the misdeeds to the capital star system Geary realizes that some have decided the easiest way to make the Alliance's problems disappear is to get rid of him. He finds himself ordered to undertake a perilous new assignment outside the reaches of human occupied space while the Senate clashes over the evidence. Geary's warships must escort a diplomatic and scientific mission across the dangerous disintegrating remnants of the Syndicate Worlds empire. But even if he can make it to Midway Star System, the gateway to alien controlled space, Geary will face former Syndic officials who have rebelled and regard the Alliance with deep suspicion. And that will be the easy part. The Lost Stars: Perilous Shield Jack Campbell, 2014-09-30

Following a successful coup against the tyrannical Syndicate, the leaders of the rebel Midway Star System work to forge a government free enough to please its citizens yet strong enough to secure power. But in a world where former rulers have become new foes, an alien threat to humanity may turn old adversaries into uncertain allies. President Gwen Icenis believes Midway is their only defense against the enigmas. Syndicate training taught her self-preservation in a crisis, yet she's determined to fight for the star system's fate even if it means joining forces with another former Syndicate CEO and an officer of the hated Alliance. Despite General Artur Drakon's misgivings, he partnered with Icenis to overthrow Syndic forces. Now with an enigma fleet menacing their hard-earned independence, he can ill afford to trust her or lose her support. But in the back of his mind, there are three words that describe someone who confides in a Syndicate CEO: Stupid, Betrayed, Dead.
