The Language Of Fictional Television Drama And Identity Monika Bednarek:

The Language of Fictional Television Monika Bednarek, 2010-09-02 With cases studies used throughout to help illustrate the more general points this is an analysis of the most important characteristics of television dialogue with a focus on fictional television The book illustrates how we can fruitfully and systematically analyse the language of television

Telecinematic Discourse Roberta Piazza, Monika Bednarek, Fabio Rossi, 2011 This cutting edge collection of articles provides the first organised reflection on the language of films and television series across British American and Italian cultures The volume suggests new directions for research and applications and offers a variety of methodologies and perspectives on the complexities of telecinematic discourse a hitherto virtually unexplored area of investigation in linguistics The papers share a common vision of the big and small screen the belief that the discourses of film and television offer a representation of our world As such telecinematic texts reorganise and recreate language together with time and space in their own way and with respect to specific socio cultural conventions and media logic The volume provides a multifaceted yet coherent insight into the diegetic as it revolves around narrative as opposed to mimetic as referring to other non narrative and non fictional genres discourses of fictional media The collection will be of interest to researchers tutors and students in pragmatics stylistics discourse analysis corpus linguistics communication studies and related fields Pragmatics of Fiction

Miriam A. Locher, Andreas H. Jucker, 2017-04-10 Pragmatics of Fiction provides systematic orientation in the emerging field of studying pragmatics with in fictional data It provides an authoritative and accessible overview of this versatile new field in its methodological and theoretical richness Giving center stage to fictional language allows scholars to review key concepts in sociolinguistics such as genre style voice stance dialogue participation structure or features of orality and literariness The contributors explore language as one of the creative tools to craft story worlds and characters by drawing on concepts such as regional social and ethnic language variation as well as multilingualism Themes such as emotion taboo language or impoliteness in fiction receive attention just as the challenges of translation and dubbing the creation of past and future languages the impact of fictional language on language change or the fuzzy boundaries of narratives Each contribution written by a leading specialist gives a succinct representative and up to date overview of research questions theories methods and recent developments in the field

Pragmatics and Translation Miriam A. Locher, Daria Dayter, Thomas C. Messerli, 2023-09-15 This volume presents innovative research on the interface between pragmatics and translation Taking a broad understanding of translation papers are presented in four different parts Part I focuses on interpreting Part II centers on the translation of fictional and non fictional texts and spaces Part III discusses audiovisual translation and Part IV explores translation in a wider context that includes transforming senses and action into language The issues that transpire as worth exploring in these areas are mediality and multi modality interpersonal pragmatics close and approximate renditions interpretese and translationese participation structures and the negotiation of discourses and power Advances in

Swearing Research Kristy Beers Fägersten, Karyn Stapleton, 2017-10-15 Any behavior that arouses as swearing does controversy disagreement disdain shock and indignation as often as it imbues passion sincerity intimacy solidarity and jocularity should be an obvious target of in depth scholarship Rigorous scholarly investigation of the practice of swearing acknowledges its social and cultural significance and allows us to discover and better understand the historical psychological sociological and linguistic aspects among others of swearwords and swearword usage The present volume brings together a range of themes and issues central to the existing knowledge of swearing and considers these in two key new arenas that is in languages other than English and or in contexts and media other than spoken interaction Many of the chapters analysed are based on large and robust collections of data such as corpora or questionnaire responses which allow for patterns of swearing to emerge In other chapters personally observed instances of swearing comprise the focus allowing for a close analysis of the relationship between sociolinguistic context and pragmatic function In each chapter the cultural aspects of swearing are considered ultimately affirming the importance of the study of swearing and further establishing the legitimacy of swearing as a target of research

Watching TV with a Linguist Kristy Beers Fägersten, 2016-09-09 In Watching TV with a Linguist Fägersten challenges the conventional view of television as lowbrow entertainment devoid of intellectual activity Rather she champions the use of fictional television to learn about linguistics and at the same time promotes enriched television viewing experiences by explaining the role of language in creating humor conveying drama and developing identifiable characters The essays gathered in this volume explore specific areas of linguistics providing a comprehensive yet accessible introduction to the study of language Through programs such as Seinfeld The Simpsons Sherlock and The Wire contributors deftly illustrate key linguistic concepts and terminology using snippets of familiar dialogue and examples of subtle narration In addition contributors aim to raise linguistic awareness among readers by identifying linguistics in action encouraging readers to recognize additional examples of concepts on their own To this end each chapter provides suggestions for viewing other television series or specific episodes where further examples of the linguistic concepts in focus can be found Invaluable as a resource in linguistics and communication courses Watching TV with a Linguist is the first book to use the familiar and compelling medium of television to engage students with the science of language

Corpora and Discourse Studies Anthony McEnery, Paul Baker, 2015-07-21 This edited collection brings together contemporary research that uses corpus linguistics to carry out discourse analysis The book takes an inclusive view of the meaning of discourse covering different text types or modes of language including discourse as both social practice and as ideology or representation

Evaluation in Context Geoff Thompson, Laura Alba-Juez, 2014-02-04 It is now an acknowledged fact in the world of linguistics that the concept of evaluation is crucial and that there is very little if any discourse that cannot be analyzed through the prism of its evaluative content This book presents some of the latest developments in the study of this phenomenon Released more than a decade later than Hunston and Thompson's 2000

Evaluation in Text Evaluation in Context is designed as its sequel in an attempt to continue update and extend the different avenues of research opened by the earlier work Both theoretical and empirical studies on the topic are presented with the intention of scrutinizing as many of its dimensions as possible by not only looking at evaluative texts but also considering the aspects of the discursive context that affect the final evaluative meaning at both the production and reception stages of the evaluative act The editors main objective has been to gather contributions which investigate the manifold faces and phases of evaluation by presenting a wide variety of perspectives that include different linguistic theories e g Axiological Semantics Functionalism or Politeness Theory different levels of linguistic description e g phonological lexical or semantic and different text types and contexts e g the evaluation found in ironic discourse the multimodality of media discourse or the world of politics just to name a few The volume can be of use not only for scholars who study the evaluative function of language but also for students who wish to pursue research in the area

Heroes in Contemporary British Culture Barbara Korte, Nicole Falkenhayner, 2021-05-13 This book explores how British culture is negotiating heroes and heroisms in the twenty first century It posits a nexus between the heroic and the state of the nation and explores this idea through British television drama Drawing on case studies including programmes such as The Last Kingdom Spooks Luther and Merlin the book explores the aesthetic strategies of heroisation in television drama and contextualises the programmes within British public discourses at the time of their production original broadcasting and first reception British television drama is a cultural forum in which contemporary Britain s problems wishes and cultural values are revealed and debated By revealing the tensions in contemporary notions of heroes and heroisms television drama employs the heroic as a lens through which to scrutinise contemporary British society and its responses to crisis and change Looking back on the development of heroic representations in British television drama over the last twenty years this book s analyses show how heroisation in television drama reacts to and reveals shifts in British structures of feeling in a time marked by insecurity The book is ideal for readers interested in British cultural studies studies of the heroic and popular culture Introduction of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license

Language Change in the 20th Century Salvador Pons Bordería, Shima Salameh Jiménez, 2024-01-15 Language Change in the 20th Century Exploring micro diachronic evolutions in Romance languages examines the distinctive features that set the study of the 20th century apart from preceding periods With a primary focus on Romance languages including Spanish Italian French and Portuguese the book advocates for the adoption of innovative methodologies to enhance the nuanced retrieval of research data the use of speaker s attitudes questionnaires apparent time constructions and S curves Additionally new materials are addressed as diachronic data sources mass media recordings from radio and TV colloquial conversations and sociolinguistic corpora Results focus on the evolution of discourse markers address terms as well as on the influence of specific processes such as colloquialization or external mechanisms on the language changes developed during this period In

sum the 20th century is presented in this book as a new strand in diachronic studies rather than another time span

Requests in Film Dialogue and Dubbing Translation Vittorio Napoli, 2021-01-29 This volume is the first to give an account of speech act pragmatics and im politeness in film conversation and in dubbing translation with a focus on requests The scope of the book is twofold on the one hand it describes the pragmatic features of requests in English and Italian film dialogue while on the other it reveals patterns and trends concerning their translation into dubbed Italian The first part of the volume appeals to scholars in cross cultural pragmatics and film conversation Differences and similarities in requestive behaviour are investigated in a comparative perspective between the two film languages while the pragmatic features typifying requests in film speech are analysed against features typifying requests in spontaneous conversation The second section of the book will appeal to translation scholars since it provides an insight into how the pragmatics and the im politeness of requests travel across languages in the translation process thus contributing to the largely under researched relationship between pragmatics and translation studies *Dialogue across Media* Jarmila Mildorf, Bronwen

Thomas, 2017-01-19 With chapters on social media videogames and human machine communication *Dialogue across Media* provides a comprehensive overview of the role of dialogue in contemporary media Drawing on the expertise of scholars and practitioners from multiple fields and disciplines including screenwriters literary critics linguists and new media theorists each chapter provides an in depth analysis of dialogue in action Together these chapters demonstrate the unique energy and versatility that dialogic forms can offer artists and readers alike and the special role that dialogue plays in helping us to understand the complexities and contradictions of human interaction *Dialogue across Media* provides an essential resource for students and specialists in many fields concerned with dialogue including language and literature media and cultural studies narratology and rhetoric Participation in Public and Social Media Interactions Marta Dynel, Jan

Chovanec, 2015-02-15 This book deals with participation frameworks in modern social and public media It brings together several cutting edge research studies that offer exciting new insights into the nature and formats of interpersonal communication in diverse technology mediated contexts Some papers introduce new theoretical extensions to participation formats while others present case studies in various discourse domains spanning public and private genres Adopting the perspective of the pragmatics of interaction these contributions discuss data ranging from public mass mediated and quasi authentic texts fully staged and scripted textual productions to authentic non scripted private messages and comments both of a permanent and ephemeral nature The analyses include news interviews online sports reporting sitcoms comedy shows stand up comedies drama series institutional and personal blogs tweets follow up YouTube video commentaries and Facebook status updates All the authors emphasize the role of context and pay attention to how meaning is constructed by participants in interactions in increasingly complex participation frameworks existing in traditional as well as novel technologically mediated interactions **News Discourse** Monika Bednarek, Helen Caple, 2018-10-19 Now reissued and retypeset this

canonical book explores the role of language and images in newspaper radio online and television news The authors introduce useful frameworks for analysing language image and the interaction between the two and illustrate these with authentic news stories from around the English speaking world ranging from the Oktoberfest to environmental disasters to the killing of Osama bin Laden This analysis persuasively illustrates how events are retold in the news and made newsworthy through both language and image This clearly written and accessible introduction to news discourse is essential reading for students lecturers and researchers in linguistics media and journalism studies and semiotics

Annotations in Scholarly Editions and Research Julia Nantke, Frederik Schlupkoth, 2020-10-26 The term annotation is associated in the Humanities and Technical Sciences with different concepts that vary in coverage application and direction but which also have instructive parallels This publication mirrors the increasing cooperation that has been taking place between the two disciplines within the scope of the digitalization of the Humanities It presents the results of an international conference on the concept of annotation that took place at the University of Wuppertal in February 2019 This publication reflects on different practices and associated concepts of annotation in an interdisciplinary perspective puts them in relation to each other and attempts to systematize their commonalities and divergences The following dynamic visualizations allow an interactive navigation within the volume based on keywords Wordcloud Matrix Edge Bundling

Linguistic and Cultural Representation in Audiovisual Translation Irene Ranzato, Serenella Zanotti, 2018-03-19 This collection of essays offers a multi faceted exploration of audiovisual translation both as a means of intercultural exchange and as a lens through which linguistic and cultural representations are negotiated and shaped Examining case studies from a variety of media including film television and video games the volume focuses on different modes of audiovisual translation including subtitling and dubbing and the representations of linguistic and stylistic features cultural mores gender and the translation process itself embedded within them The book also meditates on issues regarding accessibility a growing concern in audiovisual translation research Rooted in the most up to date issues in both audiovisual translation and media culture today this volume is essential reading for students and scholars in translation studies film studies television studies video game studies and media studies

Cognitive Perspectives on Bilingualism Monika Reif, Justyna A. Robinson, 2016-04-25 Only 15 years ago bilingualism was somewhat outside the main debates in cognitive linguistics Cognitive linguistics had to a large extent taken for granted the fact that language is embodied in our experience However not much attention was given to questions of whether any changes to our language repertoire alter the way we perceive the world around us A growing body of recent research suggests that one cannot understand the cognitive foundations of language without looking at bi and multilingual speakers In this vein the present book aims to contribute to the existing debate of the relationship between language culture and cognition by assessing differences and similarities between monolingual and bilingual language acquisition and use In particular it investigates the effect of conceptual semantic and pragmatic properties of constructions on code choice and

code switching as well as the impact of bilingual and bicultural education on speakers cognitive development This collective volume systematises reviews and promotes a range of theoretical perspectives and research techniques that currently inform work across the disciplines of bilingualism and code switching **Linguistics Out of the Closet** Tyler Everett

Kibbey,2023-11-06 Queer linguistics in its position as both a linguistic science of and for queer folk is inherently agitating to the disciplinary anxiety of a general linguistic science It represents as all queer science does a disruption of the normative modes of knowledge production and a displacement of academic authority This collection reconsiders the placement of the queer subject both as the researcher and as the researched within and beyond the discipline and provides an intellectual space for the interdisciplinary and sometimes anti disciplinary linguistic science of gender and sexuality In three sections it respectively considers the development of hyper speciated queer linguistic subfields the interdisciplinarity of intersectional approaches to queer language and the institution of queer linguistic science both within and beyond the academy Taken together the essays in this collection confront the scientific and institutional discipline of linguistics from a queer vantage point one which is perhaps inherently interdisciplinary in its formulation Irony, Deception and Humour Marta

Dynel,2018-03-19 This book offers fresh perspectives on untruthfulness entailed in various forms of irony deception and humour which have so far constituted independent foci of linguistic and philosophical investigation These three distinct albeit sometimes co occurring notions are brought together within a neo Gricean framework and consistently discussed as representing overt or covert untruthfulness The postulates that represent the interface between language philosophy and pragmatics are illustrated with scripted interactions culled from the series House which help appreciate the complexities of the three concepts at hand Apart from affording new insights into the nature of irony deception and humour this book critically examines previous literature on these notions as well as relevant aspects of Grice s philosophy of language Giving a state of the art picture of untruthfulness this publication will be of interest to both experienced and inexperienced

researchers studying Grice s philosophy irony deception and or humour **The Language of Pop Culture** Valentin Werner,2018-01-17 This collection brings together contributions from both leading and emerging scholars in one comprehensive volume to showcase the richness of linguistic approaches to the study of pop culture and their potential to inform linguistic theory building and analytical frameworks The book features examples from a dynamic range of pop culture registers including lyrics the language of fictional TV series comics and musical subcultures as a means of both providing a rigorous and robust description of these forms through the lens of linguistic study but also in outlining methodological issues involved in applying linguistic approaches The volume also explores the didactic potential of pop culture looking at the implementation of pop culture traditions in language learning settings This collection offers unique insights into the interface of linguistic study and the broader paradigm of pop culture scholarship making this an ideal resource for graduate students and researchers in applied linguistics English language media studies cultural studies and discourse analysis
