

## Teenage Girl

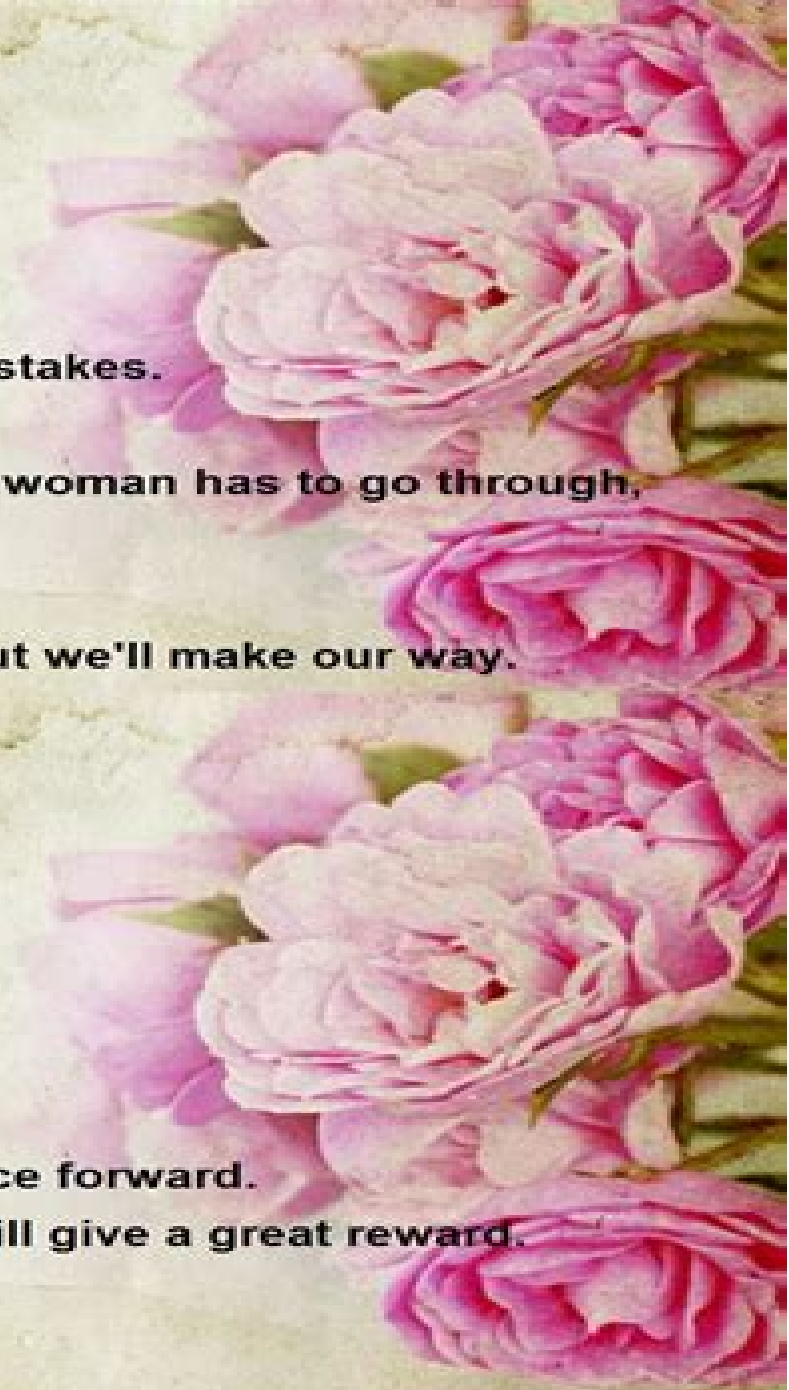

We go through so many changes,  
We go through so many tough times,  
We go through heartbreaks,  
We go through dumb choices and big mistakes.

Being a teenage girl is a stage that every woman has to go through,  
God made us strong,  
We will make it out okay,  
Life may seem pretty tough right now, but we'll make our way.

Don't give up on the world,  
You have so much ahead of you.  
The future is upon us,  
We have to make it worth the fuss.

Strive to live life to the fullest,  
Don't look back at the past.  
That's why it's behind us, because we face forward.  
So set a goal and try your best and life will give a great reward.

*The Last Girl* Stephan Collishaw, 2014-01-07 For a full hour I sat at my desk and stared up at the two photographs One by one I smoked a packet of twenty Prima cigarettes The earth I felt was beginning to shift and the long dead were stirring In the closing days of the twentieth century an elderly writer wanders the streets of Vilnius Lithuania possessed by the need to photograph the young mothers of the city In their faces and the faces of their children he sees the reflection of a secret that haunts him A secret he has spent years trying to bury In a decaying back street of the city a woman struggles to raise her family As her son dreams of a better life she is torn between Vilnius twilight world of prostitution and her determination of securing hope for her children She too is haunted by memories that rob her of sleep In Vilnius the rubble of the Jewish ghetto lies side by side with the fallen statues of communist heroes Through this tangled debris of past and present the story of the writer's great love and his even greater betrayal begins to coil its way to the surface and demands to be told in *The Last Girl* by Stephan Collishaw

Stephanie M. Wytovich,2024-09-11 Writing Poetry in the Dark brings together some of the most successful contemporary genre poets to discuss topics related to creating dark and fantastical poetry While there are countless books available for the aspiring poet there is a lack of resources specifically for and on speculative poetry and with the market thriving publishers who previously did not put out poetry are now adding it to their catalogs requesting it for their anthologies and seeking it for their magazines Given these factors it seemed like the perfect time to put together a guide for dark poets that addresses some of the unique challenges they face such as creating monsters out of white space writing the hybrid poem or subverting folklore in the retelling of a classic tale Included in Writing Poetry in the Dark are recommendations on how to bring fear to the page write from the wound let violence loose channel the weird and tackle the dark side of daily life There are also practical suggestions for exploring different poetic forms and topics ranging from building worlds writing from different points of view and exploring gender and sexuality on the page This book will bring something different to every speculative writer who is interested in exploring poetry with a genre twist and it is our hope that this book will help poetry itself continue to evolve grow and redefine itself in the market for many years to come
