The House That Madigan Built Ray Long,2022-03-03 Michael Madigan rose from the Chicago machine to hold unprecedented power as Speaker of the Illinois House of Representatives In his thirty six years wielding the gavel Madigan outlasted governors passed or blocked legislation at will and outmaneuvered virtually every attempt to limit his reach Veteran reporter Ray Long draws on four decades of observing state government to provide the definitive political analysis of Michael Madigan Secretive intimidating shrewd power hungry Madigan mesmerized his admirers and often left his opponents too beaten down to oppose him Long vividly recreates the battles that defined the Madigan era from stunning James Thompson with a lightning strike tax increase to pressing for a pension overhaul that ultimately failed in the courts to steering the House toward the Rod Blagojevich impeachment Long also shines a light on the machinery that kept the Speaker in power Head of a patronage army Madigan ruthlessly used his influence and fundraising prowess to reward loyalists and aid his daughter's electoral fortunes At the same time he reshaped bills to guarantee he and his Democratic troops shared in the partisan spoils of his legislative victories Yet Madigan's position as the state's seemingly invulnerable power broker could not survive scandals among his close associates and the widespread belief that his time as Speaker had finally reached its end Unsparing and authoritative *The House That Madigan Built* is the page turning account of one the most powerful politicians in Illinois history *When the Dogs Bark "Treed"* Elliott S. Barker, The culmination of a lifetime of hound dogging and hunting of the big cats in an action packed year of adventure on the famous Vermejo Park Ranch in northern New Mexico The pages of *When the Dogs Bark Treed* vividly reflect the author's love for wildlife and for wild places It is a portrayal of a conservationist and administrator of wildlife resources who came up the hard way It incidentally presents a vast store of information about game and predators and their environment which the author has gleaned from long years of firsthand contacts Only the pioneer who helped blaze the dangerous difficult trails of exploration and conquest could fully appreciate the part played by horses and dogs in his adventures Elliott Barker appreciated his dogs and horses and gives them a full share of credit for his success in following and destroying the larger predaceous animals One has only to follow the story as it swiftly unfolds to appreciate the fact that the author is a product of the saddle and of the mountains and forests of his beloved Sunshine State No other was better qualified to pen the pages of this book rich in romance and factual
