Revolution focus on the activity of the army without noticing what was taking place inside the army Making liberal use of diaries and correspondence by the soldiers and their families Charles P Neimeyer tells the stories of the men and women who fought for the young country's independence Sometimes starting off as rag tag groups of men shooting off their muskets at geese just for the thrill of the sound the soldiers became more disciplined and focused The army recruited a significant number of African American soldiers who fought side by side with whites Women also fought and served in the army either masquerading as male soldiers or providing support for army operations in camp and on the march Suffering through times of numbing cold and starvation where men boiled their shoes for food the sheer perseverance of the soldiers in the ranks ultimately won the war for independence Presenting stories from letters and diaries of the men and women of the time this volume reveals the stories of fear exhaustion hard work grief and exhilaration of the people in the camps and on the march Highlights include Recruitment which included just about any healthy man willing to serve including immigrants and enemy POWs General Washington's attempts to create a model respectable army Attempts at medical treatment and the ravages of smallpox which left men dying at makeshift hospitals African American soldiers in the War Women's contributions to war efforts whether in disguise as soldiers or in filling in for husbands killed in battle Daily life in the camp the monotony the lack of food and supplies drinking sleeping in huts and out in the open games letter writing and religious observations The failure to fairly pay the soldiers as they mustered out of service The book also includes a timeline that puts dates and events in better perspective a comprehensive topically arranged bibliography and a thorough index
