## **The Madness Of Modern Parenting Provocations:**

**The Madness of Modern Parenting** Zoe Williams, 2014-11-27 Parenting in the modern world is an overwhelming concept. It seems to divide everyone from psychologists and politicians to scientists and salesmen leaving the parents themselves with a terrible headache as a result. How can anyone live up to such expansive and conflicting expectations? As Zoe Williams explores, the madness begins before the baby has even arrived: hysteria is rife surrounding everything from drinking alcohol and eating cheese to using a new frying pan. And it only gets worse. The list of things you need to consider as well as the things you never realised you needed to consider is ever increasing and questions of breastfeeding buggies, staying at home schooling and what your mother-in-law thinks you're doing wrong take over completely. The task of raising a child has been turned into a circus of ludicrous proportions. Combining laugh-out-loud tales of parenthood with myth-busting facts and figures, Zoe provides the antithesis of all parenting discussions to date. After all, parents managed perfectly well for centuries before this modern madness, so why do today's mothers and fathers make such an almighty fuss about everything?

**'I Find That Offensive!'** Claire Fox, 2016-05-05 When you hear that now ubiquitous phrase 'I find that offensive', you know you're being told to shut up. While the terrible murder of the Charlie Hebdo cartoonists demonstrated that those who offend can face the most brutal form of censorship, it also served only to intensify the pre-existing climate that dictates we all have to walk on eggshells to avoid saying anything offensive or else. Indeed, competitive offence claiming is ratcheting up well beyond religious sensibilities. So while Islamists and feminists may seem to have little in common, they are both united in demanding retribution in the form of bans, penalties and censorship of those who hurt their feelings. But how did we become so thin-skinned? In *I Find That Offensive*, Claire Fox addresses the possible causes of what is fast becoming known as Generation Snowflake: head-on, no safe spaces here in a call to toughen up, become more robust and make a virtue of the right to be offensive.

***Why Women Need Quotas*** Vicky Pryce, 2015-03-24 Vicky Pryce's motorbike-riding mother wanted to study physics at university but her family told her it was impossible for a woman. She was determined that her daughter would have the opportunities she hadn't and the young Vicky went on to forge a glittering career as an economist with high-profile posts spanning business, academia and government. But despite her own success, Pryce is still frustrated by the obstacles littering the paths of women in the workplace. We have an abysmal record on gender parity: Rwanda and Laos have more women in Parliament than Britain does. Massive pay gaps prevail across the professions. Senior positions are male-dominated in all walks of life and not only at board level. Discrimination, a lack of role models and unconscious bias are all barriers to women climbing the career ladder and that's even before counting the professional cost of starting a family. This isn't just a question of equality for women; by failing to remove the barriers to female progression, we're starving the UK of the talent it needs to grow and prosper to its full potential. Ultimately, Pryce argues, there is only one solution: women need quotas.

***What Have the Immigrants Ever Done For Us?*** Kelvin MacKenzie, 2015-03-24 Right now, immigration is a central point of discussion in

both political debate and cultural discourse With the growth of right wing parties in Britain it seems that animosity towards outsiders is increasing every day after all immigrants come to our country steal our jobs and exploit our public services but what do they give us in return In this bold new addition to the Provocations series Kelvin MacKenzie speaks out about immigration in the thought provoking no hold barred manner the public has come to expect from him but with one crucial twist Kelvin supports immigration Indeed he makes the point that many of the institutions we deem to be quintessentially British Marks Spencer Stephen Fry the NHS the Great Western Railway and even Kelvin s former newspaper The Sun would not exist at all without immigration As paranoia and misinformation corrupt British opinion it is more important than ever to acknowledge the monumental contribution immigrants have made to this country historically culturally economically politically and continuously Like Monty Python before us the time has come to ask what the immigrants have ever done for us although perhaps it would be more apt to ask what we would do without them *The War On The Old* John

Sutherland,2016-11-17 The war on the old has been declared In the post Brexit world intergenerational conflict has become a visible phenomenon There is an overwhelming sense of blame from younger generations it was the wrinklies the grey haired plutocracy who voted Leave who are overburdening hospitals shutting the youth out of the housing market and hoarding accumulated wealth By 2020 we are told one in five Britons will be pensioners and living a longer retirement than ever before A good thing politicians add through gritted teeth The truth is that for them the old are a social economic and political inconvenience John Sutherland age 78 and feeling keenly what he writes about examines this intergenerational combat as a new kind of war in which institutional neglect and universal indifference to the old has reached aggressive and routinely lethal levels This is a book which sets out to provoke but in the process tells some deep and inconvenient truths revealing something British society would rather not think about **Down With the Royals** Joan Smith,2015-03-24 When Prince

George was just eight weeks old the Evening Standard declared him to be the most influential person in London He couldn t even walk let alone talk Yet one day he could become head of state whether we like it or not Joan Smith argues that it has become nearly impossible to question the existence of the monarchy Articulate republicans are drowned out while the supercharged PR and media machines ask only who designed Kate s dresses Smith topples the arguments for having a monarchy one by one The royals don t provide a boost for tourism and their deliberately opaque accounting conceals the truth about the huge burden they place on the public purse And she exposes darker truths These symbols of so called impartiality have hidden power and influence Not only does Charles regularly lobby government ministers but far from the sycophantic reporting of Kate s baby bump the royals have dined with despots with blood on their hands Are these people really fit to be the public face of a modern country Ultimately Smith declares that the monarchy undemocratic unaccountable and shockingly expensive has no place in modern Britain Refusing the Veil Yasmin

Alibhai-Brown,2014-11-27 This topic divides people and it will divide readers of this book too Many Muslims worldwide either

support or adopt religious veiling and those who argue against it are often criticised or worse But according to Yasmin Alibhai Brown the veil throws up a number of concerns from questions of health and freedom of choice to issues of gender and personal identity She argues that veiling conceals abuse propagates eating disorders and restricts access to sunlight and exercise It is imposed on babies and young girls allows women to be shamed for not covering up and has become associated with extremist factions It demonises men oppresses feminism and presents obstacles to performance and success It even encourages racism distorts Muslim values and strips women of autonomy and individuality Written from a unique perspective and packed with personal experiences as well as public examples Yasmin addresses the ultimate question of why Muslim women everywhere should refuse the veil

**The Palgrave Handbook of Power, Gender, and Psychology** Eileen L. Zurbriggen, Rose Capdevila, 2023-12-28 The Palgrave Handbook of Power Gender and Psychology takes an intersectional feminist approach to the exploration of psychology and gender through a lens of power The invisibility of power in psychological research and theorizing has been critiqued by scholars from many perspectives both within and outside the discipline This volume addresses that gap The handbook centers power in the analysis of gender but does so specifically in relation to psychological theory research and praxis Gathering the work of sixty authors from different geographies career stages psychological sub disciplines methodologies and experiences the handbook showcases creativity in approach and diversity of perspective The result is a work featuring a chorus of different voices including diverse understandings of feminisms and power Ultimately the handbook presents a case for the importance of intersectionality and power for any feminist psychological endeavor
