The Labyrinth Of Possibility A Therapeutic Factor In Analytical Practice:

The Labyrinth of Possibility Giorgio Tricarico, 2018-04-17 This book proposes a model that aims to capture what happens between analyst and patient when a therapeutic relationship is effective It outlines a series of insights that have led to the emergence of the subject in question via analysis of the image of the labyrinth from historical point of view

Psychological and Philosophical Studies of Jung's Teleology Garth Amundson, 2024-04-11 This important new volume addresses an underappreciated dimension of Jung's work his concept of the teleology or future orientation of psychic reality The work authored by an international group of Jungian scholars expands upon the socio cultural psychological therapeutic and philosophical import of this key pillar of the Jungian oeuvre offering a compelling alternative to current culturally dominant ideas about how change occurs The book addresses varied aspects of his teleological thought generally and its application to the psychotherapeutic endeavor specifically engaging Freudian neo Freudian and related theoretical orientations in an informed dialogue about the critical issue of the emergent unfolding of subjectivity in treatment This is an illuminating read for those interested in the study of Jungian theory psychoanalysis social psychology religion transpersonal psychology indigenous wisdom traditions and philosophical metapsychology

Contemporary Voices on Individuation Giorgio Tricarico, 2024-11-28 This new collection of essays by a range of Jungian analysts and scholars seeks to address the concept of individuation in contemporary times and reflects on its meaning within the 21st century The concept of individuation is at the core of Analytical Psychology and can be considered the main legacy of C G Jung's body of work And yet in the collective culture Jung seems to be mostly associated with the concepts of archetypes collective unconscious and psychological types Opening with a compelling conversation on the topic with Professor Sonu Shamdasani the authors within this volume will delve into the concept of individuation and explore it in conjunction with clinical processes synchronicities the geopolitics of psychology and decolonial reciprocity traditional healers and the Grail Legend homosexuality and identity politics polyamory and co individuation and with temporality and mortality Featuring a wide range of perspectives from an international cast of authors this volume will be of great interest to Jungian analysts students and scholars interested in depth psychology and Jungian theory and anyone wanting to learn more about individuation

Lost Goddesses Giorgio Tricarico, 2018-03-26 Porn is a complex symbol of our current world and a shining example of the Shadow of the Western culture While many books essentially show its negative sides the risks of addiction the danger of damaging the relationship between sexes and so on this work focuses on porn as a phenomenon of our times exploring its several colours and trying to capture its inner logic and essence Despite its pervasive ubiquity in the internet and in the lives of many porn is apparently the ultimate taboo in the consulting room in fact very rarely does a patient mention something detailed about his or her use of porn In parallel with its growing presence the last forty years have witnessed a significant growth of publications about porn The present work aims at deepening some aspects of internet porn from the perspective of Analytical Psychology seeing

it as symbol of the complexity of the human psyche emerged in a specific moment of the history of consciousness
