The Last Picture Show:

The Last Picture Show Larry McMurtry, 2018-03-20 McMurtry is an alchemist who converts the basest materials to gold New York Times Book Review The Last Picture Show 1966 is both a rambunctious coming of age story and an elegy to a forlorn Texas town trying to keep its one movie house alive Adapted into the Oscar winning film this masterpiece immortalizes the lives of the hardscrabble residents who are threatened by the inexorable forces of the modern world

The last picture show, 2006 Performed by Timothy Bottoms Jeff Bridges Ellen Burstyn Ben Johnson Cloris Leachman Randy Quaid Cybill Shepherd Summary Drama of social and sexual mores in small town Texas set in the lull between World War II and the Korean War High schoolers Sonny and Duane are best friends and as graduation approaches they consider their future and the future of their dying town Based on the novel by Larry McMurtry Originally released as a motion picture in 1971 Special features The last picture show a look back documentary In a Narrow Grave Larry McMurtry, 2010-06-01 Writing with characteristic grace and wit Larry McMurtry tackles the full spectrum of his favorite themes from sex literature and cowboys to rodeos small town folk and big city slickers First published in 1968 In a Narrow Grave is the classic statement of what it means to come from Texas In these essays McMurtry opens a window into the past and present of America's largest state In his own words Before I was out of high school I realized I was witnessing the dying of a way of life the rural pastoral way of life In the Southwest the best energies were no longer to be found on the homeplace or in the small towns the cities required these energies and the cities bought them I recognized too that the no longer open but still spacious range on which my ranching family had made its livelihood would not produce a livelihood for me or for my siblings and their kind The myth of the cowboy grew purer every year because there were so few actual cowboys left to contradict it I had actually been living in cities for fourteen years when I pulled together these essays intellectually I had been a city boy but imaginatively I was still trudging up the dusty path that led out of the country **A New Pot of Gold** Stephen

Prince, 2002-03-15 Facing an economic crisis in the 1980s Hollywood moved to control the markets of videotape pay cable and pay per view This volume examines the transformation that took the industry from the production of theatrical film to media software

Polly Platt Aaron Hunter,2022-01-19 This book examines the career and creative labour of production designer Polly Platt It focuses mainly on her contributions to 1970s Hollywood but also considers her later work Considering films such as *The Last Picture Show* *Paper Moon* *The Bad News Bears* and *The Witches of Eastwick* it argues that Platt's construction of their visual palette and mise en scene was so creative and so comprehensive that it can be considered authorial Chapters discuss Platt's life and its influence on her work her attention to detail her role in location decisions and costume design and her use of colour An epilogue discusses her later career as a producer and her mentorship to young filmmakers like Cameron Crowe and Wes Anderson This is the first full length examination of the career of one of the women practitioners whose work was so important to 1970s cinema and provides an alternative methodology to the auteur driven framing that so regularly defines the era

Dirty Real Peter Stanfield, 2024-07-06 The story of how the movies assumed a gritty facade in the name of authenticity with working actors transforming into artists poets painters troubadours and filmmakers both on and off screen This is the tale of how Hollywood inspired by the success of Easy Rider sold a cycle of films as the new dirty real Dennis Hopper Peter Fonda Monte Hellman Jack Nicholson Kris Kristofferson and Sam Peckinpah among others parlayed a nostalgia for the gutter and donned bohemian personae pulling on soiled shirts and scuffed boots to better counter the glamour and phoniness of Tinseltown The result was a generation of movies including The Hired Hand Five Easy Pieces Two Lane Blacktop The Last Picture Show and Pat Garrett and Billy the Kid With great care for the historical record and displaying a refined critical acuity Peter Stanfield captures that pivotal moment when Hollywood tried to sell a begrimed vision of itself to the world

Mr. Skin's Skincyclopedia Mr. Skin, Skin, 2005 Cult hero radio personality and internet maven Mr Skin is the foremost authority on celebrity nudity At last the inimitable Mr Skin has compiled his vast knowledge into this truly entertaining reference work With skinfo on more than 2000 actresses the films in which they appeared naked and their best nude scenes this is presented in a very easy to use alphabetical format This is both a hilariously alternative take on Hollywood culture and an educational guide to movie stars and really is a one of a kind book

Other Hollywood Renaissance Dominic Lennard, 2020-09-09 In the late 1960s the collapse of the classic Hollywood studio system led in part and for less than a decade to a production trend heavily influenced by the international art cinema Reflecting a new self consciousness in the US about the national film patrimony this period is known as the Hollywood Renaissance However critical study of the period is generally associated with its so called principal auteurs slighting a number of established and emerging directors who were responsible for many of the era's most innovative and artistically successful releases With contributions from leading film scholars this book provides a revisionist account of this creative resurgence by discussing and memorializing twenty four directors of note who have not yet been given a proper place in the larger history of the period Including filmmakers such as Hal Ashby John Frankenheimer Mike Nichols and Joan Micklin Silver this more expansive approach to the auteurism of the late 1960s and 1970s seems not only appropriate but pressing a necessary element of the re evaluation of Hollywood with which cinema studies has been preoccupied under the challenges posed by the emergence and flourishing of new media

Screen Writings Bert Cardullo, 2010-03-01 Screen Writings Partial Views of a Total Art Classic to Contemporary offers close readings of individual films intended to explain how moviemakers use the resources of the medium to pursue complex and significant humanistic goals It fills the middle ground between vague simple plot summaries and theoretical pronouncements As such this book can be considered a call for the return of practical criticism as the best way to understand and appreciate the work of cinematic artists
