## **The Lost Journal Of Bram Stoker:**

*The Lost Journal of Bram Stoker* Elizabeth Miller, 2012-03-08 Recently a long lost journal belonging to Dracula author Bram Stoker was discovered in his great grandson Noel's dusty attic. Published now to coincide with the centenary of Stoker's death, the text of this stunning find, written between 1871 and 1881 mostly in his native Dublin, will captivate scholars of Gothic literature and Dracula fans alike. Painstakingly transcribed and researched, the journal offers intriguing new insights into the complex nature of the man who wrote Dracula more than one hundred years ago. Assisted by a team of scholars and Stoker historians, Dacre Stoker and Professor Elizabeth Miller neatly connect the dots between the contents of the journal and Bram Stoker's later work, most significantly Dracula. Until now, discussion of the very private Bram Stoker has, by necessity, been largely speculative. Other than names and dates provided by biographers and Bram Stoker's own sparse self-revelation in his non-fiction, little has been available to support character studies of this fascinating Victorian gentleman. This personal journal shows Stoker's private thoughts and his developing style and is a veritable treasure trove of oddities, musings, and anecdotes. **The Lost Journals of Bram Stoker**, 2012 [The Forgotten Writings of Bram Stoker](#) J.

Browning, 2012-12-04 Presented here for the first time since their publication over a century ago are twelve previously unknown published works of fiction, poetry, and journalistic writing by Bram Stoker, 1847-1912, three works never before reprinted, twelve period writings about Stoker, and the rare 1913 estate sale catalogue of his personal library. **Bram Stoker's Gibbet Hill and Other Lost Writings** Paul S. McAlduff, John Edgar Browning, 2025-05-07 As Carol A. Senf has noted of some of Bram Stoker's less prominent fictions in *Science and Social Science in Bram Stoker's Fiction* (2002), they often occupy an elusive place, a realm that is not precisely Gothic but that is somehow beyond the scientific and rational world of the late nineteenth and early twentieth centuries. The present anthology demonstrates how even Stoker's nonfictional works, including his jokes, often find themselves at home in the elusive realm of which Senf is here speaking. After more than six years of archival inquiry, the editors present here nineteen previously unknown or relatively unglimped published letters, works of short fiction, and journalistic writing by Stoker, 1847-1912, including *Gibbet Hill* (1890), a Gothic short story the editors discovered in 2016. Additionally, they present fifty-five other unknown period writings by or about Stoker, including interviews, public addresses, speeches, and testimonies. The works in this anthology, together with the extensive research offered in the introduction, prefatory note, and annotations, not only highlight the intertextuality between Dracula and other of Stoker's works but support the conclusion that Stoker's periodical writings indeed denote a much greater force in his literary repertoire than previously accepted. Not surprisingly, many of the works in this anthology exhibit the same curious sprinkling of characteristically delicate Gothicism and other knowledges for which Stoker has become known outside of his ubiquitous vampire novel.
