The Universal Vampire Barbara Brodman, James E. Doan, 2013-03-08 Since the publication of John Polidori's The Vampyre 1819 the vampire has been a mainstay of Western culture appearing consistently in literature art music notably opera film television graphic novels and popular culture in general Even before its entrance into the realm of arts and letters in the early nineteenth century the vampire was a feared creature of Eastern European folklore and legend rising from the grave at night to consume its living loved ones and neighbors often converting them at the same time into fellow vampires A major question exists within

vampire scholarship to what extent is this creature a product of European cultural forms or is the vampire indeed a universal perhaps even archetypal figure In this collection of sixteen original essays the contributors shed light on this question One essay traces the origins of the legend to the early medieval Norse draugr an undead creature who reflects the underpinnings of Dracula the latter first appearing as a vampire in Anglo Irish Bram Stoker's 1897 novel Dracula In addition to these investigations of the Western mythic literary and historic traditions other essays in this volume move outside Europe to explore vampire figures in Native American and Mesoamerican myth and ritual as well as the existence of similar vampiric traditions in Japanese Russian and Latin American art theatre literature film and other cultural productions The female vampire looms large beginning with the Sumerian goddess Lilith including the nineteenth century Carmilla and moving to vampiresses in twentieth century film literature and television series Scientific explanations for vampires and werewolves constitute another section of the book including eighteenth century accounts of unearthing decapitation and cremation of suspected vampires in Eastern Europe The vampire's beauty attainment of immortality and eternal youth are all suggested as reasons for its continued success in contemporary popular culture

Otherworldly Politics Stephen Benedict

Dyson, 2015-06-30 To the extent that politics involves decision making amidst an array of competing values most of human interaction may be understood as political For students of international relations and political science it can be a daunting task to evaluate value propositions in debate and discussion of issues with equally compelling opposing sides Fictions found in storybooks on the stage and on the silver screen however offer scenarios in which value propositions may be sorted out as low stakes case studies To help his students think critically about international relations and politics Stephen Benedict Dyson has found that using the fictional realities of three different television and cable programs Star Trek Battlestar Galactica and Game of Thrones so thoroughly engages his students in the classrooms that conversations frequently spill out into the hallways after class and onto Blackboard discussion groups Students' strong grasp of these shows events themes characters and plot lines allow them to more easily understand the theory of international relations and politics and then translate that theory into contemporary political scenarios

The Discourse on the All-Embracing Net of Views , 2025-01-12

The All-Embracing Net of Views The Brahmajala Sutta one of the Buddha's most important and profound discourses weaves a net of sixty-two cases capturing all the speculative views on the self and the world This book contains an accurate and readable translation of this discourse as well as of its massive commentary and the subcommentary allowing for a close in depth study of the work It also contains translations of three commentarial treatises that throw valuable sidelights on rarely known aspects of Theravada Buddhism The long introduction by Bhikkhu Bodhi is itself a modern philosophical commentary on the sutta It elucidates the key points of the discourse and explains the place of the Brahmajala in the overall structure of Buddhist thought The Brahmajala is more than merely the first item in a collection of discourses It is the gateway to the entire Teaching of the Buddha itself Its central message must be grasped to ensure a correct understanding of the Teaching

 Reproduction of the original The B bur n ma in English by Annette Susannah Beveridge Keeper of the Flame Bianca
 D'Arc,2017 A warrior a maiden and a passion that could set the whole world aflame Despite the fact he is the largest of his
 half dragon brothers and better suited to fighting Hugh has been sent on an undercover mission Forced to stay in human
 form he must discover if the land of Helios is truly the Draconian ally it pretends or something more sinister When he
 witnesses injustice in the form of a misshapen baby gryphon kicked out into the cold he cannot remain in the shadows and
 watch the child suffer All he can hope for is that his act of kindness will go unnoticed so his mission can continue But
 someone does notice When Lera cautiously approaches Hugh she is drawn to his strange foreign magic She is entranced by
 its irresistible allure until assassins come calling and reveal her true identity She is Valeria queen of Helios Keeper of the
 Flame And she has been betrayed Together they must risk everything to uncover the traitors and re forge the alliance
 between their lands Yet beneath their blazing passion both are still keeping secrets Secrets that the Sacred Flame will reveal
 if their love survives its cleansing fire **World's Greatest Classics in One Volume** Herman Hesse,Marcel Proust,Leo
