

# A Review of the Research on Prison Violence

- **Prison Culture:** management culture, staff culture, inmate culture— unknown effects
- NIC's Institutional Culture Change Initiative in USA focused on changing staff culture with modest short term impact
- Research by Sparks and Bottoms on British prisons demonstrated that you can reduce inmate on inmate violence by focusing on order maintenance, but you will increase self injury and collective violence

Congress. House. Committee on Appropriations. Subcommittee on the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies,1996

The Findings and Recommendations of the Commission on Safety and Abuse in America's Prisons United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Corrections and Rehabilitation,2006

**Partial Justice** Nicole Rafter,2017-07-05 Contemporary Research on crime prisons and social control has largely ignored women Partial Justice the only full scale study of the origins and development of women s prisons in the United States traces their evolution from the late eighteenth century to the present day It shows that the character of penal treatment was involved in the very definition of womanhood for incarcerated women a definition that varied by race and social class Rafter traces the

evolution of women's prisons showing that it followed two markedly different models. Custodial institutions for women literally grew out of men's penitentiaries starting from a separate room for women. Eventually women were housed in their own separate facilities, a development that ironically inaugurated a continuing history of inmate neglect. Then later in the nineteenth century women convicted of milder offenses such as morals charges were placed into a new kind of institution. The reformatory was a result of middle class reform movements and it attempted to rehabilitate to a degree unknown in men's prisons. Tracing regional and racial variations in these two branches of institutions over time Rafter finds that the criminal justice system has historically meted out partial justice to female inmates. Women have benefited in neither case. Partial Justice draws in first hand accounts, legislative documents, reports by investigatory commissions and most importantly the records of over 4,600 female prisoners taken from the original registers of five institutions. This second edition includes two new chapters that bring the story into the present day and discusses measures now being used to challenge the partial justice women have historically experienced.

**Federal Register**, 2013-07 *Encyclopedia of Prisons and Correctional Facilities* Mary Bosworth, 2004-12-15 Click Additional Materials for downloadable samples. The two volume *Encyclopedia of Prisons and Correctional Facilities* aims to provide a critical overview of penal institutions within a historical and contemporary framework. The United States has the highest incarceration rate in the world, a fact that has caused lawmakers, advocates and legal professionals to rethink punishment policies as well as develop new policies on prisoner education and rehabilitation. Issues of race, gender and class are fully integrated throughout in order to demonstrate the complexity of the implementation and intended results of incarceration. The Encyclopedia contains biographies, articles describing important legal statutes and detailed and authoritative descriptions of the major prisons in the United States. Comparative data and examples are employed to analyze the American system within an international context. The Encyclopedia's 400 entries are all written by recognized authorities. The appendix contains a comprehensive listing of every federal prison in the U.S. complete with facility details and service information.

**Key Themes:** Juvenile Justice, Labor, Prison Architecture, Prison Populations, Prison Reform, Privatization, Race, Gender, Class, Security and Classification, Sentencing Policy and Laws, Staff, Theories of Punishment, Treatment Programs.
