Meet CJ, the Guide Dog Puppy Mary Erath, 1999 A guide dog in training tells the story of her first year **Whiplash!** James Percelay, Jeremy Deutchman, 2000 It used to be that when someone spilled hot coffee on their lap they called themselves clumsy Nowadays they call a lawyer America's win the legal lottery mentality is humorously presented in Whiplash a compendium of the most outrageous real life lawsuits ever concocted by greedy legal minds Whiplash is guilty of humor targeting a court system out of control Guided by legal sleazeball Tony Buttafony Esq chapter one Lawsuits Made Easy hilariously demonstrates the finer points of spilling hot coffee on your lap and other techniques for cashing in in court The book also boasts the funniest legal jokes most outrageous lawyer license plates a legalese dictionary and of course a caseload of comical lawsuits You'll be the judge as you read true cases like the couple who sued after getting hit by a train while having sex on a subway track or the man who sued a stripper after getting hit in the head by her breasts and the criminal who sued his warden for a bad haircut Whiplash is fairly divided into twelve chapters that include ludicrous lawsuits about sex medicine advertising sports and celebrities A great gift for law students and for the rest of us who have been waiting for a book that targets people we love to hate lawyers **Raise and Train Your Puppy Like the Experts** Southeastern Guide Dogs, Inc. Art alphabets and words recognitions 12 colorful paintings introduces details for accelerated learning The design requires minimal coaching from an adult *A Guide to Guide Dog Schools* Ed Eames,1994 Fewer than 1 5% of the blind and visually impaired use guide dogs as their basic means of mobility One reason for this low percentage is the lack of information about these canine assistants The authors goal is to fill this information gap Introd As the authors originally envisioned this guide it would be a resource for blind people considering partnership with guide dogs They did not anticipate the interest shown by orientation and mobility instructors rehabilitation counselors disabled student officers librarians and teachers of the blind and visually impaired They hope the present edition will find an equally diversified readership To provide greater coverage they are including the Canadian training programs in this edition Pref First-String Future Kat Corbett,2000-10-18 Tori Baylor is a dancer and an animal lover Or is she an animal lover and a dancer On the first day of school she discovers that her class will dissect a frog this year and she gathers her courage to tell the forbidding Mrs Stengle she doesn t want to take part The new science teacher s rudeness comes as a shock and Tori wishes she had a close friend to laugh it off with Dance classes six days a week however leave little time for friends Tori wonders if she should forget her dream of a ballet career and plan to work with animals instead Her mother s arthritis is worsening and Tori feels guilty seeing her limp off to work to pay for her lessons She d love to be an animal rights activist if she could be brave enough But not to dance how could I bear it she asks herself Her mother who once hoped to become a dancer has always told Tori and her sister Be sure to have a second string to your bow meaning a second career choice I do have two strings Tori thinks dance and animals But which should be my first string future *Intelligent Disobedience* Ira Chaleff,2015-07-07 When It s Smart to Say No Nearly every week we read about a tragedy or scandal that could have been prevented if individuals had said no to ill advised or illegitimate orders In this timely book Ira Chaleff explores when and how to disobey inappropriate orders reduce unacceptable risk and find better ways to achieve legitimate goals The inspiration for the book and its title comes from the concept of intelligent disobedience used in guide dog training Guide dogs must recognize and resist a command that would put their human and themselves at risk and identify safer options for achieving the goal This is precisely what Chaleff helps humans do Using both deeply disturbing and uplifting examples as well as critical but largely forgotten research he shows how to create a culture where rather than just following orders people hold themselves accountable to do the right thing always *Creative SEL* Michele Haiken,Mark Gura,2023-03-01 This collection of creative lessons offers ideas for integrating design thinking literacy and STEAM to drive SEL skills including self awareness self management mindfulness responsible decision making and social awareness Research shows that creativity can be beneficial for mental health and can help build critical skills such as empathy and introspection while social emotional learning SEL is an integral part of education and human development This book bridges these two ideas with a series of creative projects that foster SEL learning by promoting growth mindset supporting mindfulness offering ways to cope with anxiety and stress and encouraging and

guiding positive social activism Opening with an overview of research behind the integration of SEL and creativity the book then features a variety of lessons based on the above themes illustrating how to deepen SEL by integrating the arts and STEAM learning in creative and authentic ways The activities are drawn from the work of the authors and a diverse group of educator contributors to provide engaging insightful and culturally responsive learning opportunities appropriate for traditional or online blended learning environments The book Highlights a diverse array of educators innovators and design thinkers who share their insights on SEL STEAM and creativity Offers an accessible and fun approach to teaching SEL which is critical to education and human development Guides teachers in implementing the following ISTE Standards for Students Creative Communicator Innovative Designer and Knowledge Constructor This book invites teachers to consider a variety of formats print and digital audio video games and more and shows how helping students become creators and design thinkers can foster SEL Audience K 12 educators
