The Lady And The Poet English Edition:

THE LADY'S COMPANION AND MONTHLY MAGAZINE, 1852 *The Poetry and Poets of Britain ... New Edition*
Daniel SCRYMGEOUR, 1865 *British Women Poets of the Long Eighteenth Century* Paula R. Backscheider, Catherine E. Ingrassia, 2022-10-01 This anthology gathers 368 poems by 80 British women poets of the long eighteenth century Few of these poems have been reprinted since originally published and all are crucial to understanding fully the literary history of women writers Paula R Backscheider and Catherine E Ingrassia demonstrate the enormous diversity of poetry produced during this time by organizing the poems in three broad and deliberately overlapping categories by genre establishing that women wrote in all of the forms that men did with equal mastery and creativity by theme offering a revisionary look at the range of topics these writers addressed including war ecology friendship religion and the stages of life and by the poems more specific focus on the women s experiences as writers Backscheider and Ingrassia have selected poems that represent the best work of skilled poets creating a wonderful mix of canonical and little known pieces They include the complete texts of longer poems that are abridged or omitted in other collections Their substantial part introductions textual notes bibliographical information and biographical sketches situate the poets and their writings within the cultural and political milieu in which they appeared To generate further scholarship on this subject this essential anthology puts primary texts in front of students scholars and general readers It fills the persistent need to document women s poetic expression during the long eighteenth century and to rewrite the literary history of the period a history from which women have largely been excluded *Jones's Cabinet Edition of British Poets*, 1829 *British Women Poets and the Romantic Writing Community*
Stephen C. Behrendt, 2009-02-02 Approaching the work of Romantic era British women poets through the lenses of public radicalism war and poetic form This compelling study recovers the lost lives and poems of British women poets of the Romantic era Stephen C Behrendt reveals the range and diversity of their writings offering new perspectives on the work of dozens of women whose poetry has long been ignored or marginalized in traditional literary history British Romanticism was once thought of as a cultural movement defined by a small group of male poets This book grants women poets their proper place in the literary tradition of the time In an approach ripe for classroom teaching Behrendt first reviews the subject thematically exploring the ways in which the poems addressed both public concerns and private experiences He next examines the use of particular genres including the sonnet and various other long and short forms In the concluding chapters Behrendt explores the impact of national identity providing the first extensive study of Romantic era poetry by women from Scotland and Ireland In recovering the lives and work of these women Behrendt reveals their active participation within the rich cultural community of writers and readers throughout the British Isles This study will be a key resource for scholars teachers and students in British literary studies women s studies and cultural history **The Donna Angelica and the British Enlightenment Poets** A.D. Cousins, 2024-08-29 The aim of the book is to propose new interpretations of poets who

are among the most valued and discussed in the British Enlightenment In fulfilling its aim the book covers English poetry and intellectual history from the Restoration to the later eighteenth century It examines how the myth of the donna angelica the angelic lady ancient in origin but given its best known form within the medieval literature of fin amor lives on beyond the Middle Ages and the Renaissance into the Enlightenment To be more precise it studies how some major Augustan poets appropriate and recreate what for convenience can be called the donna angelica topos or the angelic lady motif They do so for a great many reasons linked with quite diverse circumstances Nevertheless the myth's intellectual richness emotional intensity and inherent ambiguities mean that it offers each of them a powerful way for articulating interpreting exploring refractions of eros whether singly or diversely directed concerned with sexuality or spirituality informing personal or public experience The myth has as many faces so to speak as does desire it is one and yet many Thus the book pursues a particular fable of eros that appears in a multiplicity of texts in a multiplicity of guises It studies how some of the most interesting poets from Dryden to Crabbe bring the angelic lady motif into modernity

Nancy Cunard Edith Sitwell Mina Loy Charlotte Mew May Sinclair Vita Sackville West and Sylvia Townsend Warner and the impact of such American poets as H D Amy Lowell Edna St Vincent Millay Marianne Moore and Laura Riding on literary practice in Britain This book primarily maps the poetry scene in Britain but identifies the significance of the network of writers between London New York and Paris It assesses women s participation in the diversity of modernist developments which include avant garde experiments quiet but subtly challenging formalism and assertive new woman voices It not only chronicles women s poetry but also their publications and involvement in running presses bookshops and writing criticism Although historically situated it is written from the perspective of contemporary debates concerning the interface of gender and modernism The author argues that a cohering aesthetic of the poetry is a denial of femininity through various evasions of gendered identity such as masking male and female impersonations and the rupturing of realist modes
