*Arkansas Review*, 2020 [All Art is Political](#) Sarah Lowndes, 2014-04-05 Since the 1990s performative art has been increasingly accepted into the cultural mainstream becoming a familiar and popular feature of art galleries and museums as shown by the Tate Modern's recent *Collecting the Performative* project As art historian Roselee Goldberg notes The term performative used to describe the unmediated engagement of viewer and performer in art has also crossed over into architecture semiotics anthropology and gender studies But what is performative art What about its radical origins How does it remain politically engaged Writer, curator and lecturer at the Glasgow School of Art Sarah Lowndes takes us through the world of performative art using five case studies spanning from the 1960s to the present day A series of essays and conversations *All Art is Political* explores the work of artist musicians Mayo Thompson and Keith Rowe Berlin-based artist Thea Djordjadze Glasgow-based Turner Prize winner Richard Wright American conceptual artist Susan Hiller and German Swiss artist and writer Dieter Roth What is a literature sausage How do you transform reading coffee grinds into contemporary art How do you incorporate live radio broadcasts into a musical performance What does it mean to draw attention to the marks accidentally left behind by previous uses of the exhibition space How do you bring out the latent brutality of *Punch and Judy* shows For the answers to these questions and many more indulge in the pages of *All Art is Political*
