Volume I tells about the author's once prosperous pioneer families survived the French and Indian War and the War of 1812 then eventually relocated to join the newly founded Mormon Church. The stories tell how the pressure of mobs and mob wars eventually forced these families to abandon everything as they were driven from place to place until they found themselves exiled on the western most border of the United States at the Missouri River looking toward the wild and hostile West as their only refuge. Stories describe how dozens of family members were among the Mormon refugees who died by the hundreds at the Missouri River of illness, starvation and exposure. Yet family members had managed to journey among Indians on the frontier to preach and had sailed through nearly catastrophic ocean storms to preach in England. And despite much sorrow and hardship this volume relates how five family members left their loved ones behind at the sickly Missouri River in order to march down the Old Santa Fe Trail in the U.S. Army's Mormon Battalion to prove their loyalty to the government by helping to fight a war with Mexico.
