The Little Red Schoolbook Bill John Somerville Smith, George Hannan, 1972 **The Little Red Schoolbook** Søren Hansen, Jesper Jensen, 2014-04 Reissue of the uncensored and original edition of the little book that tried to change the world

The Little Red School Book Søren Hansen, Jesper Jensen, 1973 Offensive Literature John Sutherland, 1983-01-01

This provocative book takes decensorship from the 1960 Lady Chatterley trial through the long term drive against pornography which continues into the 1980s

The Little Red School Book Bruce Leslie Smith, 1972 **The Little Red Schoolbook. Transl. from Danish by B. Thornberry** Søren Hansen, Jesper Jensen, B. Thornberry, 1971 *The Issue of the Little Red Schoolbook* Penny J. Moss, Western Teachers College, 1972 A History of Abortion and Contraception in Queensland, Australia, 1960-1989 Cassandra Byrnes, 2024-06-03

This book looks at the recent history of sex contraception and abortion in Australia's most conservative state Queensland. In western nations there has largely been a consistent increase in available contraception and access to abortion from the 1960s onwards yet there are a few geographical exceptions that resisted this trend including Queensland. Cassandra Byrnes highlights the multifarious ways sexuality and reproduction were continually constructed and challenged during the second half of the twentieth century and follows the responses of key groups to changing laws and attitudes in a time of local and global sexual and social revolutions. She explores interactions between identities of gender, sexuality, class, age, marital status and geography to illustrate how specific sexed bodies became liminal sites for legal and medical debate. This Queensland case study is contextualised within international debates concerning women's reproductive rights and will be of interest to students and scholars interested in the history of reproductive rights, gender and sexuality.

The European Convention for the Protection of Human Rights Mireille Delmas-Marty, 2021-10-25. The reason of State plays an important role under the European Convention for the Protection of Human Rights and Fundamental Freedoms. Not only does Article 15 authorize States to take measures derogating from their obligations under the Convention in time of war or other public emergency threatening the life of the nation, most of the rights and liberties defined in the Convention are subject to escape clauses as well. This book demonstrates first that the system of the Convention is much more ambiguous than could have been expected. Secondly, it shows on the basis of study carried out in most of the Member States of the Council of Europe that a certain resistance exists to the Convention. Neither the ambiguity of the European system nor the resistance of States to the system must be overlooked. These should not however conceal the dynamics of the Europe States relationship which could well lead to a more reasoned conception of the reason of State. Has a Europe of human rights begun to develop through the complex interplay of national and European norms? This is the question raised in this fascinating book. Mireille Delmas Marty is professor of Law at the Université de Paris 1 Panthéon-Sorbonne and Director of the Section de Sciences Criminelles of the Institute of Comparative Law in Paris.

A Matter of Obscenity Christopher Hilliard, 2023-09-26. A comprehensive history of censorship in modern

Britain For Victorian lawmakers and judges the question of whether a book should be allowed to circulate freely depended on whether it was sold to readers whose mental and moral capacities were in doubt by which they meant the increasingly literate and enfranchised working classes The law stayed this way even as society evolved In 1960 in the obscenity trial over D H Lawrence s *Lady Chatterley s Lover* the prosecutor asked the jury Is it a book that you would even wish your wife or your servants to read Christopher Hilliard traces the history of British censorship from the Victorians to Margaret Thatcher exposing the tensions between obscenity law and a changing British society Hilliard goes behind the scenes of major obscenity trials and uncovers the routines of everyday censorship shedding new light on the British reception of literary modernism and popular entertainments such as the cinema and American style pulp fiction and comic books He reveals the thinking of lawyers and the police authors and publishers and politicians and ordinary citizens as they wrestled with questions of freedom and morality He describes how supporters and opponents of censorship alike tried to remake the law as they reckoned with changes in sexuality and culture that began in the 1960s Based on extensive archival research this incisive and multifaceted book reveals how the issue of censorship challenged British society to confront issues ranging from mass literacy and democratization to feminism gay rights and multiculturalism **Swearing in English** Tony

offence to religions and their followers Even before the 2005 publication of the Danish Mohammed cartoons Muslim States

have endeavoured to establish some reputational protection for religions on the international level by pushing for recognition of the novel concept of defamation of religions This study recounts these efforts as well as the opposition they aroused particularly by proponents of free speech It also addresses the more fundamental issue of how religion and international law may relate to each other Historically enforcing divine commands has been the primary task of legal systems and it still is in numerous municipal jurisdictions By analysing religious restrictions of blasphemy and sacrilege as well as international and national norms on free speech and freedom of religion Lorenz Langer argues that on the international level at least religion does not provide a suitable rationale for legal norms
