**Sony Alpha DSLR A100: A Better Manual** Ken Milburn, 2007-05-04 This unique manual is better than the manual that comes with your camera in several important ways It's organized according to efficient workflow so you can get the most out of your Sony A100 quickly and with the least amount of bother You can find what you're looking for interactively by using the interactive Table of Contents choosing one of the questions in the Quick Answers section or by following any of the convenient links we've placed throughout the document It's not a book unless you want it to be It's a PDF that you can read on your computer or on a PDA that fits into your camera bag It is laid out on an 8.5 x 11 inch page so if you want to print you won't have to waste paper or spend time configuring your printer Because it's a PDF you can find subjects you're looking for by searching electronically Typing Cmd Ctrl F brings up the familiar search dialog So all you have to do to jump straight to all the references to a particular part or feature is to enter its name No reliance on a

mindreading indexer The PDF is photographically illustrated so you can see exactly which combination of buttons knobs wheels and menu choices will help you make the magic you are hoping for In addition to teaching technically correct procedures this document offers valuable hints for taking photographs in some of the toughest situations
