The Ultimate Guide to the Jersey Shore Peter Genovese, 2023-05-12 The Jersey Shore our most treasured asset the envy of forty nine other states comes alive in this new book by the reporter and writer who knows New Jersey and the Jersey Shore best Every conceivable topic where to eat where to stay landmarks and attractions what to do with the kids is covered with the kind of inside

information you just won't find on tourism web sites or Facebook. All one hundred plus Shore towns are included from Sandy Hook to Cape May. There are hundreds of restaurant listings and recommendations. The book also contains engaging profiles and vignettes of the people and places that give the Shore its special character and charm. A throwback five and dime store on Long Beach Island. Banner pilots. Birders. Baby parades. And more. You want lists and rankings. The book is full of them: twenty best Shore towns, twenty one secret spots down the Shore, twenty essential Jersey Shore experiences, fifty things we bet you didn't know about the Shore, and so on. The book is the next best thing to being at the Shore; actually, it may be better than being there. Think of those epic traffic jams on the Parkway and all the money you'll save on tolls, beach fees, and bad boardwalk pizza.

[A Composer's Guide to Game Music](#) Winifred Phillips, 2017-08-11. A comprehensive practical guide to composing video game music, from acquiring the necessary skills to finding work in the field. Music in video games is often a sophisticated, complex composition that serves to engage the player, set the pace of play, and aid interactivity. Composers of video game music must master an array of specialized skills not taught in the conservatory, including the creation of linear loops, music chunks for horizontal resequencing, and compositional fragments for use within a generative framework. In *A Composer's Guide to Game Music*, Winifred Phillips herself, an award-winning composer of video game music, provides a comprehensive practical guide that leads an aspiring video game composer from acquiring the necessary creative skills to understanding the function of music in games to finding work in the field. Musicians and composers may be drawn to game music composition because the game industry is a multibillion-dollar employment-generating economic powerhouse, but Phillips writes that the most important qualification for a musician who wants to become a game music composer is a love of video games. Phillips offers detailed coverage of essential topics, including musicianship and composition, experience, immersion, musical themes, music and game genres, workflow, working with a development team, linear music, interactive music, both rendered and generative audio technology, from mixers and preamps to software, and running a business. *A Composer's Guide to Game Music* offers indispensable guidance for musicians and composers who want to deploy their creativity in a dynamic and growing industry, protect their musical identities while working in a highly technical field, and create great music within the constraints of a new medium.

Knocked Up by the Rockstar Christina Hovland, 2021-12-10. Things just got serious. The only thing music publicist Courtney Lincoln dislikes more than knock-off sugary breakfast cereal is the hunky lead singer of her brother's ridiculously popular band. A band on the rocks again. Seems like this time it'll take a miracle to save Dimefront. So when she discovers she's pregnant, following one teeny tiny mind-blowing morning with Brennan Bax Baxter, the timing is not great. Being a mom wasn't part of her plan, but her plans just changed. Following the implosion of his engagement, Bax realizes he doesn't want to lose Dimefront, too. But he's finally let his guard down with Courtney in a steamy slip-up that ties them together as unlikely co-parents. The big problem? He broke the cardinal rule of music: don't knock up the bass player's little sister. Especially a little sister who sees straight through the facade he's

painstakingly curated But he's always wanted a family and he's being offered that chance Plus Courtney might just be exactly who he needs to keep him grounded Even if the band can mend fences there's a baby on the way and Courtney's questioning everything she once thought Bax is suddenly a dreamy boyfriend but she isn't convinced it's authentic given all she knows about his rocker past As the group heads out on what they hope is a reunion tour Bax and Courtney have to figure out what's real what's not and if they can learn to finally trust each other

Rockstar Games and American History Esther

Wright,2022-08-22 For two decades Rockstar Games have been making games that interrogate and represent the idea of America past and present Commercially successful fan beloved and a frequent source of media attention Rockstar's franchises are positioned as not only game changing ground breaking interventions in the games industry but also as critical cultural histories on America and its excesses But what does Rockstar's version of American history look like and how is it communicated through critically acclaimed titles like Red Dead Redemption 2010 and L A Noire 2011 By combining analysis of Rockstar's games and a range of official communications and promotional materials this book offers critical discussion of Rockstar as a company their video games and ultimately their attempts at creating new narratives about U S history and culture It explores the ways in which Rockstar's brand identity and their titles coalesce to create a new kind of video game history how promotional materials work to claim the authenticity of these products and assert the authority of game developers to perform the role of historian By working at the intersection of historical game studies U S history and film and media studies this book explores what happens when contemporary demands for historical authenticity are brought to bear on the way we envisage the past and whose past it is deemed to be Ultimately this book implores those who research historical video games to consider the oft forgotten sources at the margins of these games as importance spaces where historical meaning is made and negotiated Watch our book talk with the author Esther Wright here https://youtu.be/AaC_9XsXCQ
