1785-1840 Steven E Jones, 2022-07-30 This set offers a representative collection of the verse satire of the Romantic period published between the mid 1780s and the mid 1830s As well as two single author volumes from William Gifford and Thomas Moore there is also a wealth of rare unedited material **Mistress Ethics** Victoria Brooks, 2022-01-13 The figure of the

mistress is undoubtedly controversial She provokes intense reactions ranging from fear to disgust and revulsion to excitement and titillation to sadness and perhaps to some love The mistress is conventionally depicted as a threat to moral living and someone whose sexuality is considered defective and toxic Of course she is a woman that you would not have as your friend and certainly not your wife since her ethical sense if she even has one is dubious at best This book subverts these traditional judgements and offers an unflinching look at the lived experience of the mistress Here she is recast as a potentially loving free intimate other woman Drawing upon feminist philosophy contemporary sexual ethics and the current cultural moment of MeToo Mistress Ethics moves beyond a narrative of infidelity conventional judgment the safeguarding of monogamy and conventional heterosex that permeates our society It asks what happens when we let go of our insecurities judgments and moralistic relationship philosophies and opt instead for an ethics of kindness This kindness underpinned by engaging with those deemed other and learning from mistresses both straight and queer will teach us new ways of thinking about ethics and sex and reveal how we have better sex and how we can be better to each other **The Methuen Drama**

Social Issues in China Zhidong Hao,Sheying Chen,2013-08-23 Since 1978 the opening up and reform in China has brought tremendous economic and social changes While China s economic progress has been commendable the social problems that go with economic changes have raised serious concerns Some of those concerns are related to gender ethnic labor and environmental issues This book is about what has happened in these arenas

in China since the opening up and reform in 1978 The study of gender ethnicity labor and environment touches on some of the fundamental problems of modernization especially the development of individuals and groups So even though gender ethnicity labor and environment seem to be separate issues they are in fact related in some fundamental ways That's what this book will explore as well To understand is one thing and to do is another This book also incorporates studies of NGO practices to see how NGOs have helped in transforming gender ethnic labor and environment interplay Our study of NGOs in helping improve such interplay sheds light on how specifically civil society can prod the state to transform social relations for the better This book is an attempt to assess the changes both positive and negative in gender ethnic ethnic and environmental relations in China especially in the past 30 years of opening up and reform especially regarding national identity formation The British National Bibliography Arthur James Wells,2007 *Naming Thy Name* Elaine

Lenin Lars T. Lih, 2020-02-19 After Karl Marx Vladimir Lenin 1870 1924 is the man most associated with communism and its influence and reach around the world Lenin was the leader of the communist Bolshevik party during the October 1917 revolution in Russia and he subsequently headed the Soviet state until 1924 bringing stability to the region and establishing a socialist economic and political system In Lenin Lars T Lih presents a striking new interpretation of Lenin s political beliefs and strategies Until now Lenin has been portrayed as a pessimist with a dismissive view of the revolutionary potential of the workers However Lih reveals that underneath the sharp polemics Lenin was actually a romantic enthusiast rather than a sour pragmatist one who imposed meaning on the whirlwind of events going on around him This concise and unique biography is based on wide ranging new research that puts Lenin into the context both of Russian society and of the international socialist movement of the early twentieth century It also sets the development of Lenin s political outlook firmly within the framework of his family background and private life In addition the book s images which are taken from contemporary photographs posters and drawings illustrate the features of Lenin s world and time A vivid non ideological portrait Lenin is an essential look at one of the key figures of modern history
