Rolling Stone Music Guide:

The New Rolling Stone Album Guide Nathan Brackett, Christian David Hoard, 2004 Publisher Description [The Rolling Stone Album Guide](#) Anthony DeCurtis, James Henke, Holly George-Warren, 1992 A completely revised edition of the bestselling guide to popular recordings featuring 2 500 entries and more than 12 500 album reviews The definitive guide for the 90s

The New Rolling Stone Record Guide Dave Marsh, John Swenson, 1983 This guide lists about 12 000 rock albums released through mid 1982 [Rocks Off](#) Bill Janovitz, 2013-07-23 Reveals the forces at work behind the band s music by deconstructing their most representative tunes from their fifty years of record making Dust jacket flap *The Rolling Stone Album Guide* Anthony DeCurtis, James Henke, Holly George-Warren, 1992 **All Music Guide** Vladimir Bogdanov, Chris Woodstra, Stephen Thomas Erlewine, 2001-11 Arranged in sixteen musical categories provides entries for twenty thousand releases from four thousand artists and includes a history of each musical genre **The 100 Greatest Bands of All Time** David V. Moskowitz, 2015-11-10 This one of a kind reference investigates the music and the musicians that set the popular trends of the last half century in America Many rock fans have at one time or another ranked their favorite artists in order of talent charisma and musical influence on the world as they see it In this same spirit author and music historian David V Moskowitz expands on the concept of top ten lists to provide a lineup of the best 100 musical groups from the past 60 years Since the chosen bands are based on the author s personal taste this two volume set provokes discussion of which performers are included and why offering insights into the surprising influences behind them From the Everly Brothers to the Ramones to Public Enemy the work covers a wide variety of styles and genres clearly illustrating the connections between them Entries focus on the group s history touring membership major releases selected discography bibliography and influence Contributions from leading scholars in popular music shed light on derivative artists and underscore the overall impact of the performers on the music industry **Encyclopedia of Great Popular Song Recordings** Steve Sullivan, 2013-10-04 From John Philip Sousa to Green Day from Scott Joplin to Kanye West from Stephen Foster to Coldplay The Encyclopedia of Great Popular Song Recordings Volumes 1 and 2 covers the vast scope of its subject with virtually unprecedented breadth and depth Approximately 1 000 key song recordings from 1889 to the present are explored in full unveiling the stories behind the songs the recordings the performers and the songwriters Beginning the journey in the era of Victorian parlor balladry brass bands and ragtime with the advent of the record industry readers witness the birth of the blues and the dawn of jazz in the 1910s and the emergence of country music on record and the shift from acoustic to electrical recording in the 1920s The odyssey continues through the Swing Era of the 1930s rhythm the rock modern soul the British invasion and the folk rock movement of the 1960s and finally into the modern era through the musical streams of disco punk grunge hip hop and contemporary dance pop Sullivan however also takes critical detours by extending the coverage to genres neglected in pop music histories from ethnic and world music the gospel recording of both black and white artists and lesser known traditional

folk tunes that reach back hundreds of years This book is ideal for anyone who truly loves popular music in all of its glorious variety and anyone wishing to learn more about the roots of virtually all the music we hear today Popular music fans as well as scholars of recording history and technology and students of the intersections between music and cultural history will all find this book to be informative and interesting *The Rolling Stones* John Robinson (Journalist), 2021 **Yoko** David Sheff, 2025-03-25 Illuminating and affectionate an intimate and perceptive portrait Publishers Weekly An intimate and revelatory biography of Yoko Ono from bestselling author of Beautiful Boy John Lennon once described Yoko Ono as the world's most famous unknown artist Everybody knows her name but no one knows what she does She has only been important to history insofar as she impacted Lennon Throughout her life Yoko has been a caricature curiosity and often a villain an inscrutable seductress manipulating con artist and caterwauling fraud The Lennon Beatles saga is one of the greatest stories ever told but Yoko's part has been missing hidden in the Beatles formidable shadow further obscured by flagrant misogyny and racism This definitive biography of Yoko Ono's life will change that In this book Yoko Ono takes centre stage Yoko's life independent of Lennon was an amazing journey Yoko spans from her birth to wealthy parents in pre war Tokyo her harrowing experience as a child during the war her arrival in avant garde art scene in London Tokyo and New York City It delves into her groundbreaking art music feminism and activism We see how she coped under the most intense relentless and cynical microscope as she was falsely vilified for the most heinous cultural crime imaginable breaking up the greatest rock and roll band in history This book was nearly a half century in the making In 1980 David Sheff met Yoko and John when Sheff conducted an in depth interview with them just months before John's murder In the aftermath of the killing he and Yoko became close as she rebuilt her life survived threats and betrayals and went on to create groundbreaking art and music while campaigning for peace and other causes Drawing from his experiences and interviews with her her family closest friends collaborators and many others Sheff shows us Yoko's nine decades one of the most unlikely and remarkable lives ever lived Yoko is a harrowing moving propulsive and vastly entertaining biography of a woman whose story has never been accurately told The book not only rehabilitates Yoko Ono's reputation but elevates it to iconic status **The Rock Canon** Carys Wyn Jones, 2017-07-05 Canons are central to our understanding of our culture and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon In essence the canon comprises the works and artists that are widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan's Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground's The

Velvet Underground Nico Van Morrison's Astral Weeks Marvin Gaye's What's Going On The Rolling Stones Exile on Main St Patti Smith's Horses The Sex Pistols Never Mind the Bollocks Here's the Sex Pistols and Nirvana's Nevermind Jones concludes that in the reception of rock music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries '*Speak to Me': The Legacy of Pink Floyd's The Dark Side of the Moon* Russell Reising,2017-10-03 The endurance of Pink Floyd's The Dark Side of the Moon on the Billboard Top 100 Chart is legendary and its continuing sales and ongoing radio airplay ensure its inclusion on almost every conceivable list of rock's greatest albums This collection of essays provides indispensable studies of the monumental 1973 album from a variety of musical cultural literary and social perspectives The development and change of the songs is considered closely from the earliest recordings through to the live filmed performance at London's Earls Court in 1994 The band became almost synonymous with audio visual innovations and the performances of the album at live shows were spectacular moments of mass culture although Roger Waters himself spoke out against such mass spectacles The band's stage performances of the album serve to illustrate the multifaceted and complicated relationship between modern culture and technology The album is therefore placed within the context of developments in late 1960s early 1970s popular music with particular focus on the use of a variety of segues between tracks which give the album a multidimensional unity that is lacking in Pink Floyd's later concept albums Beginning with Breathe and culminating in Eclipse a tonal and motivic coherence unifies the structure of this modern song cycle The album is also considered in the light of modern day tribute bands with a discussion of the social groups who have the strongest response to the music being elaborated alongside the status of mediated representations and their relation to the real Pink Floyd **Smash Hits** James E. Perone,2016-10-17 We are what we listen to That's the premise of this study of 100 songs that have shaped and defined the American experience from the Colonial period to the present Well known music author James Perone looks at 100 songs that helped tell America's story He examines why each song became a hit what cultural and social values it embodies what issues it touches upon what audiences it attracted and what made it such a definitive part of American history and popular culture The chart topping singles presented here crossed gender age race and class lines to appeal to the mass American audience The book discusses patriotic songs minstrel music and sacred songs and hymns as well as music in the broad categories of pop rock hip hop jazz country and folk An introduction provides an overview of the history and significant issues raised by the songs as a whole Individual songs are then presented chronologically based on when they were written The revealing commentary for each hit is not only interesting and fun but reveals what it was like to live in the United States at a particular time by unveiling the social economic and political issues as well as the musical tastes that made life what it was **The Rolling Stone Jazz & Blues Album Guide** John Swenson,1999 The most comprehensive guide to jazz and blues recordings in print including

reviews of more than ten thousand albums An essential book for any music fan's library **Text and Drugs and Rock 'n' Roll** Simon Warner, 2013-03-14 Text and Drugs and Rock n Roll explores the interaction between two of the most powerful socio cultural movements in the post war years the literary forces of the Beat Generation and the musical energies of rock and its attendant culture Simon Warner examines the interweaving strands seeded by the poet novelists Jack Kerouac Allen Ginsberg William Burroughs and others in the 1940s and 1950s and cultivated by most of the major rock figures who emerged after 1960 Bob Dylan the Beatles Bowie the Clash and Kurt Cobain to name just a few This fascinating cultural history delves into a wide range of issues Was rock culture the natural heir to the activities of the Beats Were the hippies the Beats of the 1960s What attitude did the Beat writers have towards musical forms and particularly rock music How did literary works shape the consciousness of leading rock music makers and their followers Why did Beat literature retain its cultural potency with later rock musicians who rejected hippie values How did rock musicians use the material of Beat literature in their own work How did Beat figures become embroiled in the process of rock creativity These questions are addressed through a number of approaches the influence of drugs the relevance of politics the effect of religious and spiritual pursuits the rise of the counter culture the issue of sub cultures and their construction and so on The result is a highly readable history of the innumerable links between two of the most revolutionary artistic movements of the last 60 years

Aphex Twin's Selected Ambient Works Volume II Marc Weidenbaum, 2014-02-13 Extravagantly opaque willfully vaporous Aphex Twin's Selected Ambient Works Volume II released by the estimable British label Warp Records in 1994 rejuvenated ambient music for the Internet Age that was just dawning In the United States it was Richard D James's first full length on Sire Records home to Madonna and Depeche Mode under the moniker Aphex Twin Sire helped usher him in as a major force in music electronic or otherwise Faithful to Brian Eno's definition of ambient music Selected Ambient Works Volume II was intentionally functional it furnished chill out rooms the sanctuaries amid intense raves Choreographers and film directors began to employ it to their own ends and in the intervening decades this background music came to the fore adapted by classical composers who reverse engineered its fragile textures for performance on acoustic instruments Simultaneously ambient has moved from esoteric sound art to central tenet of online culture This book contends that despite a reputation for being beatless the album exudes percussive curiosity providing a sonic metaphor for our technologically mediated era of countless synchronized nanosecond metronomes The Ramones Brian J. Bowe, 2018-12-15 The Ramones logo T shirts and Hey Ho Let's go chant are familiar around the world but a lot of people might not know the degree to which the Ramones reshaped pop music Striking photographs fascinating personal facts and an engaging narrative will show readers how the band unleashed punk rock on the world with two minute bursts of energy combining bubblegum pop sensibilities with teenage boredom and pop culture references that created a wall of sound unlike anything audiences had heard before This book reveals how the Ramones helped create a style of music that continues to resonate from sweaty clubs

to baseball stadiums Focus On: 100 Most Popular American Tenors Wikipedia contributors, *Focus On: 100 Most Popular Grammy Lifetime Achievement Award Winners* Wikipedia contributors, *That St. Louis Thing, Vol. 1: An American Story of Roots, Rhythm and Race* Bruce R. Olson, 2016 That St Louis Thing is an American story of music race relations and baseball Here is over 100 years of the city s famed musical development blues jazz and rock placed in the context of its civil rights movement and its political and economic power Here too are the city s people brought alive from its foundation to the racial conflicts in Ferguson in 2014 The panorama of the city presents an often overlooked gem music that goes far beyond famed artists such as Scott Joplin Miles Davis and Tina Turner The city is also the scene of a historic civil rights movement that remained important from its early beginnings into the twenty first century And here too are the sounds of the crack of the bat during a century long love affair with baseball

This is likewise one of the factors by obtaining the soft documents of this **Rolling Stone Music Guide** by online. You might not require more become old to spend to go to the book commencement as without difficulty as search for them. In some cases, you likewise do not discover the publication Rolling Stone Music Guide that you are looking for. It will extremely squander the time.

However below, afterward you visit this web page, it will be thus entirely easy to acquire as without difficulty as download lead Rolling Stone Music Guide
