Image shows possible suspect in radioman's slay

A SLIGHTLY blurry image from a CCTV clip of the "person of interest" in the radioman's slaying was released Friday by the Department of the Interior and Local Government (DILG) and the National Capital Region (NCR) Police.

In a press briefing at Camp Baguio Drive in Taguig City, Interior Secretary Benjamin "Besbes" Abalos Jr. presented the image which was taken from the CCTV footage acquired by the Las Piñas City Police.

It shows a man in a white shirt, blue pants and a white shirt.

Abalos urged the media to stop speculating, warning that hiding only puts him at risk, because those who misinterpreted the killing might be planning to get rid of him, as well.

Abalos also offered a cash reward of P1,500,000 to people with information leading to the killer's arrest.

Malabon, more specifically known as Percy Lapid, who had a program on DWLS 1242 radio, was shot dead by two men in Sta. Cecilia Village, Las Piñas City, on Monday.

Investigators said the suspects fled on a motorcycle and a white Toyota sedan with license plate NCR 8284. Abalos said the Philippine National Police's Anti-Cybercrime Group, Criminal Investigation and Detection Group, and National Bureau of Investigation were

News and Politics Stephen Cushion, 2015-03-24 News and Politics critically examines television news bulletins still the primary source of information for most people and asks whether the wider pace and immediacy of 24 hour news culture has influenced their format and style over time Drawing on the concepts of mediatization and journalistic interventionism Stephen Cushion

empirically traces the shift from edited to live reporting from a cross national perspective focussing on the two way convention in political coverage and the more interpretive approach to journalism it promotes Challenging prevailing academic wisdom Cushion argues that the mediatization of news does not necessarily reflect a commercial logic or a lowering of journalism standards In particular the rise of live two ways can potentially enhance viewers understanding of public affairs moving reporters beyond their visual backdrops and reliance on political soundbites by asking journalists to scrutinize the actions of political elites interpret competing source claims and to explain the broader context to everyday stories Considering the future of 24 hour news a final discussion asks whether new content and social media platforms including Twitter and Buzzfeed enhance or weaken democratic culture This timely analysis of News and Politics is ideal for students of political communication and journalism studies as well as communication studies media studies and political science

The Ownership of the News Great Britain: Parliament: House of Lords: Select Committee on Communications,2008 This report examines the impact that media ownership can have on the news and the effect of consolidation on the newspaper television and radio industries The newspaper industry is facing severe problems as readership levels fall young people turn to other sources of news and advertising moves to the internet Newspaper companies are having to make savings and this is having a particular impact on investment in news gathering and investigative journalism In television news the same trends are evident Most news programmes have smaller audiences than they had ten years ago younger people in particular are watching less television news commercial television channels are losing advertising revenue to the internet New media in particular the internet are having a major impact on the way news is produced and consumed but the traditional forms of news are likely to be the most popular sources of news for the foreseeable future The proliferation of news sources has not been matched by a corresponding expansion in professional and investigative journalism Owners can and do influence the news in a variety of ways They are in a position to have significant political impact The consolidation of media ownership

adds to the risk of disproportionate influence The Committee recommends reform of the public interest test criteria for newspaper mergers and also believes that reforming cross media ownership restrictions on regional and local newspaper and radio mergers is necessary The Committee does not consider changes in ownership regulation and competition law to be enough if the aim is to ensure a range of voices and high quality news The public service broadcasting system in the United Kingdom provides an invaluable news service for the citizen and it is crucial that the contribution of all the public service broadcasters is maintained Understanding Competition and Diversity in Television Programming: Economic crisis & TV
