The Journey to Inner Power Shai Tubali, 2014-12-25 The Journey to Inner Power Self liberation through Power Psychology turns a direct encounter with our deepest unconscious drives into an opportunity for inner transformation

The Journey to Inner Power Shai Tubali, 2015-01-30 If we could take the most intense and penetrating look into our psyche and strip away the layers what would we find at our very core Could we find the key to psychic health that unlocks our full creativity and potential Working with hundreds of people around the world therapist and author Shai Tubali came to realize that it was power that drove the human psyche the primal urge for power the loss of power and the entangled and confused desires to regain power in our lives Tubali created psycho transformative processes to enable the men and women he worked with to uncover these hardest hidden and most denied parts of the self and then guided them to transform these parts into a source of true revitalizing inner power The Journey to Inner Power sets the reader on this challenging new path to self knowledge and self liberation

Indestructible You Shai Tubali, Tim Ward, 2015-05-29 Indestructible You is a practical guidebook for making yourself so strong inside that life's relentless ups and downs cannot shake you and cannot break you It will help you uncover the powerful driving force of your true self and let go of everything that holds you back The book is based exercises and practices developed by Shai Tubali through his research and work guiding several hundred individuals through psycho transformational processes In essence Life is like an eternal seesaw At every given moment you're either up getting what you want and feeling powerful or down finding yourself rejected weakened and frustrated We are forever hoping to bend the laws of this unfair game so that we stay on the up side of life But this unrealistic insistence is why we suffer Indestructible You reveals the way to step down from the eternal seesaw and build an unbreakable self a self that remains fearless and strong no matter what life throws at you

Black Passports Stephanie Y. Evans, 2014-05-14 In this resource guide for fostering youth empowerment Stephanie Y Evans offers creative commentary on two hundred autobiographies that contain African American travel memoirs of places around the world. The narratives are by such well known figures as Frederick Douglass, W E B Du Bois, Billie Holiday, Maya Angelou, Malcolm X, James Baldwin, Muhammad Ali, Richard Pryor, Angela Davis, Condoleezza Rice and President Barack Obama as well as by many lesser known travelers. The book addresses a variety of issues related to mentoring and curriculum development. It serves as a tool for literary mentoring where students of all ages can gain knowledge and wisdom from texts in the same way achieved by one on one mentoring and it also provides ideas for incorporating these memoirs into lessons on history, geography, vocabulary and writing. Focusing on four main mentoring themes: life, school work and cultural exchange, Evans encourages readers to comb the texts for models of how to manage attitudes, behaviors and choices in order to be successful in transnational settings.

The Nature of Magic Susan Greenwood, 2020-06-03 This book examines how and why practitioners of nature religion, Western witches, druids, shamans seek to relate spiritually with nature through magical consciousness. Magic and consciousness are concepts that are often fraught with prejudice and ambiguity respectively. Greenwood develops a new theory of magical consciousness by arguing that magic ultimately has more to do with the workings of the human mind in terms of an expanded awareness than with socio cultural explanations. She combines her own subjective insights gained from magical practice with practitioners in depth accounts and sustained academic theory on the process of magic. She also tracks magical consciousness in philosophy, myth, folklore, story telling and the hi tech discourse of postmodernity and asks important questions concerning nature religion's environmental credentials such as whether it is as inherently ecological as many of its practitioners claim.
