THE SKEPTIC PSYCHIC: An Autobiography Into The Acceptance Of The Unseen Suzy Graf, 2010-01-18 I started to write in the fall of 2004 during the night in order to return to sleep I was learning developing as a medium and an animal communicator and I learned that if I wrote my dreams or what my pretend friends were telling me through dreams then I would be left alone and could return to sleep No I was not crazy just a struggling would be psychic searching to understand the unknown and when I began this path my searching I found little literary assistance Yes the celebrity psychics all had their autobiographies in print but something was missing I needed to learn HOW they learned not WHAT they learned I needed to understand the beginning phases of mediumship not the perfected exercises of the adept With this mission in mind I journaled my experiences and edited them into The Skeptic Psychic an Autobiography into the Acceptance of the Unseen The Skeptic Psychic has two purposes first it entices the reader to expand their imagination beyond what we currently perceive as reality and it offers my experiences and my reactions my fear to these situations as a comfort and encouragement for the reader to challenge their own suspicions and limitations I am now a working psychic offering animal readings or mediumship as well as leading meditations teaching classes and offering energy healing and my students and clients often comment how at peace and naturally talented I am and I smile For I know that I had lived through a myriad of experiences that with time had taught me to acclimate and accept the unseen But I am far from naturally talented and I feel that The Skeptic Psychic could help aspiring psychics or anyone contemplating the unknown to better understand that they are not alone in what they are experiencing I composed The Skeptic Psychic from chronological journal entries that span from August of 2005 through March of 2006 The book opens just after I attended a weekend retreat that posed the possibility that adults could believe in fairies and aliens The more I questioned if fairies could exist the more I discovered that they did Later that year I confronted

my apprehension when sensing that aliens were near as well And as 2005 changed into 2006 I learned to overcome my fears and to accept the unseen I realize that my story and the fact that aliens and fairies do exist sounds rather unbelievable but read my book follow the path the reasoning of how I learned to overcome my fears and understand that the result was a peace a knowing that we are not alone in our reality that there are unseen beings guides are another term that are present to enlighten protect and serve I close this book description the way I close all my journal entries with the salutation Namaste defined through WIKPEDIA as I respect that divinity within you that is also within me Namaste Suzy Graf Gold Lotus Oracle Book Michelle Mann,2017-10-16 After the loss of her husband Michelle Mann went searching for meaning and found the tarot In London specifically she began discovering the answers she so soundly sought and eventually created Gold Lotus The Gold Lotus Oracle Deck is multifaceted in that the deck can be used alone for guidance in readings for others or included in healing practices Gold Lotus Oracle Book is a guidebook that accompanies the oracle deck This guide contains crystal vibrations numerology yoga poses meditations and affirmations that vibrate with each card making this deck and book an invaluable healing tool for yourself or others Used together the book and deck are powerful instruments for healing and enlightenment The process of using these cards is a comforting ritual The cards are an instant focus to inspire you for the day or to ask questions about events that you are experiencing Sit in a relaxing spot to find clarity Take a few deep breaths and ask in that moment What do I need right now We all have the gift of intuition the key is quieting the mind and listening to your heart and soul **Dreams, Past Lives, Holy Spirits, Your Soul !** Lynn Mystic-Healer,2001-04-01 Are you feeling like What is the use lost lonely angry depressed anxious or just blue This book is for you You can learn how to Soul Tap You can learn how when and why to use your omniscient power daily I ve included several of my client s spiritual hypnotherapy stories You can find the meaning of your dreams your past lives and go into the future You can meet your holy spirits angels and deceased relatives directly These are teachers that are connected to your soul and they have perfect knowledge for you You can find your Soul purpose learn life lessons astral travel use healing energies become more psychic find spiritual answers Lynn will connect your Soul to the intergalactic Soul Matrix Journey to Creating Harmony Within Heather McCabe,2015-10-22 This book is a journey of my discovery of finding me through opening up spiritually and identifying the tools that we all have within us The book is written through the chakras giving you an understanding of each one how it related to my journey and the beginning of yours There are meditations to use and messages from the Angels Find your hidden gifts within and let your light shine Happiness Is Just a Breath Away Kawena,2018-11-01 Discover the Secrets of High Energy Passion and Enthusiasm for Life You will be Happier Healthier More confident Highly energised Kawena 80 years young is inspiring and motivating in sharing her lifetime secrets Kawena credits this to being a great believer in the Power of the Breath and the Power of the Mind My happiness and enthusiasm have never been stronger I am healthier and have much more energy than at middle age You will learn Power Breathing for high energy and vitality Power Affirmations to

How I Conquered Schizophrenia Nancy Stackhouse,2012-11 The causes of schizophrenia are many including extreme stress chemical imbalance reaction to drugs genetic predisposition isolation low self esteem and even a damaged or weakened aura a supposed emanation surrounding the body of a living creature viewed by mystics spiritualists and some practitioners of complementary medicine as the essence of the individual and allegedly discernible by people with special sensibilities My personal onset of schizophrenia and depression at age forty two was caused I believe by a combination of the above Through the caring help of family friends medical doctors healers and my own insights and intuitions I was able to become completely free of the symptoms of schizophrenia and all antipsychotic and antidepressant medications used to treat the illness Most influential and important to my healing and recovery however was the utilization of both borrowed and original strategies that keep me healthy to this day The sharing of these strategies which include identifying one s gifts relying on family members friends and caregivers improving one s self esteem identifying one s authentic self connecting with healers being in gratitude setting goals and using positive affirmations for the purpose of recovering and maintaining positive mental emotional spiritual and physical health is the reason why I have written this book
