Ryan, 2010-02-16 The classic account of the final offensive against Hitler's Third Reich The Battle for Berlin was the culminating struggle of World War II in the European theater the last offensive against Hitler's Third Reich which devastated one of Europe's historic capitals and marked the final defeat of Nazi Germany It was also one of the war's bloodiest and most pivotal battles whose outcome would shape international politics for decades to come The Last Battle is Cornelius Ryan's compelling account of this final battle a story of brutal extremes of stunning military triumph alongside the stark conditions that the civilians of Berlin experienced in the face of the Allied assault As always Ryan delves beneath the military and political forces that were dictating events to explore the more immediate imperatives of survival where as the author describes it to eat had become more important than to love to burrow more dignified than to fight to exist more militarily correct than to win The Last Battle is the story of ordinary people both soldiers and civilians caught up in the despair frustration and terror of defeat It is history at its best a masterful illumination of the effects of war on the lives of individuals and one of the enduring works on World War II *The Last Battle* C. The Last Bible Book Daniel J. Lanausse,2019-11-29 Two life forms two moral opposites two different forms of strength and weakness both under international forms of government The humans and Emptredians are bound together in war that will twist the very concept of galactic warfare There are no heroes or villains on either side but only those in authority with radically contrary life or death agendas waged against one another However what unpredictable factors will occur Could they lead to other distant conflicts Which side will benefit from the unknown factors the most Which will be hindered from survival and which will advance to it Is everything decided by fate or has God abandoned humanity How many prayers can be answered Will it matter in the end All that is certain is that power resources authority and especially innovative technology are the

requirements that either side absolutely must utilize in order to maintain a long term warring campaign With the Emptredians having already conquered multiple planets humanity s international authorities require every possible advantage they could obtain because Earth is next Spiritual Futuristic and R rated

Evil in the Christian Fantasy of C.S. Lewis and J.K. Rowling Sarah Fiona Winters,2024-10-29 Evil in the Christian Fantasy of C S Lewis and J K Rowling From the White Witch to the Dark Mark argues that The Chronicles of Narnia and Harry Potter series are essential reading for anyone committed to understanding the cultural constructions of evil in twentieth century Europe and the strategies of resistance available to different types of readers in response to those evils This book also suggests that while the construction of evil in both series can and should be approached through a secular lens it cannot be fully understood without a complementary understanding of religious transcendence Sarah Fiona Winters explores the tension between theological evil on the one hand and naturalist and politico historical representations of evil on the other and the tension within both the explicitly religious and the apparently secular between dualism the belief that good and evil both exist and are locked in combat and the belief in orthodox Christianity that evil is nothing She examines the developments in theories about evil that arose from the experience of the Second World War particularly those of Hannah Arendt and Stanley Milgram in 1963 arguing that Lewis presented obedience as a strategy against evil because he wrote before their work while Rowling presents disobedience as a strategy against evil as she wrote after their work

Brazier,2018-10-31 The theological and philosophical works of C S Lewis were grounded in the argument from reason being a form of revelation that predates nature and relates to the divine i e the Word of God Christ the Logos These essays provide some understanding of the essentials to Lewis s philosophical theology that is the essentia in the highest degree Lewis s corpus can seem disparate but here we find unity in his aims objectives and methodology a consistency that demonstrates the deep roots of his philosophical theology in Scripture Greek philosophy patristic and medieval theology and some of the Reformers all framed by a reasoned discipline from a perceptive and critical mind method and form content and reason for the glory of God From an analysis of reason to the evidence of Christ as the light of the world across human endeavors and religions a doctrine of election and an understanding of Scripture the Philosophy of the Incarnation as Lewis termed it in fundamental arguments with various modern liberal theologians we find evidence for the actuality of the incarnation the divinity of Christ
