*Mastering the Nikon D600* Darrell Young, 2013-03-22 *Mastering the Nikon D600* by Darrell Young provides a wealth of experience based information and insights for owners of the new D600 camera. Darrell is determined to help the user navigate past the confusion that often comes with complex and powerful professional camera equipment. This book explores the features and capabilities of the camera in a way that far surpasses the user's manual. It guides readers through the camera features with step by step setting adjustments, color illustrations, and detailed how, when, and why explanations for each option. Every button, dial, switch, and menu configuration setting is explored in a user friendly manner with suggestions for setup according to various shooting styles. Darrell's friendly and informative writing style allows readers to easily follow directions while feeling as if a friend dropped in to share his knowledge. The learning experience for new D600 users goes beyond just the camera itself and covers basic photography technique.

**Nikon AF Speedlight Flash System** Simon Stafford, 2005. Nikon manufactures some of the most sophisticated accessory flash equipment found in today's marketplace and the Magic Lantern Guide shows photographers exactly how to master the complex equipment and operating modes of the company's AF Speedlight Flash System. That's why it's destined to be the most often used reference on photographic flash technique. From advice on Multi sensor balanced fill flash, bounce flash, rear curtain sync, to high speed sync or multiple flash set ups, this manual explains everything. It comes complete with a course on the basics of flash handling, specialized flash technique, and a model by model review of using current flash gear with Nikon cameras.
