**Four Thousand Weeks** Oliver Burkeman, 2021-08-10  
 AN INSTANT NEW YORK TIMES BESTSELLER Provocative and appealing well worth your extremely limited time Barbara Spindel The Wall Street Journal The average human lifespan is absurdly insultingly brief Assuming you live to be eighty you have just over four thousand weeks Nobody needs telling there isn't enough time We're obsessed with our lengthening to-do lists our overfilled inboxes work-life balance and the ceaseless battle against distraction and we're deluged with advice on becoming more productive and efficient and life hacks to optimize our days But such techniques often end up making things worse The sense of anxious hurry grows more intense and still the most meaningful parts of life seem to lie just beyond the horizon Still we rarely make the connection between our daily struggles with time and the ultimate time management problem the challenge of how best to use our four thousand weeks Drawing on the insights of both ancient and contemporary philosophers psychologists and spiritual teachers Oliver Burkeman delivers an entertaining humorous practical and ultimately profound guide to time and time management Rejecting the futile modern fixation on getting everything done Four Thousand Weeks introduces readers to tools for constructing a meaningful life by embracing finitude showing how many of the unhelpful ways we've come to think about time aren't inescapable unchanging truths but choices we've made as individuals and as a society and that we could do things differently
