His Story Stuart Hacking, 2014-08-18 We all love stories whether printed passed down orally from generation to generation or made into films We love stories whether they are fictional true mythical or legendary Stories are part of our human history and they help us understand being human But there is one story that underpins all other stories the story of why we exist All great human stories must interact with this story His Story explores this fundamental story by retelling the story of the Bible His Story tells the Biblical story of how God has opened up a doorway into our universe and how this impacts the metanarrative of all of our lives If you want to read the overarching story of the Bible in one short book then His Story is for you If you want to know the backstory of your life His Story is for you His Story is simply written but doesn't oversimplify It is a book for people who might call themselves Christians but also for all those who are curious about the ultimate story His Story the story of why we are here The Story of Rome, From the Earliest Times to the Death of Augustus, Told to Boys and Girls Mary Macgregor, 2022-07-21 In The Story of Rome From the Earliest Times to the Death of Augustus Told to Boys and Girls Mary Macgregor successfully distills the extensive and complex history of Rome for a

younger audience Macgregor commences with the mythic origins of Rome recounting the sacking of Troy and weaves through to the pivotal reign of Augustus Rome's first Emperor blending historical facts with the rich mythological tapestry of the Romans The literary style is engaging and accessible befitting the aim of educating children while stoking their imagination about one of history's most influential civilizations The book situates itself in a literary context that demystifies classical antiquity encouraging historical curiosity Mary Macgregor was known for her ability to render history into narratives that captivated her young readers and indeed her background and keen interest in historical events shine brightly in this narrative Her skillful storytelling illustrates Rome's progression from a small settlement to a mighty republic and an empire whose cultural and political legacy resonates through the centuries The book embodies her educational ethos combining enthusiasm with clarity a genuine feat considering the epic scope of Roman history The Story of Rome is highly recommended for young readers who have a budding interest in history and for educators seeking a resource that not only informs but also inspires Macgregor proves herself to be a bridge between the ancient past and the minds of children demonstrating how stories of long ago can be just as thrilling and relevant as any contemporary tale Scholars of pedagogy will also find merit in Macgregor's methodology as her book exemplifies how to make history approachable without sacrificing its grandeur or complexity
