monumental act marked only the beginning of the most pivotal year of Lincoln's presidency and the most revolutionary twelve months of the entire Civil War. In recognition of the sesquicentennial of this tumultuous time, prominent Civil War scholars explore the events and personalities that dominated 1863 in this enlightening volume, providing a unique historical perspective on a critical period in American history. Several defining moments of Lincoln's presidency took place in 1863, including the most titanic battle ever to shake the American continent, which soon inspired the most famous presidential speech in American history. The ten essays in this book explore the year's important events and developments, including the response to the signing of the Emancipation Proclamation, the battles of Gettysburg and Vicksburg, and other less well-known confrontations, the New York City draft riots, several constitutional issues involving the war powers of President Lincoln, and the Gettysburg Address and its continued impact on American thought. Other topics include the adaptation of photography for war coverage, the critical use of images, the military role of the navy, and Lincoln's family life during this fiery trial. With an informative introduction by noted Lincoln scholar Harold Holzer and a chronology that places the high-profile events of 1863 in context with cultural and domestic policy advances of the day, this remarkable compendium opens a window into a year that proved decisive not only for the Civil War and Lincoln's presidency but also for the entire course of American history.

Edward Murr, 2022-11 Abraham Lincoln spent a quarter of his life from 1816 to 1830, ages 7 to 21, learning and growing in southwestern Indiana. Despite the importance of these formative years, Lincoln rarely discussed this period, and with his sudden, untimely death in 1865, mysterious gaps appear in recorded history. In *Abraham Lincoln's Wilderness Years*, Joshua Claybourn collects and annotates the most significant scholarship from J. Edward Murr, one of the only writers to cover this lost period of Lincoln's life. A Hoosier minister who grew up with the 16th president's cousins, Murr interviewed locals who knew Lincoln. Part I features selected portions of Murr's book-length manuscript on Lincoln's youth.

published here for the first time Part II offers a series by Murr on Lincoln's life in Indiana originally printed in the Indiana Magazine of History Part III reveals letters between Murr and US Senator Albert J Beveridge a prominent historian about Beveridge's early manuscript of the biography Abraham Lincoln 1809-1858 Of all Lincoln's biographers none knew his boyhood associates and Indiana environment as well as Murr whose complete Lincoln research and scholarship have never been published until now Abraham Lincoln's Wilderness Years preserves and celebrates this important source material unique for studying Lincoln's boyhood years in Indiana
