

# Romeo and Juliet

William Shakespeare

The play was written by William Shakespeare, a British playwright, poet, and writer who operated between 1580s and 1613.

Shakespeare was born into a well-to-do family by his father, John Shakespeare, and his mother, Mary Arden. He was baptized on 26<sup>th</sup> April 1564 in the town of Stratford-upon-Avon in Warwickshire, where he lived, even if his birth was traditionally dated on 23<sup>rd</sup> April.

In November 1582, Shakespeare, at the age of eighteen, married Anne Hathaway and together they had a daughter, Susanna, and twins, Hamnet and Judith.

In 1592, he moved to London where he started to work as an actor, according to the historical record, and as an “upstart crow”. The dramatist Robert Greene criticized Shakespeare for his writing which, according to him, didn’t meet the standards of literary scholars from Oxford and Cambridge. However, Shakespeare wrote almost forty plays and contributed to some by other dramatists.

His plays found a great popularity, and he became a shareholder in his theatre company. He died in his own house on 23<sup>rd</sup> April 1616.

Shakespeare’s dramatic career started in the late 1580s and early 1590s when he rewrote earlier plays and worked with plotlines inspired by the Classics. He started with comedies such as *The Comedy of Errors* but when he developed his skills, he wrote such comic masterpieces, such as *A Midsummer Night’s Dream* and *As You Like It* and history plays such as *Henry IV* and *Henry V*. However, the most famous of Shakespeare’s plays is *Romeo and Juliet*: since its first performance at the end of the sixteenth century it has been represented countless times and it is an important landmark in our culture. This play is set in the fourteenth century in Italy, in Verona and Mantua and is distinguished from the other plays as a tragedy of young love.

The story starts with the chorus that introduces to the audience the matter of the play: how the tragic love affair between two young people finally mends the feud of two Veronese families.

On a Sunday morning, in the Italian city of Verona, a quarrel starts between the servants of the Capulet and Montague, two noble Veronese families which were enemies for a long time. Escalus, the Prince of Verona wants to avoid any further fighting and declares that there will be a punishment for any other struggle.

In act I, scene I, Romeo, the main character, is also introduced: he is very depressed because he fell in love with a lady who does not return his affection.

In that same afternoon, Count Paris asks Lord Capulet to marry Juliet, his daughter. Lord Capulet invites him to the feast that is to be held that night, thus Paris could meet Juliet. Romeo and his cousin Benvolio, although they were not invited, will sneak in the same feast, as well.

In the Capulet’s house the feast starts. Romeo enters in the hall with Benvolio and Mercutio, his friend. When the dance starts, Romeo notices among the maskers the beauty of Juliet and approaches her, they fall in love and kiss. Only later they discover that they are members of enemy families. After Capulet’s party Romeo climbs the wall of Juliet’s house to see her at her balcony where Juliet, not knowing Romeo is below, confesses that she loves him even though he is a Montague. They speak all night long, and she agrees to secretly marry him.

An hour after the secret marriage, Mercutio and Benvolio are walking in Verona’s streets when suddenly they meet Tybalt, Juliet’s cousin, who is looking for Romeo. Tybalt is angry with Romeo because he participated at the feast without an invitation. So, he turns to him and insults him, however Romeo refuses to fight. Mercutio, instead, draws his sword on Tybalt and dies during the fighting. Romeo, to avenge his friend’s death, fights, kills Tybalt, and for this reason is exiled from Verona.
