Garber,2022-01-01 *Novel Approaches to Lesbian History* tells a tale about history and community in our allegedly post identity era examining contemporary novels that depict lesbian characters in recognizable historical situations These imaginative stories provide a politically vital speculative past in the face of a sketchy problematic archive Among the memorable characters in some 200 novels are pirates cowgirls and famous artists ghosts and time travellers immigrants and lovers The best lesbian historical novels are conscientious and buoyant as they engage critical historiographical questions but *Novel Approaches* also discusses the class and race biases that weigh on the genre Some lesbian historical novels are based on archival evidence others on conjecture or fantasy but all convey the true fact that identity is elusive without a past without which its future is nearly impossible *How the Scots Won the English* Alisdair McRae,2013-08-01 Taking a fresh look at the Scottish involvement in the English Civil War this fascinating take on a popular period of history focuses on how the Scots influenced the outcome of the first stage of the war ending with the significant capture of Charles I It follows one regiment in particular Colonel Hugh Fraser s dragoons from its creation through its actions at Marston Moor which cleared

the way for and made possible the success of the Scottish cavalry and Cromwell's Ironsides. It is through the dragoons' success there and ability to save the right wing that they arguably won the battle and the Civil War in Northern England. Following the regiment to its return to Scotland, eventual dissolution and the suspicious poisoning of its founder, the picture is completed of what could be one of the most important components of the Civil War. Alastair McRae expertly weaves a new narrative to the rich tapestry of Civil War history and would make anyone think twice about the event utilising thirty years of well thought out research. McRae puts forward a controversial but powerful case for the primacy of the war in the north in the defeat of Charles I. **sunfall** Nell Stark, Trinity Tam, 2012-05-01

In the final installment of the everafter series, Valentine Darrow and Alexa Newland work to rebuild their relationship even as they find themselves at the heart of the struggle that will determine a new world order for vampires and wereshifters. To survive, they must defeat the growing threat posed by Balthasar Brenner, who has been a thorn in the side of the vampire wereshifter Consortium for centuries. The search for Brenner leads Val and Alexa deep into the heart of the Alaskan wilderness where they must confront Brenner's forces and either secure peace between the paranormal races or die in the attempt. *Mission of Desire* Terri Richards, 2012-05-01

Quiet and introverted graduate student Nicole Kennedy has always longed to do something far more adventurous than study politics from used textbooks. But when she spontaneously sets off for Africa to volunteer as a teacher over the summer, she gets more excitement than she could have ever imagined. Within hours of arriving in Kenya, Nicole finds herself at the center of an international conspiracy involving millions of dollars and being rescued by beautiful but infuriatingly arrogant government agent Kira Anthony. Despite her suspicions that Kira may not be who she claims to be, Nicole can't seem to fight her growing attraction to the beguiling blonde. Could it be the thrill, the danger, the close proximity that explains her feelings, or is it a glimpse of something she's never known and can't bear to lose. **Lemon Reef** Robin Silverman, 2012-07-01

What would you risk for the memory of your first love? When Jenna Ross learns her high school love, Del Soto, died on Lemon Reef, she refuses to accept the official Miami medical examiner's report of death from natural causes. Lemon Reef is a realm of glimmering beauty where marine life triumphs over industrial waste. Del and Jenna dove on it every day during the summer before their tenth grade year, their love for the reef deepening as their passion for each other grew. It is a site of tenacity and wonder that mirrored their own until they were outed and forced to separate. Even fifteen years later, Jenna knows that Del's heart could not have given out there. Grief-stricken over Del's death and fearing that Del's young daughter may be in danger, Jenna risks all she has worked so hard for to return to Miami where she must dive into an excruciating past so that the truth of the present may surface. **Coming Attractions** Bobbi Marolt, 2012-08-01
