

The Personal Statement

In reading your application, we want to get to know you as well as we can. There's a limit to what grades and test scores can tell us so we ask you to write a personal statement.

Your personal statement is your chance to tell us who you are and what's important to you. Think of it as your opportunity to introduce yourself to the admissions and scholarship officers reading your application. Be open, be honest, be real. What you tell us in your personal statement gives readers the context to better understand the rest of the information you've provided in your application.

A couple of tips: Read each prompt carefully and be sure to respond to all parts. Use specific, concrete examples to support the points you want to make. Finally, relax. This is one of many pieces of information we consider in reviewing your application; an admission decision will not be based on your personal statement alone.

Instructions and Prompts

- Respond to both prompts, using a maximum of 1,000 words total.
- You may allocate the word count as you wish. If you choose to respond to one prompt at greater length, we suggest your shorter answer be no less than 250 words.
- Stay within the word limit as closely as you can. A little over — 1,012 words, for example — is fine.

Prompt #1 (freshman applicants)

Describe the world you come from — for example, your family, community or school — and tell us how your world has shaped your dreams and aspirations.

Prompt #1 (transfer applicants)

What is your intended major? Discuss how your interest in the subject developed and describe any experience you have had in the field — such as volunteer work, internships and employment, participation in student organizations and activities — and what you have gained from your involvement.

Prompt #2 (all applicants)

Tell us about a personal quality, talent, accomplishment, contribution or experience that is important to you. What about this quality or accomplishment makes you proud and how does it relate to the person you are?
