This isn't entirely true. And post lockdown we need speedy fixes more than ever to get our students of English back on track. This book will show you how set texts can be reduced in a way that makes them richer. It will reveal how seemingly obscure literary theory can help learners of all abilities achieve rapidly. And it will help us prepare and revise for dreaded unseen texts using the precious days we have with students in the most efficient way. Emma Stott uses her experience as a teacher of early entry students and as a Research Lead to gather eight strategies that enable students to be better readers and critics of literature in general, not just of the same outwardly threadbare set texts. *Speedy Reading* promises to make you excited about those worn texts, the pleasures of unseen reading and even about the challenges to come.

Shakespeare and the Mediterranean 1: Romeo and Juliet Silvia Bigliuzzi, Emanuel Stelzer, 2022-08-26 The Mediterranean of Shakespeare's dramas is a vast geopolitical space. Historically it spans from the Trojan war to Greek mythology and the ancient Roman empire; geographically from Venice and Sicily to Cyprus and Turkey, from Greece to Egypt, the Middle East and North Africa. But it is also the Mediterranean of Renaissance Italian cities, and *Romeo and Juliet* is a beautiful example of how exotic frontiers for an English gaze may be replaced by closer yet different cultural Mediterranean frames. The volume offers studies on the circulation of the story of *Romeo and Juliet* and its ancient archetypes in early modern Europe from Greece to Italy, France and Spain, as well as on contemporary receptions and performances of Shakespeare's play in Sicily, the Balkans, Israel and Jordan.
