book Sahaja Carimokam, 2010-09-17 Muhammad and the People of Book by Sahaja Carimokam asks the question what was the nature of Muhammad s relationship to non Muslims particularly Jews and Christians and how did it change over time This work is based on a chronological reading of the chapters of the Qur an supplemented with Muslim commentary literature and biographical materials on the life of Muhammad Carimokam traces Muhammad s evolving religious viewpoint based on his borrowings of primarily Jewish and some Christian traditional apocryphal materials He shows how Muhammad s inaccurate and anachronistic rendition of Jewish traditional literature ensured that the Jews would reject him as a Prophet This rejection lead to his ultimatum to the Jews early in the Medinan period of the Qur an and culminated with his call to Jihad against all non Muslims including those Jews and Christians who refused to acknowledge his Prophethood The origins of takfir declaring Muslims to be non Muslims are considered Comparisons are made of moderate and traditional interpreters of the Qur an Historical critical issues regarding the background provided by Muslim historical propaganda is considered in one chapter The book concludes with a controversial issue for the interpretation of Islamic law in the 21st century based on the actual canonical practices of Muhammad **Islām and the People of the Book Volumes 1-3** John Andrew Morrow, 2018-04-18 Islam and the People of the Book features three dozen scholarly studies on the treaties that the Prophet Muhammad concluded with Jewish Samaritan Christian and Zoroastrian communities along with translations of Six Covenants of the Prophet in over a dozen

languages The combined effort of over forty five academics intellectuals and translators from around the world this work powerfully confirms the conclusions drawn by Dr John Andrew Morrow in his critically acclaimed book on The Covenants of the Prophet Muhammad with the Christians of the World offers unprecedented insight into the original intent of the Messenger of God and sheds light on the pluralistic nature of the constitutional state that he created

**Animal Metaphors and the People of Israel in the Book of Jeremiah** Benjamin Foreman, 2011-10-06 Though interest in the use of metaphor in the Hebrew Bible has gained momentum in recent years there is to date no investigation which concentrates exclusively on the animal metaphors in the book of Jeremiah In this book the author brings to light this neglected area of study by examining the language and imagery of the animal metaphors for the people of Israel in the book of Jeremiah The contribution that these metaphors make to the theology of the book is given special attention and since different interpretations have been given to many of the metaphors in question the author resolves some of the questions regarding the meaning of these images in his in depth study Additionally scholars have not tended to research metaphors for the nation of Israel and thus this volume draws attention to a particular subject which has largely been overlooked In chapter one Foreman familiarizes the reader with the major theoretical approaches to metaphor and spells out the approach taken in his investigation Eighteen metaphors are then thoroughly analyzed in chapters two three and four These metaphors are grouped into three categories each of which constitutes a chapter pastoral metaphors mammal metaphors and bird metaphors Chapter five draws the results of the inquiry together This study reveals how animal metaphors make important theological claims about the nation of Israel and demonstrates that they are essential elements of the message of the book of Jeremiah Foreman s elucidation of the language and imagery of the animal metaphors for the people of Israel leads to a richer understanding of these metaphors and ultimately contributes to a more precise interpretation of the message of the book of Jeremiah as a whole

The Terms of Risala-i Nur Collection Ahmed Akgunduz,2024-04-15 This important academic work is the necessary fruit of our academic efforts which we have been carrying out for nearly 10 years to revise the four main books of the Ris la i N r Collection The Words The Rays The Flashes and The Letters of Bed uzzaman and to explain important academic terms with glosses The first two of these works are now in print and have attracted considerable interest in scholarly circles Upon requests we have found it appropriate to publish these terms which are essential for the understanding of the Ris la i N r Collection as a separate book **The Book of Joshua** F. R. Fay,George Ripley Bliss,2024-03-18 Reprint of the original first published in 1875 *Exploring the Qur'an* Muhammad Abdel Haleem,2017-04-21 The teachings style and impact of the Qur'an have always been matters of controversy among both Muslims and non Muslims But in a modern context of intercultural sensitivity what the Qur'an says and means are perhaps more urgent questions than ever before This major new book by one of the world's finest Islamic scholars responds to that urgency Building on his earlier groundbreaking work the author challenges misinterpretations of particular Qur'anic verses from whatever quarter He addresses the infamous sword verse frequently cited as a justification for jihad He also questions the tribute verse associated with the Muslim state subjugating Jews and Christians and the idea of Paradise in the Qur'an often viewed by the West as emphasising merely physical pleasures or used by Islamic fighters as their just reward for holy war The author argues that wrenching the verses out of the context of the whole has led to dangerous ideologies being built on isolated phrases which have then assumed afterlives of their own This nuanced holistic reading has vital interfaith ramifications **Structural Dividers in the Qur'an** Marianna Klar,2020-12-03 This volume showcases a wide range of contemporary approaches to the identification of literary structures within Qur'anic surahs Recent academic studies of the Qur'an have taken an increasing interest in the concept of the surah as a unity and with it the division of complete surahs into consecutive sections or parts Part One presents a series of case

studies focussing on individual Qur'anic surahs Nevin Reda analyzes the structure of Sura al-Imrān Q 3 Holger Zellentin looks at competing structures within Sura al-Ala' Q 96 and A H Mathias Zahniser provides an exploration of the ring structures that open Sura Maryam Q 19 Part Two then focusses on three discrete aspects of the text Nora K Schmid assesses the changing structural function of oaths Marianna Klar evaluates how rhythm rhyme and morphological parallelisms combine in order to produce texture and cohesion while Salwa El Awa considers the structural impact of connectives and other discourse markers with specific reference to Sura al-Haqq Q 20 The final section of the volume juxtaposes contrasting attitudes to the discernment of diachronic seams Devin Stewart examines surah medial oracular oaths Muhammad Abdel Haleem questions a range of instances where suggestions of disjointedness have historically been raised and Nicolai Sinai explores the presence of redactional layers within Sura al-Nisā Q 4 and Sura al-Mīdah Q 5 Bringing a combination of different approaches to Qur'anic structure into a single book written by well established and emerging voices in Qur'anic studies the work will be an invaluable resource to academics researching Islam religious studies and languages and literatures in general Chapters 3 and 6 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

**The Muslim Difference** Youshaa Patel, 2022-11-01 A sweeping history of Muslim identity from its origins in late antiquity to the present How did Muslims across time and place define the line between themselves and their neighbors Youshaa Patel explores why the Prophet Muhammad first advised his followers to emulate Christians and Jews but then allegedly reversed course urging them to be different He details how subsequent generations of Muslim scholars canonized the Prophet's admonition into an influential doctrine against imitation that enjoined ordinary believers to embody and display their religious difference in public life Tracing this Islamic discourse from its origins in Arabia to Mamluk and Ottoman Damascus colonial Egypt and beyond this sweeping intellectual and social history offers a panoramic view of Muslim identity revealing unexpected intersections between religion and other markers of difference across ethnicity gender and status Patel illustrates that contemporary debates in the West over visible expressions of Islam from headscarves and beards to minarets and mosques are just the latest iterations in a long history of how small differences have defined Muslim interreligious encounters

Daniel Hays,2003-07-12 With this careful nuanced exegetical volume in the New Studies in Biblical Theology J Daniel Hays provides a clear theological foundation for life in contemporary multiracial cultures and challenges churches to pursue racial unity in Christ *We, the People of Europe?* Étienne Balibar,2009-01-10 Étienne Balibar has been one of Europe s most important philosophical and political thinkers since the 1960s His work has been vastly influential on both sides of the Atlantic throughout the humanities and the social sciences In *We the People of Europe* he expands on themes raised in his previous works to offer a trenchant and eloquently written analysis of transnational citizenship from the perspective of contemporary Europe Balibar moves deftly from state theory national sovereignty and debates on multiculturalism and European racism toward imagining a more democratic and less state centered European citizenship Although European unification has progressively divorced the concepts of citizenship and nationhood this process has met with formidable

obstacles While Balibar seeks a deep understanding of this critical conjuncture he goes beyond theoretical issues For example he examines the emergence alongside the formal aspects of European citizenship of a European apartheid or the reduplication of external borders in the form of internal borders nurtured by dubious notions of national and racial identity He argues for the democratization of how immigrants and minorities in general are treated by the modern democratic state and the need to reinvent what it means to be a citizen in an increasingly multicultural diversified world A major new work by a renowned theorist *We the People of Europe* offers a far reaching alternative to the usual framing of multicultural debates in the United States while also engaging with these debates      *Revelation Restored* David Weiss Halivni, 2019-05-20 In this thought provoking book David Weiss Halivni asserts that the act of acknowledging and accounting for inconsistencies in the Pentateuchal text is not alien to the Biblical or Rabbinic tradition and need not belie the tradition of revelation Moreover the author argues that through recognizing textual problems in the scriptures as well as e
