The March Of Empire Lectures On The Book Of Daniel:

The March of Empire Floyd Hitchcock, 2014-10-30 Like the Book of Revelation the Book of Daniel is primarily a book of prophecy Some of the prophecies in the Book however have already been fulfilled and have become history while other prophecies recorded in the Book are still future and await fulfillment I am accused sometimes of preaching too much on the subject of prophecy but so long as others neglect to preach upon this important subject and just as long as I find the material for my sermons in the Word of GOD I feel that I am standing upon a sure foundation and that I am doing the Lord's will regardless of any criticism which men may bring against my ministry of GOD's word Surely GOD intended that all of His Word should be preached and not merely a certain portion of it That my friends is exactly what I am trying to do Without fear or favor I am trying to preach the entire Word of GOD to Jews Gentiles and Christians alike The importance of prophecy is well affirmed in II Peter 1 19 21 where it says We have also a more sure word of prophecy whereunto ye do well that ye take heed as unto a light that shineth in a dark place until the day dawn and the day star arise in your hearts Knowing this first that no prophecy of the Scripture is of any private interpretation For prophecy came not in old time by the will of man but holy men of God spake as they were moved by the Holy Ghost Understanding these things it is my firm conviction that GOD will bless any preacher who will preach on the subject of prophecy and give to the people what they need rather than what they want Few people realize that a greater portion of the Bible is pure prophecy This applies to both the Old and the New Testaments Certainly the Book of Daniel was necessary or it would never have been written and if we neglect to study it the truth of the book will remain the same and we will only be robbing ourselves of the spiritual light and truth which GOD intended that we should have

Morrissey, Thomas J Morrissey, 2021-04-01 Daniel Murray was undoubtedly the outstanding Irish Catholic archbishop of the nineteenth century He was a man of elegance and charm ready to listen to others and to find good in them To the redoubtable Bishop Doyle of Kildare and Leighlin the archbishop was an angel of a man His concern for the education of the poor led to the founding of the Irish Sisters of Charity and the invitation to Dublin of the Sisters of Mercy and the Irish Christian Brothers His interest in the education of the middle class was manifested in the foundation of the Sisters of Loreto and in his support for the schools of the Jesuits and the Vincentians A man of great pastoral energy he built numerous churches and readily encouraged lay involvement in the work of the diocese He was actively involved in assisting the Holy See in the appointment of priests and bishops around the world and his efforts to provide aid to the needy during the Great Famine and the veneration and respect he inspired in his clergy further contributed to the high esteem in which he was held And yet he is a virtually forgotten figure in Irish history This neglect is related to the stance he took on some issues of the day his support for certain government initiatives his opposition to his clergy's involvement in politics and his caution about openly supporting Repeal
