The Last Days of the High Seas Fleet Nicholas C. Jellicoe,2019-01-30 Much fresh material an excellent historical narrative of the events leading up to the Great Scuttle the terrible day itself and its aftermath Warships International Fleet Review On June 21 1919 the ships of the German High Seas Fleet interned at Scapa Flow since the Armistice began to founder taking their British custodians completely by surprise In breach of agreed terms the fleet dramatically scuttled itself in a well planned operation that consigned nearly half a million tons and 54 of 72 ships to the bottom of the sheltered anchorage in a gesture of Wagnerian proportions This much is well known but more than a century after the Grand Scuttle many questions remain Was von Reuter the fleet s commander acting under orders or was it his own initiative Why was June 21 chosen Did the British connive in or even encourage the action Could more have been done to save the ships Was it legally justified And what were the international ramifications This new book analyzes all these issues beginning with the fleet mutiny in the last months of the war that precipitated a social revolution in Germany and the eventual collapse of the will to fight The Armistice terms imposed the humiliation of virtual surrender on the High Seas Fleet and the conditions under which it was interned are described in detail Meanwhile the victorious Allies wrangled over the fate of the ships an issue that threatened the whole peace process Using much new material from German sources and a host of eyewitness testimonies the circumstances of the scuttling itself are meticulously reconstructed while the aftermath for all parties is clearly laid out The story concludes with the biggest salvage operation in history and a chapter on the significance of the scuttling to the postwar balance of naval power This is an important reassessment of the last great action of the First World War
