**The Lions of Carentan** Volker Griesser,2011 Although it is known that Allied airborne forces landed into a German buzz saw on D Day far less is known about the troops they encountered that night One of the formations they encountered was a similarly elite group of paratroopers This is the complete wartime history of one of the largest German paratrooper regiments Fallschirmjager 6

**The Lions of Carentan** Volker Griesser,2011-10-06 Fascinating a must read for those who are interested in the Normandy Market Garden and Ardennes Operations Henrik Lunde author of Hitler's Preemptive War This is the complete wartime history of one of the largest German paratrooper regiments the 6th from its initial formation in the spring of 1943 to its last day at the end of the war With numerous firsthand accounts from key members reporting on their experiences they describe the events of 1943 45 vividly and without compromise These accounts reveal previously unknown details about important operations in Italy Russia Belgium and Holland and on the Normandy Front the last German Parachute drop in the Ardennes and the final battle to the end in Germany With over 220 original photographs many from private collections and never before published this book fully illustrates the men their uniforms equipment and weapons Also included is an appendix with maps battle calendar staffing plans a list of field numbers and the Knight's Cross recipients of the regiment Having earned the respect of the Allied forces who fought against it during World War II this work will inform current readers of the full record of Fallschirmjager Regiment 6 and why the Allied advance into German held Europe was so painstaking to achieve The great value of Griesser's superb richly detailed and fabulously illustrated work is that it fills in a very wide gap in our knowledge about one of Nazi Germany's elite branches of service The Lions of Carentan represents a treasure trove for anyone interested in German airborne forces Flint Whitlock author of If Chaos Reigns Hitler's Paratroopers in Normandy Gilberto Villahermosa,2019-08-30 A retired U S Army Master Parachutist strategist and military historian analyzes the actions of one German special forces group during World War II In June 1944 Allied forces fighting desperately to establish a foothold in Normandy and then breakout of the confining bocage found themselves opposed by a bewildering array of formations of the German Wehrmacht Among them were the newly formed German II Parachute Corps This gripping new account examines the exploits of Germany's II Parachute Corps and its commander Eugen Meindl from the Allied invasion on June 6 to the end of August 1944 Meindl was the epitome of the senior German airborne commander in the Second World War Tough experienced and aggressive he cared deeply for his troops His Parachute Corps fought stubbornly for three weeks before being forced to fall back Trapped along with the bulk of the German Seventh Army in the Falaise pocket Meindl and his paratroopers maintained their discipline and were selected by the Commander in Chief of OB West to lead the German breakout to the east That they managed to do so despite suffering grievous losses while so many around them died or surrendered is a testament to their dedication and fighting ability Theirs is a story that deserves to be told

The Paratrooper Generals Mitchell Yockelson,2023-06-14 A military history detailing the key role two US Army special

forces commanders and their infantry divisions played in during the second world war Generals during World War II usually stayed to the rear but not Matthew Ridgway and Maxwell Taylor During D Day and the Normandy campaign these commanders of the 82nd All American and the 101st Screaming Eagle Airborne Divisions refused to remain behind the lines and stood shoulder to shoulder with their paratroopers in the thick of combat Jumping into Normandy during the early hours of D Day Ridgway and Taylor fought on the ground for six weeks of combat that cost the airborne divisions more than forty percent casualties The Paratrooper Generals is the first book to explore in depth the significant role these two division commanders played on D Day describing the extraordinary courage and leadership they demonstrated throughout the most important American campaign of World War II To VE-Day Through German Eyes Jonathan Trigg, 2020-04-15 If Germany stays united and marches to the rhythm of its revolutionary socialist outlook it will be unbeatable Our indestructible will to life and the driving force of the Führer's personality guarantee this Joseph Goebbels 4 June 1943 It wasn't and it didn't

**The 101st Airborne in Normandy, June 1944** Yves Buffetaut, 2017-08-19 A condensed Band of Brothers with profiles of Richard Winters and Easy company as well as the German and American Generals 5 stars Army Rumour Service 101st Airborne Division was activated in August 1942 in Louisiana and its first combat mission was Operation Overlord On D Day June 6 1944 101st and 82nd Airborne dropped onto the Cotentin Peninsula hours before the landings tasked with capturing bridges and positions taking out German strongpoints and batteries and securing the exits from Utah and Omaha Beaches Things did not initially go smoothly for 101st Airborne with cloud and antiaircraft fire disrupting the drops Casualties were high in some areas due to heavy pre registered German fire Nevertheless the paratroopers fought on and they did manage to secure the crucial beach exits even if they only achieved a tenuous hold on some other positions A few days later 101st Airborne was tasked with attacking the German held city of Carentan as part of the consolidation of the US beachheads and establishment of a defensive line against the anticipated German counteroffensive The 101st forced its way into Carentan on June 10 and 11 The Germans withdrew the following day and a counteroffensive was put down by elements of the 2nd Armored Division This fully illustrated book details the planning of the airborne element of D Day and the execution of the plans until the troops were withdrawn to prepare for the next big airborne operation Market Garden Always good to read a detailed account of one division's contribution to Operation Overlord The detail is exceptional and fascinating Books Monthly

**D-Day Through German Eyes** Jonathan Trigg, 2019-05-15 We weren't afraid of the Allies as soldiers but we were afraid of their materiel it was going to be men versus machines Infantry, 2013 **Nothing but Courage** James Donovan, 2025-05-27 From the bestselling author of Shoot for the Moon and A Terrible Glory comes the dramatic story of the courageous paratroopers and glidermen of the 82nd Airborne who risked their lives to seize and secure a small centuries old bridge in France that played a pivotal role in the success of D Day In June 1944 German and American forces converged on an insignificant bridge a few miles inland from the invasion beaches If taken by the Nazis the bridge might have gone down

in history as the reason the Allies failed on D Day The narrow road over it was each side's conduit to victory Continued Nazi control over the bridge near an old manoir known as La Fi re one of only two bridges in the region capable of supporting tanks and other heavy armor would allow the Germans to reinforce their defenses at Utah Beach one of the five landing areas chosen for Operation Overlord the Allied invasion of Nazi held Europe But because control of the bridge was also essential to moving U S troops inland and off the beach it could not simply be destroyed it had to be taken and held by the Allies This was part of the formidable mission of the 82nd Airborne whose lightly armed but superbly trained troopers had dropped behind and into German lines five hours before the seaborne assault on Utah While blocking enemy reinforcements they had to seize and secure avenues of approach from the beaches to the interior of Normandy including two bridges over the modest Merderet River and the key crossroads village of Sainte M re glise Failure would give Hitler enough time and the opportunity to build up the resources necessary to defeat the invasion and turn the tide for the Nazis The village was taken early on D Day and the 82nd endured repeated attacks by much larger German forces But the bridge at La Fi re became a bloody three day standoff against tanks and artillery that culminated in a near suicidal charge across it and the narrow 500 yard causeway beyond straight into the teeth of a fierce German defense ordered to hold it to the last man

Operation Market-Garden 1944 (1) Steven J. Zaloga, 2014-08-20 Overshadowed by the dramatic British failure at Arnhem the US 82nd and 101st Airborne Divisions were a vital component of Operation Market Garden and succeeded in capturing their objectives at Eindhoven and Nijmegen In the summer of 1944 plans began for a complex operation to seize a Rhine river bridge at Arnhem in the Netherlands The American portion of the airborne mission was to employ two divisions of the US XVIII Airborne Corps to seize key terrain features that otherwise might delay the advance of British tanks towards the bridge The 82nd and 101st Airborne Divisions succeeded in their tasks of capturing the vital bridges at Eindhoven at Nijmegen in the face of fierce German resistance However the delays caused to the British armored advance combined with stronger than expected fighting at Arnhem led to the withdrawal of the remnants of the British 1st Airborne Division in one of the Western Allies most costly defeats of World War II Contemporary photographs maps and detailed color artwork complement extensive archival research that reveals the successes of those American airborne missions largely overshadowed by the failure of the operation as a whole
