In the seventeenth century a map of the plague suggested a radical idea that the disease was carried and spread by humans. In the nineteenth century maps of cholera cases were used to prove its waterborne nature. More recently maps charting the swine flu pandemic caused worldwide panic and sent shockwaves through the medical community. In *Disease Maps* Tom Koch contends that to understand epidemics and their history we need to think about maps of varying scale from the individual body to shared symptoms evidenced across cities, nations and the world. *Disease Maps* begins with a brief review of epidemic mapping today and a detailed example of its power. Koch then traces the early history of medical cartography including pandemics such as European plague and yellow fever and the advancements in anatomy, printing and world atlases that paved the way for their mapping. Moving on to the scourge of the nineteenth century cholera Koch considers the many choleras argued into existence by the maps of the day including a new perspective on John Snow's science and legacy. Finally Koch addresses contemporary outbreaks such as AIDS, cancer and H1N1 and reaches into the future toward the coming

epidemics Ultimately Disease Maps redefines conventional medical history with new surgical precision revealing that only in maps do patterns emerge that allow disease theories to be proposed hypotheses tested and treatments advanced City of Thirst Carrie Ryan, John Parke Davis, 2015-10-13 New York Times bestselling author Carrie Ryan and John Parke Davis transport readers back to the boundless world of the Pirate Stream in this engaging and exhilarating sequel to the highly acclaimed The Map to Everywhere that is equal parts adventure humor and heart When the magical waters of the Pirate Stream begin flooding Marrill's world the only way to stop the destruction is to return to the Stream and find the source of the mysterious Iron Tide Reunited with her best friend Fin who has been forgotten all over again Marrill her disbelieving babysitter and the Enterprising Kraken crew must make the treacherous trek to the towering sliding impossible world of Monerva and uncover the secrets of its long lost wish machine Only there can Fin wish to finally be remembered Only there can Marrill wish to save her world and all the people she loves But to get everything they've ever wanted Marrill and Fin may have to give up on the most important thing they already have each other The Map to Everywhere 4 Carrie Ryan, John Parke Davis, Iron Tide Rising Carrie Ryan, John Parke Davis, 2018-02-13 Magical worlds and incredible creatures fill the pages of this epic action packed finale of the Map to Everywhere series from John Parke Davis and New York Times bestselling author Carrie Ryan Intrepid travelers Fin and Marrill have shared countless thrilling and treacherous adventures on the magical waters of the Pirate Stream But neither could have expected that their final adventure would force them to team up with their oldest enemy the evil wizard Serth With the fate of the Stream and all their friends hanging in the balance can they challenge the most frightening power they've ever come up against Find out in this mind blowing conclusion to the Map to Everywhere series **The Map to Everywhere** Carrie Ryan, John Parke Davis, 2016 The Keystone, 1919
