The Last King Of Scotland:

The Last King of Scotland Giles Foden, 2011-11-02 Nicholas Garrigan has fled his native Scotland and his parents' expectations to take a position as a doctor in a remote rural outpost of Central Africa. Shortly after his arrival in Uganda, he is called to the scene of a bizarre car accident: Idi Amin manically driving his red Maserati down the dirt tracks of Garrigan's small village has run over a cow. Garrigan binds Amin's sprained wrist and puts the incident behind him until a letter arrives from the Minister of Health informing him that Amin, in his obsession with all things Scottish, has appointed Garrigan his personal physician. Garrigan is instructed to settle into State House on the grounds of Amin's residence immediately. Later, Garrigan will reflect that had he known what awaited him, had he foreseen the terrifying concatenation of events, this decision would set in motion; he would have boarded the first plane back to Scotland. He will wonder why it never occurred to him to simply say no. But flattered, disarmed, and intrigued if uneasily by the prospect of entering Amin's inner circle, he steps into the role of caring for the man who will turn out to be one of the most brutal dictators of all time. So begins Nick Garrigan's journey into a Conradian heart of darkness as his own moral center battles weakly against and then succumbs to the dark and irresistible seductions of Idi Amin Dada, whose cruelty and cunning are masked by brilliant rhetoric, hilarious wit, and electrifying personal magnetism. When at last Nick awakens to the horrors of Amin's regime, he must awaken also to his own complicity in it: he cared for Amin as a doctor and as a friend, and to the knowledge that he is both a traitor to his own country and a prisoner in his new one. By turns comic and chilling, Giles Foden's *The Last King of Scotland* is a masterful debut from a remarkable talent, a riveting history of blood, misery, and foolishness that lingers in the mind long after the last page is turned, and a profound meditation on conscience, charisma, and the slow corruption of the human heart. The Last King of Scotland, 2006 In 1970, the just-graduated doctor Nicholas Garrigan moves to Uganda to get rid of his conservative father. While working in a mission in the country, he meets the new President Idi Amin after the coup d'état that overthrew the former government. He is invited to become his personal physician in Kampala, and along the years, he sees how despotic his friend is. **Bringing History to Life through Film** Kathryn Anne Morey, 2013-12-12 Whether recreating an actual event or simply being set in a bygone era, films have long taken liberties with the truth. While some members of the audience can appreciate a movie without being distracted by historical inaccuracies, other viewers are more discerning. From revered classics like *Gone with the Wind* to recent award winners like *Argo*, Hollywood films often are taken to task for their loose adherence to the facts. But what obligation do filmmakers have to the truth when trying to create a two-hour piece of entertainment? In *Bringing History to Life through Film: The Art of Cinematic Storytelling*, Kathryn Anne Morey brings together essays that explore the controversial issue of film as a purveyor of history. Examining a range of films, including highly regarded features like *The Last of the Mohicans* and *Pan's Labyrinth*, as well as blockbuster franchises like *Pirates of the Caribbean*, the chapters demonstrate that the debate surrounding the role of history on film is still as raw as ever. Organized

in five sections these essays discuss the myths and realities of history as they are portrayed on film from Nostalgic Utopias to Myths and Fairy Tales The fourteen chapters shed light on how films both convey and distort historical realities to capture the essence of the past rather than the past itself Ultimately they consider what role cinema plays as the quintessential historical storyteller In addition to cinema and media studies this book will appeal to scholars of history and fans of a wide range of cinematic genres

The New Scottish Cinema Jonathan Murray, 2015-03-31 From a near standing start in the 1970s the emergence and expansion of an aesthetically and culturally distinctive Scottish cinema proved to be one of the most significant developments within late twentieth and early twenty first century British film culture Individual Scottish films and filmmakers have attracted notable amounts of critical attention as a result The New Scottish Cinema however is the first book to trace Scottish film culture s industrial creative and critical evolution in comprehensive detail across a forty year period On the one hand it invites readers to reconsider the known films such as *Shallow Grave* *Ratcatcher* *The Magdalene Sisters* *Young Adam* *Red Road* and *The Last King of Scotland* On the other it uncovers the overlooked from the 1980s comedic film makers who followed in the footsteps of Bill Forsyth to the variety of present day Scottish film making a body of work that encompasses explorations of multiculturalism exploitation of the macabre and much else in between In addition to analysing an eclectic range of films and filmmakers The New Scottish Cinema also examines the diverse industrial institutional and cultural contexts which have allowed Scottish film to evolve and grow since the 1970s and relates these to the images of Scotland which artists have put on screen In so doing the book narrates a story of interest to any student of contemporary British film

Postcolonial Criticism and Representations of African Dictatorship Cecile Bishop, 2017-07-05 The figure of the dictator looms large in representations of postcolonial Africa Since the late 1970s writers film makers and theorists have sought to represent the realities of dictatorship without endorsing the colonialist cliches portraying Africans as incapable of self government Against the heavily politicized responses provoked by this dilemma Bishop argues for a form of criticism that places the complexity of the reader s or spectator s experiences at the heart of its investigations Ranging across literature film and political theory this study calls for a

reengagement with notions often seen as unwelcome diversions from political questions such as referentiality genre and aesthetics But rather than pit political approaches against formal and aesthetic procedures the author presents new insights into the interplay of the political and the aesthetic Cecile Bishop is a Junior Research Fellow in French at Somerville College Oxford

The West and China in Africa Alemayehu Mekonnen, 2015-11-13 The West and China in Africa Civilization without Justice is an outcome of Dr Alemayehu Mekonnen's personal intellectual struggle life experience and an attempt to understand Christ and his message within the cultural context of Africa The intellectual struggle has to do with the paradoxical reality of Africa's situation An attempt to reconcile the seemingly irreconcilable situation of Africa tests and stretches anyone's mind beyond limit According to archaeological and geological findings Africa is the first habitat of humanity and yet it is the least habitable place in the world today The continent is extremely rich with natural resources but it is known for poverty disease malnutrition and starvation As some Afro-centric scholars argue Africa is the birthplace of world civilization and yet it is known for destruction Social instability is rampant coup d'etat and counter coup d'etat is common Displacement and the number of refugees are ever increasing As a person of African origin and now a US citizen Mekonnen was able to see realities objectively in the eyes of an African and American This book explores the myth and reality of Western Eastern and African dictators role in the history of Africa
