[Summary of The Intelligent Investor](#) Thorough Summaries,2021-05-26 The Intelligent Investor is a book written by Benjamin Graham published back in 1949 by Harper Brothers The book itself is widely famous because it offers a different and modern approach on value investing which Graham started to teach at Columbia Business School in 1928 and which was subsequently refined by David Dodd This book is also Graham s first work which made a significant deviation from stock selection something that was predominant in

Graham's previous works In his new book Graham talks about many interesting and useful things about smart investments Some of them are important allegories that the author uses while trying to describe topics that are connected with smart investing including a lesson on defensive and aggressive investors two different types of stock investing systems One other thing that Graham uses in his book in order to explain what he wants to say is something that the author calls as Mr Market In his book Mr Market is depicted as an obligatory man who will come to the shareholder's door at each day while trying to buy or sell his shares at different prices The investors are given with the choice of either agreeing with his price and thus trade with him or ignore him Mr Market will have no problem with this because he will return another day with different prices Considering the book itself there were altogether four revisions of the book with the last revision being published back in 1973 However in the 2003 book version there were some new ideas and topics to be discussed such as The Investor and Inflation The Defensive Investors and Common Stocks and many more The Intelligent Investor is an interesting literature for many stockholders present and future investors and all other readers who simply want to know how certain things concerning investments and stocks function Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book *Summary of the Intelligent Investor: The Definitive Book on Value Investing by Benjamin Graham: Conversation Starters* Paul Adams Bookhabits,2018-10-15 The Intelligent Investor The Definitive Book on Value Investing by Benjamin Graham Conversation Starters Benjamin Graham is considered the twentieth century's greatest investment guru having inspired many investors worldwide on the proper way to financial wisdom His student the financial genius Warren Buffet says that Graham's principles remain sound and better understood in the wake of financial storms that demolished flimsier intellectual structures Buffet admired his intellectual breadth and admits not having met anybody yet who has a quality of mind similar to Graham's This is the most important book one can read in order to achieve one's financial dreams The Intelligent Investor has sold more than a million copies since it was first published in the late 1940s Fortune recommends it to readers who intend to read just one book about investing in their lifetime A Brief Look Inside EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages The characters and their world come alive and the characters and its world still live on Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on These questions can be used to Create Hours of Conversation Promote an atmosphere of discussion for groups Foster a deeper understanding of the book Assist in the study of the book either individually or corporately Explore unseen realms of the book as never seen before Disclaimer This book you are about to enjoy is an independent resource meant to supplement the original book If you have not yet read the original book we encourage you to before purchasing this unofficial Conversation Starters [Summary of The Intelligent Investor](#) Reads Fireside (author),1901 [SUMMARY - The Intelligent Investor: The Definitive Book On Value Investing.
